CHAPTER 1 Introduction: Using this Book to Build Value	1
Your Need to Know Digital Business Law	1
Who is this Book For?	1
Organization of this Book	2
Approach of this Book	3
Understanding and Using Intellectual Property	4
Doing Deals	4
Understanding and Dealing with Legal Risk Factors	5
Global Perspective	5
Focusing on Your End Game from the Beginning	5
How to Use this Book	6
Using the Legal Forms	6
Limits to the Contents of this Book	7
Legal Counsel	8
CHAPTER 2 Digital Copyright Basics	9
Some History	9
Copyright Counts!	10
In this Chapter	10
The Nature of a Copyright	10
What Is Covered by US Copyright Law?	11
What Is a Computer Program under Copyright Law?	12
The (Very Modest) Requirement of Originality	12
Copyright and Musical Works	12
Exclusive Rights under Copyright Law	13
Expressions vs. Ideas and Methods	13
How to Get a Copyright	13
Copyright vs. Other Kinds of Intellectual Property (IP)	14
Duration of Copyright Protection	15

Public Domain	15
Notice	16
Copyright Registration	17
Infringement	17
Derivative Works	18
Works Made for Hire	19
More on Work Made for Hire	20
Work Made for Hire Clauses in Contracts	20
Note on the Right to Revoke Copyright Grants and Transfer after 35 Years	20
California Law Issue Involving Work Made for Hire Clauses	21
Problems When Parties Fail to Specify Who Is to Own the Copyright	22
Fair Use	22
Factor-Based Analysis	23
Fair Use and Personal Copying	25
The First Sale Rule	26
Thin Copyright Protection for Computer Databases	27
Copy Protection Technology and Anticircumvention Law	28
Digital Rights Management Technology and Anticircumvention	29
Anticircumvention Law Concepts	29
What Is Illegal under Anticircumvention Law?	30
Absence of Defenses	30
Registering Your Copyright	31
How Copyright Registration Works	32
Advantages of Copyright Registration	32
Statutory Damages under the Copyright Act	33
Getting a Good Shot at Attorneys' Fees	33
Filing for Timely Copyright Registration	33
Presumption of Validity of Your Copyright	34
Making Copyright Registration a Regular Practice	34
Recording Assignments and Exclusive Licenses	34
Criminal Copyright Violations	35
More on Copyright Law	35
Conclusion	36

CHAPTER 3	Copyrights on the Internet, for Software Protection and Around the World.....	37
	In this Chapter	37
	Topic One: Copyright and the Internet	38
	Example	38
	Analysis of Web Functions.....	39
	Links	39
	Deep Linking.....	39
	Framing.....	39
	Linking and Peer-to-Peer Copying.....	40
	The DMCA Notice-and-Take-Down Rules	41
	Protection from Libel Claims.....	47
	More on Copyright and the Internet	47
	Topic Two: Copyright and Software Protection.....	47
	Unauthorized Copying of Copyrighted Computer Code.....	48
	Piracy.....	48
	Private Illegal Copying.....	49
	Pieces of Software Programs.....	49
	No Protection for Functional Elements Inherent in the Idea of the Application	50
	No Protection for Commonly Used Software Elements.....	50
	No Protection for Use of Interfaces and File Formats Needed for Compatibility	50
	External Characteristics of Computer Programs.....	51
	Copyright Law and the User Interface.....	51
	Analysis of Similarity of External Characteristics	53
	Clean Rooms: Duplicating Without Copying	54
	Is There Any Protection for the Internal Structure of a Program?	55
	Reverse Engineering	55
	Topic Three: International Copyright Protection.....	57
	Copyright Treaties.....	57
CHAPTER 4	Trademarks and Domain Names	61
	In this Chapter	61
	What is a Trademark?	62
	Trademark Goals	63
	Trademark Risks.....	64

