Contents

1 Introduction to Information Technology and Management 2

- Major Themes of the Book 3
 - Organizational Responsiveness and Information Technology* 8
 - Competitive Strategy and Information Technology* 9
 - International Issues and Information Technology* 16
 - Ethical Issues and Information Technology* 16
- Managing Today's Organizations 18
- Structure of the Book 21
- Case Analysis 26
- CONNECTIVE CASE: Frito-Lay Crunches Rivals 28
- CASE ASSIGNMENT: General Electric Motors 30

MODULE I Managerial Challenges 31

2 Organizational Responsiveness 32

- Introduction to Organizational Responsiveness 33
- A Framework to Achieve Organizational Responsiveness 35
- The Elements of Organizational Responsiveness 42
 - Inputs* 42
 - Outputs* 44
 - Transformation Process* 45
 - Decision Making* 48
 - Information System* 49
- The Dynamics of Organizational Responsiveness 49
- CONNECTIVE CASE: Creative Aerospace, Inc. 61
- CASE ASSIGNMENT: The Norris Company (A): Keeping Up with the Competition 64

3 Decision Making within Organizations 66

- Introduction to Decision Making 67
- What Do Managers Do? 67
- Decision Making in Management 70
 - The Realities of Decision Making* 71
 - Alternative Views of Management* 72
 - The Limitations of Rationality* 74
- Group Decision Making 80
- Models of Organizational Decision Making 84
- Structure of an Organization 87
- The Role of Information Technology 94
- CONNECTIVE CASE: Frugal Shopping for ABB 97
- CASE ASSIGNMENT: The Norris Company (B): Decisions, Decisions 100

4 Organizational Communication 104

- Introduction 105
- Organizational Communication 107
- Distortion in Organizational Communication 112
- Strategies to Reduce Distortion 122
- General Recommendations 125
 - Organizational Structure* 127
 - Management: Climate, Incentives, and Staffing* 127
 - Information Technology* 127
- CONNECTIVE CASE: Wisconsin Department of Health and Social Services 134
- CASE ASSIGNMENT: The Norris Company (C): Sherry's Day at the Office 137
- Module I Case** 139
 - Dakin Farm (A): Mail Order Processing 139

MODULE II Information Systems Development 145

5 Information Systems Concepts 146

- Introduction 147
- Organizational Responsiveness and I/T Architecture 148
- Three Overall Considerations to Design an Information System 149
- Types of Information Systems 158
- Components of an Information System 168
 - Purpose* 169
 - People* 170
 - Procedures* 170
 - Data and Information* 170
 - Information Technology* 172
- CONNECTIVE CASE: Oakland Housing Authority 174
- CASE ASSIGNMENT: The Norris Company (D): One More Decision 177

6 Information Technology 180

- Introduction 181
- Hardware 182
 - Hardware Horror Stories* 201
 - Hardware Tips* 201
- Software 201
 - Software Horror Stories* 202
 - Software Tips* 204
- Networks and Telecommunications 205
 - Network Horror Stories* 208
 - Network Tips* 212
- The Convergence of Technologies 212
- CONNECTIVE CASE: Intranet Solution for Geffen Records 216
- CASE ASSIGNMENT: Videoconferencing: The Convergence of Hardware, Software, and Telecommunications 218

7 Information Systems Development 222

- Introduction 223
- Choosing an Application Development Strategy 228
- Project Management 232
- The Systems Development Process 234
 - The Approach* 238
 - Define Goals and Objectives* 238
 - Define Requirements* 240
 - Generate and Evaluate Alternatives* 241

- Make versus Buy Decisions* 245
- Design the Chosen Alternative* 247
- Implement and Maintain* 247
- Evaluation of Impact* 249

- CONNECTIVE CASE: Intelligent Electronics 251
- CASE ASSIGNMENT: Great Sports! 253

