

*Sol y vida* is Elīna Garanča's very own "musical monument to the diversity and beauty of the Southern joy of life", a flamboyantly emotional selection of passionate songs, canzoni and tangos. In her first non-core classical album, the famous mezzo-soprano presents popular Neapolitan songs as well as soulful jewels from the Latin American repertoire ranging from Astor Piazzolla's mesmerizing *Yo soy María* to Violeta Parra's all-time classic *Gracias a la vida*.
