Preface vii

Acknowledgments ix

Introduction 1

1 *Formerly glamorous* 5

Designing economic programs and a streetscape to help revive old Route 66 in Albuquerque, New Mexico.

2 *Hudson River artist* 13

Preserving the viewshed from an artist's Hudson River Valley front porch.

3 *On the edge* 17

Managing growth in a Rocky Mountain boomtown.

- 4** *Celebrate the season* 25
Developing a year-round mountain resort in South Korea.
- 5** *Subtle beauty* 29
Limiting a landfill's visibility in San Diego County's back country.
- 6** *A monument to the American West* 37
Balancing preservation and recreation in the pristine Pikes Peak, Colorado, watershed.
- 7** *Classic Americana* 47
Creating a digitized comprehensive plan to preserve the small-town charms of Athens-Clarke County, Georgia.
- 8** *Save our river* 55
Preparing a recreation plan for the channelized Kissimmee River in central Florida.
- 9** *Gold in the water* 67
Updating a water management plan for San Francisco.
- 10** *Little League on the Tennessee River* 77
Revising the recreation master plan of Chattanooga, Tennessee.

11 *Who needs another method?* 85

Making GIS more comfortable for reluctant landscape architects.

12 *Saving the Salton Sea: A case study in GIS modeling* 99

Using spatial modeling to explore strategies to aid a declining ecosystem in southern California.
