Preface	xi
Why I Wrote This Book	xi
Organization of the Book	xii
Acknowledgements	xiv
Reviewers to Acknowledge	xiv
About the Author	xv
Chapter 1 • The Benefits and Challenges of Longitudinal Qualitative Studies	1
Describing Longitudinal Research	1
Qualitative Basics: A Review	2
Longitudinality: Contribution to Qualitative Methodology	4
The Value of Qualitative Longitudinal Studies	5
Many Studies Resulting From One Data Set	5
The Impact of Change	7
The Challenges of Qualitative Longitudinal Studies	9
Participant Attrition	9
The Issue of Time	11
Chapter Summary	12
Reflection Questions and Application Activities	12
Chapter 2 • Designing Qualitative Longitudinal Studies	13
Design Basics in Qualitative Research	14
Expansion of the Basic Design	14
Research Protocols	15
Theoretical Change Frameworks	17
Literature Review	21
Anticipation of Ethical Issues	22
Chapter Summary	23
Reflection Questions and Application Activities	24

Chapter 3 • Building on Qualitative Research With a Longitudinal Design	25
Historical Studies	26
Trend Studies	27
Ethnography	29
Autoethnography	30
Grounded Theory	30
Case Studies	31
Combined Methodologies and Methods	31
Mixing Qualitative and Quantitative Data	33
Use of Focus Groups	33
Chapter Summary	34
Reflection Questions and Application Activities	35
 Chapter 4 • Perspectives on the Two-Way Research Relationship	 36
Balancing Personal and Professional Relationships With Participants	36
Giving Back to Participants	37
Giving Appropriate Tokens of Appreciation	38
Communicating and Sharing Research Results	38
Allowing Participants to Be Heard	39
Appreciation of Participants' Time	40
Understand the Context and Topic	40
Perceptions of Risks and Benefits to Participants	41
Ethical Considerations and Dilemmas	42
Exiting the Study	43
Chapter Summary	45
Reflection Questions and Application Activities	45
 Chapter 5 • Management of Longitudinal Data Throughout a Study	 46
Keeping Coding Timely and Ongoing	46
Managing Longitudinal Interview Data	48
Labeling Data	49
Effective Organization	49
Manual Coding and Analysis	49
Using a Qualitative Software Tool: Advantages and Limitations	50

A Useful Learning and Teaching Resource	53
Interview on Managing, Coding, and Analyzing Data	54
Chapter Summary	54
Reflection Questions and Application Activities	55
Chapter 6 • Longitudinal Data Analysis	56
Approaches to Data Analysis	56
Theming With a Longitudinal Perspective	57
Questions Framing Change	59
Theoretical Triangulation	61
Multiple Views	61
Multiple Analysts Collaboration	62
Visual Representations	63
Concept Maps	64
Matrices	64
Word Clouds	64
Project Maps	68
Correlations	68
Hierarchy Charts	68
Chapter Summary	71
Reflection Questions and Application Activities	71
Chapter 7 • Preparing a Longitudinal Study for Publication	72
Digging Deeply for Meaning	73
Writing Manuscripts Incorporating Longitudinality	74
Presenting Findings: Describing Change	75
Writing the Report: Finding One's Voice and Audience	76
What We Look For	77
Conveying Change and Longitudinality	78
Trustworthiness of Researcher's Interpretation Over Time	79
Writing the Longitudinal Manuscript	81
A Resource	83
Chapter Summary	83
Reflection Questions and Application Activities	84
Chapter 8 • Conclusion: Legacies, Lessons, and Change	85
Leaving a Legacy	85
Learning From a Diary of Lessons	86
Year 1	86
Year 2	87

Year 3	87
Year 4	87
Year 5	88
Checklist of Lessons	89
Future Possibilities	90
Chapter Summary	90
Reflection Questions and Application Activities	90
 References	 92
Appendix: Picturing Policy Implementation: An Ethnography of a Local Network, A Case Study by Pam Carter	 98
Index	107