Company Names vs. Trademarks.....	64
Scope of Legal Protection	65
Distinctiveness of Trademarks	65
Strong and Weak Marks	66
Confusingly Similar Marks.....	68
Obtaining Priority Rights.....	70
Necessity of a Trademark Search before	
Adopting New Marks	72
Scope of the Trademark Search	72
Limitations of a Trademark Search.....	73
Prescreening Potential New Trademarks.....	74
The Advantage of Federal Registration	75
Federal Trademark Registration System.....	75
Trademark Registration Process.....	78
Keeping Your Federal Registration In Effect	79
Do-It-Yourself Registration of US Trademarks	80
Essential Actions to Protect Your Trademarks	81
Trademark Notices	81
Vigilant Defense of Your Trademark to Prevent Dilution	82
Legal Protection of Famous Trademarks	83
Taking Trademarks Global	84
Paris Convention and Trademarks	85
Madrid Protocol.....	85
CTM Registration in the EU.....	87
Exploiting Trademarks in Distribution, Licensing,	
and Other Deals	87
Trademark Guidelines	87
Co-branding	88
Trademark Licensing	90
Trademark Transfers	91
Domain Names	92
Domains and Brand Identity	92
Domain Names vs. Trademarks.....	93
Cybersquatters and Remedies.....	93
Trademark Infringement Litigation.....	94
The Litigation Process.....	95
Proof of Infringement	95
Fair Use under Trademark Law	96

Infringement Remedies for Federally Registered Trademark	96
Infringement Remedies for Unregistered Trademarks	97
Conclusion	97

CHAPTER 5	Patents and Digital Technology Companies	99
In this Chapter		99
The Power and Use of Patents		100
Nature of United States Patents		101
How Do You Get a Patent?		102
Legal Standard for Patents		102
Reading Patents		103
Patents and Disclosure		106
Types of Infringement		107
Limits to the Right to Exclude Others		108
About Prior Art		108
Searching in Patent Databases		109
Software Patents and Business Method Patents		110
Patents on Software Generally		110
Business Method Patents		111
Doubts about Some Business Method and Software Patents		112
The Patent Application Process		113
Patent Lawyers and Patent Agents		113
Provisional Applications		114
Patent Priority and Documenting Inventions		114
Don't Delay Filing that Patent Application!		115
Capturing Employees and Contractors' Inventions		116
The Patent Issuance Process		116
Foreign Patent Applications and PCT Applications		117
Priority Date for Foreign Applications		119
Inventing and Patent Strategically		121
Strategic Factors		122
Deciding to Patent a Particular Invention		123
Getting Serious about Patents		124
Your Strategy for Use of Patents		125
Patents in Business Deals		125
Patent Licensing Agreements		126

Why Engage in Patent Licensing?	126
Business Terms.....	127
Covering Contingencies	127
Assignments.....	129
How Patents Can Be Used Against Your Business.....	129
Who Is at Risk of Patent Claims?	130
If You Receive a Cease-and-Desist Letter	
from a Patent Holder.....	131
Patent Infringement Lawsuits	132
CHAPTER 6 Trade Secrets and Non-Disclosure Agreements	137
In this Chapter	137
What Is a Trade Secret?.....	138
Basis of Trade Secret Law	138
Trade Secret Law vs. Contractual Protection	
of Confidential Information	139
Technology as a Trade Secret	140
Confidential Business Information	141
Confidential Information from Third Parties.....	141
Limits to Trade Secrets.....	142
How Long Trade Secrets Last	142
Patents vs. Trade Secrets.....	142
Can More Than One Company	
Have the Same Trade Secret?	143
Care and Protection of Trade Secrets	143
One Person in Charge of Confidentiality Measures.....	144
Controls on Access to Confidential Data	144
Entry Control and Badges.....	145
Confidentiality Legends on Documents,	
Code, and Other Data	146
Agreements with Third Parties to Protect Confidentiality.....	147
Confidential Undertakings by Employees and Contractors.....	148
Non-Disclosure Agreements and Confidential Disclosure	150
Mutual or Unilateral NDAs	150
Defining "Confidential Information"	151
What Written Information Is "Confidential Information"?	151
What Oral or Visual Information	
Is "Confidential Information"?	152
Carve-Outs from Confidential Information	153

