Abstract	8
Resumen	9
Introduction / Introducción	11
Material and Methods	16
A brief history of the taxonomy and nomenclature	18
Remarks on phylogeny	19
Developmental stages	22
Distribution and biology	22
Morphology of adults	24
Systematic review	38
Subtribe <i>Odontocheilina</i> W. Horn, 1899 (<i>sensu</i> Moravec 2012a)	38
Keys to genera of subtribe <i>Odontocheilina</i>	38
I. Genera of <i>Odontocheila</i> and <i>Pentacomia</i> external appearance	39
II. External appearance markedly differing from <i>Odontocheila</i> and <i>Pentacomia</i>	41
Genus <i>Odontocheila</i> Laporte de Castelnau, 1834	42
Remarks to the subsequent type species designation for <i>Odontocheila</i>	42
A synopsis of the genus <i>Odontocheila</i> with species-groups	46
Key to species-groups	48
<i>Odontocheila cajennensis</i> species-group	49
Key to species	50
<i>Odontocheila cajennensis</i> species-complex	53
Other species of <i>Odontocheila cajennensis</i> species-group	103
<i>Odontocheila mexicana</i> species-group	140
Key to species	140
<i>Odontocheila margineguttata</i> species group	238
Key to species	238
<i>Odontocheila cylindrica</i> species-group	278
Key to species	278
<i>Odontocheila rutilans</i> species-group	293
Key to species	294
<i>Odontocheila castelnai</i> species-group	365
Key to species	366
<i>Odontocheila hamulipenis</i> species-group	395
Key to species	396
<i>Odontocheila confusa</i> species-group	419
Key to species	419
<i>Odontocheila trilbyana</i> species-group	464
Key to species	465

A brief history of the taxonomy and nomenclature of the genus <i>Cenothyla</i> Rivalier	536
Genus <i>Cenothyla</i> Rivalier, 1969	537
Key to species	537
Genus <i>Phyllodroma</i> Lacordaire, 1842	577
Acknowledgements	597
References	599
Maps and images of biotopes (Pls 284–298)	608
Index	622
