

TECHNOLOGY FOR ENGINEERING & APPLIED SCIENCES

TECHNOLOGY FOR ENGINEERING & APPLIED SCIENCES

gives you the language, information, and skills you need to start your career. This special edition includes additional units covering Mathematics, Biology, Chemistry and Digital Technology.

Learn the English you need to do the job, practise language in real work situations, and learn specialist vocabulary on every page:

- *It's my job* – real people talk about their work in technology
- *Make your point* – key strategies for communicating at university and work
- *Gadget box* – the latest technological innovations
- Facts, figures and quotations all about technology
- Online interactive exercises to revise language from the course:

www.oup.com/elt/oefc

The Teacher's Resource Book provides everything you need to teach English for technology with confidence:

- Teaching notes with background introductions to the unit topics
- Photocopiable class activities and tests for each unit
- An extended Reading and Writing Bank provides extra practice for every unit
