

Contents

Introduction	1
Tumors of Nervous and Adjacent Tissues	31
1. Nerve Cells	31
Gangliocytomas	31
2. Neuroepithelium	43
Ependymomas	43
Ependymal Tumors in Tuberous Sclerosis	43
Plexus Papillomas	65
Neuroepitheliomas	65
3. Eye	71
Retinoblastomas	71
4. Glia	71
Astrocytomas	71
Oligodendrogliomas	93
Glioblastomas	123
Spongioblastomas, Polar	145
Medulloblastomas	163
5. Peripheral Nerves and Nerve Sheaths	177
Neurinomas	177
6. Meninges, Vascular Structures of the Central Nervous System and Connective Tissue	193
Meningiomas	193
Special Meningiomas	205
Angioblastomas	205
Sturge-Webers Disease	213
Sarcomas	213
7. Pineal and Pituitary Glands, Craniopharyngeal Duct	231
Pinealomas	231
Pituitary Adenomas	239
Craniopharyngiomas	239
8. Paraganglia	239
Glomus Tumors	239
9. Various Tissues	239
Epidermoids — Dermoids — Teratomas	239
Chordomas	239
Chondromas — Lipomas — Xanthomas	239
Cylindromas	239
Cavernoma — Cavernous Angioma	239
Arteriovenous Angioma or Malformation	239
Bibliography	258
Subject Index in English	260