Module II Case 256

- Dakin Farm (B): Sam's Expectation's 256

MODULE III Applications and Management of I/S 261

8 Business Process Management 262

- Introduction to Business
 - Process Management 263
- Organizational Goals and Business Processes 265
- Reengineering and Continuous Improvement 267
- Examples of Reengineering 269
- Principles of Total Quality Management 270
- Examples of Total Quality Management and Continuous Improvement 274
- Integrated Process Management 275
 - Customer Satisfaction Management Information System* 276
 - Benchmark Assessment Management Information System* 283
 - Performance Assessment Management Information System* 284
- The Role of I/T 285
- Process Management and Information Systems Development 287
- CONNECTIVE CASE: The Limited Curtails Fraud 289
- CASE ASSIGNMENT: Lehigh Valley Hospital Gets a New Backbone 291

9 Personal and Workgroup Productivity 292

- Introduction 293
- Productivity of Individuals and Workgroups 293
 - Measuring Productivity* 296
- Productivity and I/T in Generic Managerial Tasks 298
 - Information Acquisition and Processing* 300
 - Analysis and Control* 302

<i>Forecasting and Simulation</i>	304
<i>Document Management</i>	304
<i>Presentations</i>	308
<i>Intra- and Intergroup Communication</i>	309
<i>Managing Personal and Group Schedules</i>	310
<i>Creativity and Idea Generation</i>	311
<i>Project Management</i>	313
Negative Impacts of I/T on Productivity	315
CONNECTIVE CASE: Another Day . . .	321
CASE ASSIGNMENT: Pollution Solutions (A): Too Much to Do . . .	323
10 Competitive Uses of Information Technology	326
Introduction	327
Understanding Competition and Strategy	327
Increasing the Effectiveness of Decision Making	334
<i>Automating Decisions</i>	334
<i>Supporting Complex Decisions</i>	335
<i>Augmenting Knowledge</i>	336
<i>Centralization of Data, Decentralization of Decision Making</i>	337
Improving Organizational Communication	337
Improving Operations	340
Improving Supplier Relations and Customer Satisfaction	342
Improving Environmental Scanning	343
Cautions on the Competitive Use of I/T	343
CONNECTIVE CASE: Demco Uses I/T to Help Customers	349
CASE ASSIGNMENT: Pollution Solutions (B): One Person's Waste. . .	350
11 Information Resource Management	354
Introduction to Information Resource Management	355
Doomsday Device: The Case of the Hopper Specialty Company	355
Information Systems as a Corporate Resource	358
Data and Knowledge as Corporate Resources	359
Information Systems Planning	361
Organization of Information Systems Activities	363
Managing Information Systems Risk	368
Strategies for Minimizing Risk	371
<i>Positioning the I/T Organization</i>	372
<i>Effective Project Management</i>	372
<i>Managing Emerging Technologies</i>	372
<i>Backup and Recovery Plans</i>	375
<i>Establish and Enforce Written Policies on Ethics and the Use of I/T</i>	379
<i>An Overall Management Methodology</i>	382
CONNECTIVE CASE: Pollution Solutions (C): When It Rains. . .	384
CASE ASSIGNMENT: Disaster Recovery at Vermont Mutual	386
Module III Case	389
Dakin Farm (C): Keep Looking Forward	389
MODULE IV Information Technology and Society	395
12 Networks and Electronic Commerce	396
Electronic Commerce	397
Network Service Providers	398
The Internet	400
<i>Introduction to the Net</i>	400
<i>World Wide Web and Web Browsers</i>	403
<i>Commercial Opportunities</i>	406
<i>Open Market, Inc.</i>	408
Internet Issues	412
Historical and Practical View of the Internet	416
Closing Comments on the Net	420
CONNECTIVE CASE: Students Off-Campus Rentals	422
CASE ASSIGNMENT: Banking on the Net	424
13 Information Technology and Society	426
Introduction	427
Ecology	427
Governance	431
International Relations and Political Power	435
Population Movement	437
Health and Medicine	438
Learning and Education	440
Employment and Entrepreneurship	443
Leisure, Entertainment, and the Arts	446
CONNECTIVE CASE: Internet Racial Hatred Case Investigated	449

CASE ASSIGNMENT 1: The Parable of the Pizza Parlor 451

CASE ASSIGNMENT 2: China Attempts to Build Cyber-Barriers 452

Module IV Case 455

The French Videotex System: Minitel 455

Glossary 467

APPENDIX A Data Management 479

APPENDIX B Systems Development Tools and Techniques 493