Prohibition of Disclosure.....	153
Use of Confidential Information	154
When Does Protection Time-Out?	154
Risks from Others' Confidential Information	155
Two-Stage Disclosure.....	155
Watch Out for "Residuals" Clauses.....	156
Are There Oral Agreements for Non-Disclosure?	157
Disclosure Agreements that Are the Opposite of NDAs	157
When You Negotiate a Deal, Should NDAs Be Superseded?	158
Confidentiality Clauses Generally	158
Violations of Trade Secret Law	158
What Is Illegal under Trade Secret Law?	159
What Is not Illegal under Trade Secret Law?	159
What if Trade Secrets Are Disclosed?	160
Dealing with Violations of Trade Secrets	160
Remedies Short of Litigation	161
Is Taking Trade Secrets a Crime?.....	162
Can Software Trade Secrets Be Licensed or Sold?	163
Use of Counsel in Managing Trade Secrets	163

CHAPTER 7	Confidentiality, Rights Transfer, and Non-Competition Agreements for Employees	165
	In this Chapter	165
	A Note on Terminology	166
	About Employment Law Generally	167
	The Contents of Employee Agreements.....	167
	Confidentiality Provisions	167
	Capturing Intellectual Property Rights.....	170
	Noncompetition and Nonsolicitation Provisions	174
	State with Limitations on Restrictive Covenants.....	174
	About Consideration	175
	Getting Employees to Sign.....	176
	Enforceability of Provisions	176
	Enforcement of Noncompetition Agreements by Employers.....	179
	Obtaining Assurance of the Absence of Conflicting Prior Agreements.....	180

CHAPTER 8	Introduction to Digital Product and Service Contracts	183
	In this Chapter	184
	First Topic: Contract Concepts.....	185
	Limits to Freedom of Contract	186
	Contracts Are Binding and Enforceable.....	186
	Oral and Written Agreements	187
	Trust but Verify	187
	Contracts Are More than the Words	188
	LOI and MOUs	188
	The Myth of the Two-Page Contract.....	189
	Contracts, Company Sales, Investments, and Due Diligence	190
	No “Agreements to Agree”	190
	Form Agreements for Your Business	190
	Conceptualizing the Contract.....	191
	First: the Core Economic Bargain.....	191
	Second: the Rules of Behavior	192
	Third: the Contingencies (Risk Allocation)	192
	Fourth: the Mechanics and Boilerplate	193
	Note about the Uniform Commercial Code	194
	About UCITA	194
	Second Topic: Contract Provisions.....	195
	The Promised Performance.....	195
	The Acceptance Clause	196
	The License Grant.....	197
	Warranties.....	205
	Prohibitions	209
	Confidentiality Clauses	209
	Intellectual Property Clauses.....	211
	Risk Allocation: Remedies, Limitations, and Damage Caps.....	211
	Indemnification Clauses.....	217
	Term, Termination, and Survival	222
	Source Code Escrows.....	223
	Dispute Resolution.....	223
	Choice of Law	226
	Choice of Jurisdiction	227

Restriction on Assignment Clauses	228
Change of Control	228
Miscellaneous “Boilerplate” Clauses.....	230
Third Topic: Contract Negotiations	230
Preparation for Negotiation: the Overall Strategy	231
Get the Background Information You Need.....	231
Be Sure That You Can Deliver Value to the Other Side	232
Assess Your Credibility	232
Look for a Deal that Works for Both Sides.....	232
Try to Start with Your Own Form	232
Negotiating from the Other Side’s	
“Standard Agreement”	233
Develop Justifications for Your Positions	233
Negotiating in the Right Setting.....	234
Deal with the Most Important Terms First	234
Listen Hard.....	234
Make Trades Rather than Concessions.....	234
Negotiate Price Terms with Firmness	235
Knowing When to Say “No” and When to Say “Yes”	235
The Role of Legal Counsel.....	236
CHAPTER 9 A Pragmatic Guide to Open Source	237
Introduction.....	237
In this Chapter	237
The Popularity of Open Source Software.....	238
What Is Open Source Software?	239
Source Code vs. Binary Code	239
Proprietary Source Code in Software Business.....	239
Commercial Source Code Licensing.....	240
Origins of Open Source	240
The Generations of Open Source	241
The Open Source Model of Licensing	241
Perceived Advantages	242
Perceived Disadvantages	243
Open Source Licenses	243
BSD License.....	244
GPL Version 2.....	245
GPL Version 3.....	249

