5 Climate, Biogeography, and Soils

Factors Affecting Africa's Climate	116
Position, Latitude, and Shape	116
Distance from the Sea and Ocean Currents	117
Altitude	117
Air Masses	117
Temperature and Rainfall Conditions	119
Climatic Types	121
Tropical Climates	121
Desert Climates	126
Mediterranean (West Temperate) Climate	127
Tropical Rain Forest	128
Warm Temperate (Mediterranean) Forest	129
Tropical Woodland	130
Dry or Sudan Savanna	130
Semi-Desert or Sahel	130
Desert	131
Temperate Grassland	131
Mountain Vegetation	131
Oxisols	132
Utisols	132
Alfisols	133
Aridisols	133

Vertisols	133
Other Soils	133
Nature's Opportunities	134
Limited Natural Hazards	134
Abundance of Mineral Wealth	134
Abundant Wildlife Habitat	134
Abundant Sunshine and Long Growing Season	135
Nature's Challenges	135
Unequal Distribution of Natural Resources	135
Climate Change	135
Desertification	139
Summary	143
Postreading Assignments	143

6 Population

146

Distribution by Density	147
Population Density	147
Rural-Urban Distribution	149
Factors Affecting Population Distribution	150
Physical Environmental Factors	150
Human Factors	152
Age and Sex Composition	153
Age	153
Sex	155
Population Pyramids	155
Income, Education Attainment, and Life Expectancy at Birth	155
Population Growth	158
Natural Increase	159
Net Migration	167
Causes of International Migration	172
Population Growth (Natural Increase) and Economic Development	174
Rapid Population Growth and Africa's Economic Development	175
Migration and Development	176
Migration as a Positive Factor in Africa's Development	176
Migration as a Negative Factor to Africa's Development	177
