

Special Issue
Active Learning Experiences in Engineering Education

Guest Editors

Francisco José García-Peñalvo—University of Salamanca, Spain
Hugo Alarcón—Universidad Técnica Federico Santa María, Chile
Angeles Dominguez—Tecnologico de Monterrey, Mexico

Francisco José García-Peñalvo, Hugo Alarcón and Angeles Dominguez	305–309	Guest Editorial
Jingxiao Zhang, Haiyan Xie and Hui Li	310–322	Project Based Learning with Implementation Planning for Student Engagement in BIM Classes
Lisa Bosman, Kelli Chelberg and Nathalie Duval-Couetil	323–332	Using Photovoice to Enhance Mentoring for Underrepresented Pre-Engineering Students
Lars Bækgaard and Christian T. Lystbæk	333–344	Learning to Do Knowledge Work: A Framework for Teaching Research Design in Engineering Education
Bernard G. David and Jill A. Marshall	345–359	Epistemological Tension in Project-Based Learning: Fabricated and Propagated Knowledge Through Practical and Formal Lenses
José Ferrándiz, Fernando Del Ama Gonzalo, Monica Sanchez-Sepulveda and David Fonseca	360–371	Introducing a New ICT Tool in an Active Learning Environment Course: Performance Consequences Depending on the Introduction Design
M. M. Pastor, F. Roure, M. Ferrer, X. Ayneto, M. Casafont, J. M. Pons and J. Bonada	372–384	Learning in Engineering through Design, Construction, Analysis and Experimentation
Carlos Alario-Hoyos, Iria Estévez-Ayres, Carlos Delgado Kloos, Pedro J. Muñoz-Merino, Enrique Llorente-Pérez and Julio Villena-Román	385–396	Redesigning a Freshman Engineering Course to Promote Active Learning by Flipping the Classroom through the Reuse of MOOCs
Ángel Fidalgo-Blanco, María Luisa Sein-Echaluze and Francisco J. García-Peñalvo	397–408	Enhancing the Main Characteristics of Active Methodologies: A Case with Micro Flip Teaching and Teamwork
Juanan Pereira	409–416	Motivating Users to Online Participation. A Practice-Based Comparison Between Moodle Forums and Telegram Groups
Josep Llorca, Ernest Redondo and Michael Vorländer	417–423	Learning Room Acoustics by Design: A Project-Based Experience
Angeles Dominguez, Maria Elena Truyol and Genaro Zavala	424–433	Professional Development Program to Promote Active Learning in an Engineering Classroom
	434	Guide for Authors
