

# CONTENTS

## UNIT 1

Text: Will we run out of energy? .....	8
Pronunciation drills .....	9
Comprehension questions and Discussion topics .....	10
Word study: stress-fixing prefixes .....	10
Grammatical structure study: revision of tenses .....	11
Grammatical exercises .....	12
Technical skills: extracting information .....	14
Free text: Brighter future for nuclear waste? .....	14
Vocabulary .....	16

## UNIT 2

Text: Mathematics for all sciences .....	20
Pronunciation drills .....	21
Comprehension questions and Discussion topics .....	22
Word study: suffixes .....	22
Grammatical structure study: passive voice, plurals .....	22
Grammatical exercises .....	24
Technical skills: paragraph-writing .....	26
Free text: Probability .....	27
Vocabulary .....	28

## UNIT 3

Text: The New Industrial Revolution .....	31
Pronunciation drills: stress groups .....	32
Comprehension questions and Discussion topics .....	32
Word study: suffixes .....	32
Grammatical structure study: sequence of tenses .....	34
Grammatical exercises .....	35
Technical skills: instructions, warnings, prohibitions .....	36
Free text: Robot population explosion .....	38
Vocabulary .....	39

## UNIT 4

Text: Directed research .....	42
Pronunciation drills: sentence stress .....	43
Comprehension questions and Discussion topics .....	43
Word study: compounding .....	44
Grammatical structure study: relative clauses, concord .....	45
Grammatical exercises .....	46
Technical skills: classification, definitions .....	47
Free text: The role of chance in scientific discovery .....	49
Vocabulary .....	50

## UNIT 5

Text: Investigating physics .....	53
Pronunciation drills: sentence stress .....	54
Comprehension questions and Discussion topics .....	55
Word study: compounds .....	55
Grammatical structure study: expressing time relations .....	56
Grammatical exercises .....	56
Technical skills: experiment, report-writing .....	59
Free text: Some problems of modern physics .....	60
Vocabulary .....	62

## UNIT 6

Text: Our Universe - and others .....	66
Pronunciation drills: stressing compounds, double stress .....	67
Comprehension questions and Discussion topics .....	68
Word study: noun modifications and compounds .....	69
Grammatical structure study: expressing conditions and hypothesis, articles .....	70

Grammatical exercises .....	71
Technical skills: formulating hypotheses .....	73
Free text: Quasars - Black Holes - and cosmological theories .....	74
Vocabulary .....	76

## UNIT 7

Text: Growth of cities and town-planning .....	79
Pronunciation drills: sense groups .....	81
Comprehension questions and Discussion topics .....	81
Word study: complex modification of nouns .....	81
Grammatical structure study: expressing concession and admission, possessive case .....	82
Grammatical exercises .....	83
Technical skills: summary-writing, thought-connectors .....	86
Free text: Urbanization and house building .....	87
Vocabulary .....	88

## UNIT 8

Text: Water constructions .....	92
Pronunciation drills: falling intonation .....	93
Comprehension questions and Discussion topics .....	93
Word study: semantic change .....	94
Grammatical structure study: inversion, expressing cause and reason .....	94
Grammatical exercises .....	96
Technical skills: generalization .....	97
Free text: The time bombs in British dams .....	100
Vocabulary .....	100

## UNIT 9

Text: The wonderful world of electronics .....	104
Pronunciation drills: rhythmic units and intonation .....	105
Comprehension questions and Discussion topics .....	105
Word study: conversion of word classes .....	106
Grammatical structure study: expressing purpose, result and consequences ..	107
Grammatical exercises .....	108
Technical skills: description .....	109
Free text: Electronics in industry .....	111
Vocabulary .....	113

## UNIT 10

Text: Television .....	116
Pronunciation drills: intonations in conversation .....	117
Comprehension questions and Discussion topics .....	117
Word study: conversion .....	118
Grammatical structure study: participles as condensers .....	119
Grammatical exercises .....	120
Technical skills: descriptions .....	121
Free text: Radiocommunication .....	123
Vocabulary .....	124

## UNIT 11

Text: Air safety .....	127
Pronunciation drills: intonation groups .....	128
Comprehension questions and Discussion topics .....	129
Word study: clipping, abbreviation .....	129
Grammatical structure study: gerund as condenser, expressing comparisons and contrasts .....	130
Grammatical exercises .....	132
Technical skills: comparisons and contrasts .....	133
Free text: Space-shuttle .....	135
Vocabulary .....	136

## UNIT 12

Text: British Rails Transportation .....	140
Pronunciation drills: rhythmization and intonation .....	141
Comprehension questions and Discussion topics .....	142
Word study: blending .....	142
Grammatical structure study: infinitive as a condenser, connectives .....	143
Grammatical exercises .....	144
Technical skills: giving prepared talk .....	146
Free text: How traffic scheme is set to go .....	148
Vocabulary .....	150

## UNIT 13

Text: The Brno International Engineering Fair .....	153
Pronunciation drills: elision of the release phase of two plosives, intonation in a dialogue .....	154
Comprehension questions and Discussion topics .....	155
Word study: original coinage .....	155
Grammatical structure study: expressing permission, prohibition and obligation .....	157
Grammatical exercises .....	158
Technical skills: demonstration, cause and effect .....	159
Free text: Engineering materials .....	162
Vocabulary .....	164

## UNIT 14

Text: Cars .....	168
Pronunciation drills: differences between British and American English .....	170
Comprehension questions and Discussion topics .....	170
Word study: differences between British and American English .....	171
Grammatical structure study: attitudinal aspects .....	172
Grammatical exercises .....	173
Technical skills: technical manuals .....	175
Free text: Being prepared for a breakdown .....	179
Vocabulary .....	181

## UNIT 15

Text: Environmental problems .....	186
Pronunciation drills: giving a talk .....	188
Comprehension questions and Discussion topics .....	188
Word study: borrowings, phrasal verbs .....	189
Grammatical structure study: expressing aspect in English .....	190
Grammatical exercises .....	191
Technical skills: argumentation, expressing opinions .....	193
Free text: What to expect in the year 2000 .....	196
Vocabulary .....	197

Supplementary texts .....	200
