-----------------------------	-----------

1. Attention Deficit Hyperactivity Disorder: An Overview	1
Daryl Efron	
1.1 Historical Perspective	4
1.2 Epidemiology	6
1.3 Cognitive Deficits	8
1.4 Emotional Dysregulation	8
1.5 Neuroimaging Findings and Pathophysiology	9
1.6 Causes	9
1.7 Comorbidities	11
1.8 Consequences	12
1.9 Early Identification and Prevention	13
1.10 Assessment	13
1.11 Management	14
1.12 Outcomes	21
1.13 Summary	21
References	21
2. Overview of Sleep in Children	29
Jon Quach	
2.1 Introduction	29
2.2 Role of Sleep During Childhood	29
2.3 How Is Sleep Regulated?	30
2.4 Sleep Requirements	36
2.5 Defining a Child Sleep Problem	40
2.6 Identifying Child Sleep Problems in Clinical Practice	43
2.7 Prevalence of Child Sleep Problems in the Community	44
2.8 Impact of Sleep Problems on the Child	45
2.9 Impact of Sleep Problems on the Primary Caregiver	49
2.10 Conclusion	50
References	51

3. Epidemiology and Etiology of Behavioral Insomnias, Circadian Rhythm Disorders, and Parasomnias in ADHD	63
Luci D. Wiggs	
3.1 Insomnia	65
3.2 Circadian Rhythm Sleep—Wake Disorders	71
3.3 Parasomnias	75
3.4 Risk Factors for Sleep Disturbance in Children With ADHD	81
3.5 Conclusion	87
References	88
4. Epidemiology and Etiology of Medical Sleep Problems in ADHD	95
Emma Sciberras, Helen Heussler, Johanna Berthier and Michel Lecendreux	
4.1 Overview of Sleep Problems in Children With ADHD	96
4.2 Disorders of Hypersomnolence and Narcolepsy	98
4.3 Sleep Breathing Disorders	103
4.4 Restless Legs Syndrome	107
4.5 Conclusion	112
References	113
5. Healthy Sleep Practices (Sleep Hygiene) in Children With ADHD	119
Penny Corkum, Gabrielle Rigney, Melissa Howlett and Shelly Weiss	
5.1 Historical Overview and Terminology	119
5.2 What Are Healthy Sleep Practices?	120
5.3 Evidence for Healthy Sleep Practices	124
5.4 How ADHD Could Impact Healthy Sleep Practices	133
5.5 Evidence for Healthy Sleep Practices: Differences in ADHD Versus Typically Developing Children	135
5.6 Healthy Sleep Practices Interventions	137
5.7 Barriers to Assessing and Providing Intervention of Healthy Sleep Practices	138
5.8 The ABCs of SLEEPING Tool	139
5.9 Future Directions	143
References	144
6. ADHD Medications and Sleep	151
Maida Chen, Margaret Wardlaw and Mark A. Stein	
6.1 Introduction	151
References	169

7. Child and Family Impacts of Sleep Problems in Children and Adolescents With ADHD	175
Nardia Jane Zendarski and Melissa Mulraney	
7.1 Introduction	175
7.2 Overview of Sleep, ADHD and Impacts on Daily Functioning	176
7.3 Conclusions and Future Directions	189
References	190
8. Assessing Sleep Problems in ADHD	195
Margaret D. Weiss, Anna Ivanenko and Nicole M. McBride	
8.1 Assessment of Sleep in ADHD Patients	195
8.2 The Clinical Sleep Interview	196
8.3 Rating Scales	202
8.4 Somnology and Sleep Diaries	204
8.5 Objective Measures of Sleep	204
8.6 Summary	208
References	209
9. Pharmacological and Nonpharmacological Treatment of Insomnias, Parasomnias, and Circadian Rhythm Disorders Associated With ADHD	213
Marco Angriman and Samuele Cortese	
9.1 Practical Points	213
9.2 Introduction	214
9.3 Sleep Disturbances Associated With ADHD	215
9.4 Assessment of Sleep and Sleep Disturbances in Patients Referred for ADHD Symptoms	216
9.5 Treatment of Sleep Disturbances in Individuals With ADHD	218
9.6 Conclusions and Future Perspectives	228
References	229
10. Treatment of Medical (Sleep Breathing Disorders, Restless Legs Syndrome, Periodic Limb Movement Disorder, and Narcolepsy) Sleep Problems in ADHD	237
Gillian M. Nixon	
10.1 Treatment of Medical Sleep Problems in ADHD	237
10.2 Sleep Breathing Disorders	237

10.3	Restless Legs Syndrome and Periodic Limb Movement Disorder	245
10.4	Narcolepsy	249
10.5	Conclusions	250
	References	250
11.	The Triple Threat of Sleep, Adolescence, and ADHD	257
	Stephen P. Becker	
11.1	Sleep, Adolescent Development, and Transdiagnostic Processes	258
11.2	Sleep Problems and Disturbances in Adolescents With ADHD	261
11.3	Contributors to and Consequences of Sleep Problems in Adolescents With Attention Deficit Hyperactivity Disorder	267
11.4	Key Directions for Future Research	270
11.5	Treating Sleep Problems in Adolescents With Attention Deficit Hyperactivity Disorder	276
11.6	Conclusions	284
	References	284
12.	Sleep in Adults With ADHD—Etiology, Impact, and Treatments	295
	Joel Aizenstros, Emily S. Chan, Abby Aizenstros and Tamara May	
12.1	Introduction	295
12.2	Adult Presentation of ADHD	295
12.3	Epidemiology of Sleep Problems in Adults With ADHD	296
12.4	Common Sleep Problems in Adults With ADHD	298
12.5	Impact of Sleep Problems in Adults With ADHD	302
12.6	Associations Between Comorbidities and Sleep in Adults With ADHD	303
12.7	Etiology of Sleep Problems in Adults With ADHD	304
12.8	Assessment and Measurement of Sleep Problems in Adults With ADHD	310
12.9	Treatment and Management of Sleep Problems in Adults With ADHD	315
12.10	Clinical Challenges and Case Study	320
12.11	Clinical Practice Points	322
12.12	Summary	322
12.13	Conclusion	323
	References	324
13.	New Frontiers: Neurobiology of Sleep in ADHD	331
	Tim J. Silk	
13.1	Sleep—Wake Regulation	332
13.2	The Ascending Arousal System	332
13.3	Cholinergic Pathways	332

13.4	Monoaminergic Pathways	334
13.5	The Sleep-Inducing System	339
13.6	Transitioning Between Wake and Sleep: The Flip-Flop Switch	341
13.7	What Drives Sleep to Occur?	341
13.8	Homeostatic Regulation	341
13.9	Circadian Regulation	342
13.10	Conclusion	344
	References	344

14. Future Research Directions in Attention Deficit Hyperactivity Disorder and Sleep
355

Harriet Hiscock and Emma Sciberras

14.1	Introduction	355
14.2	Gaps in Epidemiological Research	356
14.3	Gaps in Brain Development Research	359
14.4	Gaps in Intervention Research	361
14.5	Conclusions	364
	References	364