The Lesser General Public License or LGPL	251
The Mozilla Public License	252
Quasi-Open Source License	252
Which Open Source License Form	
Should a Developer Use?.....	252
Risks in Using Collaboratively Developed	
Open Source Products.....	253
SCO Litigation	253
Patent Risks	254
Dealing Pragmatically with IP Infringement Risk	255
Open Source and Implied Patents License Grants	255
Open Source License and Trademarks	256
Open Source Use by Software Vendors.....	256
Open Source Software and Due Diligence	
in Company Sales or Investment Deals.....	256
Making Money with Open Source Programs Generally	257
How Copyleft Programs Can Be Made Quasi-Private	258
Dual Licensing	259
Sources of Information on Open Source	
Matters on the Web.....	260
Conclusion.....	260
CHAPTER 10 IT Services—Development, Outsourcing, and Consulting.....	261
In This Chapter	261
The IT Consulting Business Model	262
Development Deals	262
Why Outside Development?	263
Scale of Development Deals and the Development Forms.....	264
Development Can Be a Risky Business.....	265
Need for Planning and Risk Management	267
Process Overview	267
Writing and Responding to RFPs.....	269
Elements of an RFP—From the Customer’s	
Point of View	269
Responding to RFPs—From the Developer’s	
Point of View	271
The Agreement.....	272
Getting the First Draft on the Table	273

Structure of a Development Agreement.....	273
Development Planning.....	274
Deliverables.....	275
Requirements for Providing the Deliverables.....	275
Software and Data to Be Provided for	
Use in Development.....	276
Oversight and Management.....	276
Price and Costs	277
Acceptance	277
Postacceptance.....	277
“Detailed Design”	277
Dealing with Informal Specifications	278
Project Management Provisions.....	279
Personnel Assigned to Development	279
Change Management Provisions	280
Acceptance Procedures.....	280
Payment Provisions	281
The Right Schedule	283
Intellectual Property—Ownership and/or License	284
The Intellectual Property at Stake.....	284
Avoiding Jointly Owned intellectual Property	291
When the Web Developer Is Also Providing Web Hosting.....	291
Subcontractors	292
Noncompetition Clauses.....	292
Provisions on Confidential Information	293
Training and Support.....	293
Warranties.....	294
Disclaimers and Limitations	294
Date Processing (Y2K) Warranties	295
Open Source Provisions	295
Intellectual Property Warranties and Indemnities	295
Insurance	297
Clause on Customer Non-Solicitation	
of Developer Employees.....	298
Termination	299
Dispute Resolution.....	300
Boilerplate Provisions.....	300

About Offshoring	301
Other Types of Consulting Business and IT Services.....	303
Legal Issues in Development and Consulting Businesses.....	304
Conclusion.....	305
CHAPTER 11 Beta Test Agreements.....	307
In this Chapter	307
A Note on Terminology	308
Goals and Contents of a Beta Test Agreement	309
Variation in Beta Test Agreements	310
Marketing Uses of Beta Tests	310
Following Up on a Beta Test	311
Beta Test Plans.....	311
Two Forms of Beta Test Agreement	312
CHAPTER 12 Commercial End-User Agreements	313
In this Chapter	313
Business Setting for Software End-User Agreements	314
Some Guidance on License Design.....	315
Form of Software End-User Agreements.....	316
Agreements for Software Plus Hardware.....	316
Bargaining between Vendor and Customer.....	317
Vendor and Customer Goals.....	318
The Request for Proposal Process	319
Common Issues in Negotiating End-User Agreements.....	319
Delivery and Acceptance	319
The Permanent License Model: Initial License Fees and Support Fees	321
Software by the Month, Quarter, or Year	323
Permitted Use and Pricing	323
Software Maintenance and Support Provisions	332
Training Employees to Use the Program	335
Restrictions	335
Confidentiality Clause.....	335
Intellectual Property Indemnification	336
Warranty Disclaimers and Remedy Limitations.....	336
Term and Termination	339
General Provisions	339

