Contents	3
1 About the Author	4
2 Preface	5
3 Stochastic wireless channel parameters	6
3.1 System functions	6
3.2 Correlation functions	6
3.3 Marginalized correlation functions	8
3.4 Condensed parameters	8
4 Physical layer algorithms	10
4.1 Two-dimensional spreading and channel estimation	10
4.2 Generalized spatial modulation	18
4.3 Synchronization	19
5 Radio frequency hardware imperfections and mitigation	22
5.1 IQ mismatch measurements	22
5.2 Capacity analysis	22
6 Conclusions	24
Bibliography	25
Abstrakt	30
