1	Demographic Change: An Aging World.....	1
1.1	Getting Ready for the Gerontic Boomers.....	1
1.2	Global Population Aging and the Demographic Transition	3
1.3	Socio-demographic Dynamics of the Older Population.....	4
1.3.1	Developed Versus Developing Regions.....	4
1.3.2	Gender Imbalance at Old Age.....	7
1.3.3	Living Arrangements and Urbanization.....	8
1.3.4	Education, Labor Force and Retirement.....	9
1.3.5	Health Strategies for Older Adults.....	10
1.3.6	Care for the Elderly and Aging Policies	12
1.3.7	Projected Aging Trends.....	13
1.4	Chapter Summary and Conclusions	15
	References.....	17
2	The Adjustment to the Process of Aging: Origins and Nature.....	21
2.1	Lifespan Development and Aging.....	21
2.2	The Concept of Adjustment to Aging.....	22
2.2.1	Adjustment or Adaptation?.....	22
2.2.2	The Meanings of Adjustment to Aging.....	23
2.2.3	Adjustment, Well-Being and Successful Aging.....	26
2.3	Conceptual and Methodological Issues Related to the Study of Adjustment to Aging.....	26
2.3.1	Cross-Sectional Studies	29
2.3.2	Experimental Studies	30
2.3.3	Longitudinal Studies.....	31
2.4	Theories of Aging, Adjustment and Well-Being.....	31
2.4.1	The Disengagement and Activity Theories.....	32
2.4.2	The Continuity Theory.....	33
2.4.3	The Model of Selective Optimization with Compensation and the Socioemotional Selectivity Theory	35
2.4.4	The Identity Process Theory and the Model of Assimilative and Accommodative Processes.....	37

2.4.5	The Theory of Gerotranscendence.....	38
2.5	Concluding Remarks and Future Perspectives	38
	References.....	41
3	Meaning and Measurement of Adjustment to Aging in Old Age.....	47
3.1	General Approaches to the Construct of Adjustment to Aging	47
3.1.1	The Top-Down Versus Bottom-Up Approaches	48
3.1.2	Associationistic, End-Point and Judgemental Approaches.....	48
3.2	Design Considerations.....	50
3.3	Measurement Errors and Validity Issues	52
3.3.1	General Bias in the Response	52
3.3.2	Social Desirability Bias.....	54
3.3.3	Acquiescence Bias	54
3.3.4	Central Tendency Bias	56
3.4	Early Measurement Techniques of Adjustment to Aging	56
3.5	Structural Equation Analysis and a Proposed Empirical Model of Adjustment to Aging	60
3.5.1	Latent Variables.....	61
3.5.2	Defining the Model of Measurement	62
3.5.3	A Proposed Empirical Model of Adjustment to Aging	63
3.6	Concluding Remarks and Future Implications	72
	References.....	78
4	The Components of Adjustment to the Process of Aging.....	85
4.1	Introduction	85
4.2	Sense of Purpose and Ambitions	87
4.3	Body and Health	89
4.4	Zest and Spirituality	94
4.5	Aging in Place and Stability	97
4.6	Social Support	101
4.7	Concluding Remarks and Future Perspectives	105
	References.....	107
5	Correlates of Adjustment to Aging.....	127
5.1	Introduction	127
5.2	Socio-demographic Characteristics	128
5.2.1	Sex and Age	128
5.2.2	Marital Status	130
5.2.3	Socio-economic Situation and Education	131
5.2.4	Professional Situation	132
5.2.5	Living Setting.....	134
5.3	Health-Related Variables	135
5.3.1	Perceived Health, Diseases and Medication	135

5.4	Social Support	137
5.4.1	Social Network.....	137
5.4.2	Loneliness and Interpersonal Similarity	139
5.5	Lifestyle Variables	141
5.5.1	Leisure.....	141
5.5.2	Physical Activity	142
5.6	Spirituality	144
5.7	Psychological Characteristics	145
5.8	Concluding Remarks and Future Perspectives	147
	References.....	149
6	Adjustment to Aging: A Cross-Cultural Perspective	167
6.1	Aging in Cultural Context	167
6.2	Cross-Cultural Dynamics	169
6.3	The Aged as a Cultural Subgroup.....	173
6.4	Western and Non-Western Cultural Regions' Perspectives.....	175
6.5	Cultural Dimensions and Adjustment to Aging	179
6.6	Sense of Purpose and Ambitions	180
6.7	Body and Health	182
6.8	Zest and Spirituality	184
6.9	Aging in Place and Stability	186
6.10	Social Support	189
6.11	Methodological Issues in Measuring Adjustment to Aging Across Cultures.....	192
6.12	Cultural Qualitative and Psychometric Strategies of Measurement	192
6.13	Comparability of Adjustment to Aging Across Countries.....	194
6.14	Concluding Remarks and Future Perspectives	196
	References.....	200
7	Concluding Remarks and Future Implications.....	213
7.1	The Aging of the Population and Adjustment to Aging	213
7.2	Conceptualizing Adjustment to Aging and Future Research.....	215
7.3	Intervention Policies Focused on Adjustment to Aging	222
7.4	Cultural Dynamics and Implications for Adjustment of Aging Research and Policy Interventions	226
7.5	General Conclusions and Future Implications	230
7.5.1	Theoretical Developments to Adjustment to Aging.....	231
7.5.2	Policy Interventions Focused on Adjustment to Aging.....	234
7.5.3	The Cultural Complexity of Adjustment to Aging.....	236
	References.....	239
