11 **Foreword**
Navigating the arts through the winds of change
Odile Chenal and Philipp Dietachmair, European Cultural Foundation

15 Introduction
Responses to crisis
15 **Arts management as a panacea**
16 **Developing a methodological framework**
17 **A compromise of objectives**

Part 1:

20 **The global socio-cultural context**

21 **A need for cultural intelligence**
22 **'Cultural gaps'**
22 **Survival in a global cultural market**
23 **Key models of cultural policy**
25 **Democratisation of culture vs cultural democracy**
25 **Cultural context in regions of unrest**
28 **Reasons for crisis in the cultural system**
30 **South East Europe as a turbulent region: what is the rationale of Europe's intervention in regional cultural situations weighed down by wars and crises?**
30 Variety of forms of disintegration in the cultural system
31 **Frameworks for future cooperation**
32 **Towards a procedural and methodological framework**

Part 2:

34 **Defining the programmes of organisational development in turbulent circumstances**

35 **Objectives and priorities**
37 **Stages in the defining and implementation of programmes**
37 First stage: initial idea and programme design
40 Second stage: practical realisation of the programme: self-evaluation and organisational diagnosis
40 Third stage: preparation of the strategic plan as the key element of organisational development (project learning)
41 Fourth stage: implementation of strategic plans
41 Fifth stage: mid-project evaluation and further development of the educational components of the programme
42 Sixth stage: development through education (implementing additional activities)
43 Seventh stage: critical analysis of the implementation of the strategic plan and of the achieved level of organisational excellence
43 Eighth stage: public presentation
44 Ninth stage: programme completion and final evaluation
45 **Methods of design and implementation of programme instruments**
47 **Programme development as navigation**

Part 3:

48 **Organisational development**

49 **Organisational development as a process**
50 **Capacity building: definition of the concept and scope of action**
50 **The public vs the non-profit sector**
51 **Models of institutional behaviour**
54 **Capacity building in transitional countries**
57 **The process of capacity building**
57 **Self-evaluation and organisational diagnosis of institutions and organisations**
58 Individual and team self-analysis: definition of the 'formula' of managerial abilities
59 Case study 01: Formula of managerial abilities
60 The genealogical diagnosis of the organisation: identification of the present stage of the organisation's life cycle: drawing chronological maps
60 Case study 02: Chronological maps
62 The analysis of the organisational structure and channels of communication: organisation chart
62 Case study 03: The analysis of the organisational structure
64 Analysing the decision-making process and delegation of responsibility
65 Case study 04: The matrix of the decision-making process
67 Analysis of information channels: information flow chart
68 Case study 05: Diagram of information channels
71 **Functional strategic analysis (FSA)**
72 Strategic analysis: SWOT
72 Internal analysis (SW analysis)
73 External analysis: strategic analysis of the environment (OT analysis)
74 Case study 06: An analytical SWOT table
76 The mapping and positioning method: art field map and map of institutional positioning
77 Case study 07: Art field map (socio-cultural cycle)
78 Case study 08: Map of institutional positioning in relevant geographical area
81 **Capacity building as a process of stabilisation**

Part 4:

82 **Strategic planning: a step into the future**

84 **The value of strategic planning in turbulent environments**
85 **Conditions for preparing a strategic plan**
86 **Predicting future scenarios for the relevant environments (region/state/city…)**
86 Questions to be answered by future scenarios
87 By way of an example: four scenarios for the SEE region
89 **Choosing a strategy**
90 Programming and organisational competitive strategies

92 Quality achievement strategies
93 Strategies of linkage
95 Strategies to engage the public
96 Strategies to secure sustainability
98 'Sunsetting': the exit strategy
98 Other classifications of strategies
99 The importance of cross-linking strategies
100 Preparing the strategic plan: the descriptive section and strategic tables
101 Descriptive section
101 Development scenarios: vision, mission and goals
103 Case study 09: Defining possible development scenarios
104 Relationship between programme and organisation
106 Aspects of strategic plans: strategic tables 1-8
106 Selection of appropriate strategies
106 The elaboration of the strategy through programmes (an example of partnership)
108 Human resource development plan and the education policy of the organisation
109 *Parameters for preparing a human resource plan*
109 *Preparing a plan of educational development*
112 *Volunteers and friends of the institution*
113 Material resource planning: information, space, technical facilities, finances
114 *The need for databases and a website*
114 *Fundraising and lobbying*
117 *Collections as a strategic resource*
118 Development of public relations and the organisation's identity
119 *Organisational culture*
120 *Public relations and target groups*
122 Marketing concept and strategy
126 The budget plan
127 Strategic evaluation of the programme
131 Evaluation of the achieved level of organisational development
136 *Control and monitoring*
137 Combined presentation: strategic tables 9-11
138 Operation plan (multi-year)
140 Time-cost table (year-by-year breakdown)
142 Summary of the strategic plan
143 The benefits of strategic planning in brief

Part 5:

146 Developmental philosophies of art organisations

148 The organisation that generates and discovers things: a laboratory
149 The activist organisation: a meeting ground of ideas
149 The learning organisation: a learning ground
151 The organisation that creates knowledge: a research ground

152 Entrepreneurial organisation: a workshop
153 The trend-setting organisation: a studio of new trends, a novelty seed bed
154 The earning organisation: a stock exchange of marketing ideas
157 The need for complementary philosophies of development

Part 6:

158 The AQM approach: Adaptable Quality Management in turbulent circumstances

159 Characteristics of Adaptable Quality Management (AQM)
160 Cyclical methods of development
160 Systematising good organisational practices
161 Strategic plan monitoring: the means and procedures for finding new systematic solutions
161 Defining the radiant focus of creativity: asymmetrical and flexible organisational structure
162 Non-autocratic leadership: transfer of elements of managerial functions to collaborators
163 Flexibility in management: preventing staff 'burnout'
163 Long-term parameters and adaptable criteria and indicators of development
163 Defining the parameters of excellence
164 Judging aesthetic excellence
166 The organisation's contribution to stimulating creativity
167 'Cultural quality' and programme relevance
169 An innovative approach to programmes and methods of their realisation (new formats of activities)
170 Success in knowledge transfer
172 Degree of self-sustainability
173 Attitude towards current cultural policy
174 Advocacy of cultural pluralism
176 Achieved level of accessibility and participation
177 Effectiveness outside the focal point of activity (effects of decentralisation)
179 Macro-regional and international cooperation
181 Towards a centre of excellence
183 Conclusion

Artistic contributions

184 Who profits from art, and who makes an honest gain from it
by Raša Todosijević

194 Variable Risk Landscape
by Dalibor Martinis

197 Bibliography

201 Acknowledgements

205 Note on the authors