Source Code Escrow Agreements	339
When to Offer Escrow.....	340
The Problem with Escrow	340
Two-Party and Three-Party Agreements	341
Multi-Beneficiary Escrow	341
Contents of an Escrow Agreement	342
Note on Commercial Licensing Software to the Government.....	345
Accounting for License Revenue.....	346
Software Licensing and Sales Tax	347
Why Sales Tax is Important?.....	347
The Concept of Nexus	347
Wholesale vs. Retail	348
Applicability of Sales Tax to Software Products	348
Products vs. Services.....	349
Conclusion.....	349
CHAPTER 13 Software as a Service (SaaS)	351
In This Chapter	351
Some SaaS History.....	352
SaaS Business Varieties	352
What Customers Like about SaaS	353
Customer Concerns with the SaaS Model	354
Advantages and Issues for SaaS Vendors	355
Mixing Traditional Software Licensing and SaaS.....	356
SaaS and Security	357
Points of Vulnerability	358
Measures for Data Security.....	358
State Security Breach Notification Statutes	359
Other Potential Harms.....	360
Contract Provisions on Security	360
Risk from Overstating Your Data Security	361
Sas 70	362
More Mandates	363
Foreign Data Privacy Laws	364
Hot, Cold, and Warm Disaster Recovery Sites.....	364
Open Source: the General Public License and the “SaaS Loophole”	366
SaaS Agreements	367

Service or License?	367
No Delivery of Software	368
Customization	368
Data Ownership	369
Security	369
Other Service Delivery Details	370
Pass Through of Litigation-Related Costs	370
Service Level Agreements	371
Uptime Guarantee	371
Service Response Metrics	372
Response Time Metrics	372
Bad Customer Data	372
Source Code Escrow	373
Term, Termination, and Transition	373
Pricing in SaaS Agreements	373
SaaS Agreement Form	374
CHAPTER 14 Commercial Distribution—Part I	375
General Principles, Deal Types, Reseller Deals, and Legal Rules	375
In this Chapter (and the Next Chapter)	375
A Note on Terminology—Partners and Resellers	376
Form Distribution Agreements for Your Business	377
Software Partnering and Channels	377
Resellers	377
VARs	378
Distributors and Dealers	378
System Integrators	378
Rebranding, OEM, or “White Label” Deals	379
Bundling Deals	379
Embedded Software and Software Components	380
Retail Distribution	380
Sales Representatives	380
About Strategic Alliances	381
Reseller Agreements	382
Vendor Goals	382
Reseller Goals	382
The Relationship Between the Vendor and Reseller	383

The Risk that the Vendor Will Go Direct.....	383
The Negotiation Dynamic for Software	
Reseller Agreements.....	384
Products Covered by the Agreement	384
End Customers Only.....	384
Nonexclusive Reseller Territories	385
Exclusive Reseller Territories.....	385
Restriction on Competing Products.....	386
Channel and Market Restrictions	386
Multiple Marketing Channels	387
Tiers of Partnerships	387
Pricing	388
Ordering, Delivery, and Payment	389
Sales Targets	390
Customer Information	391
Reseller Marketing Obligations.....	392
Marketing, Sale Assistance, and Reseller Training.....	392
Trademark Issues.....	393
Restrictions	393
Product Warranties and Remedies	393
Terms of Licenses to End-Users	396
Noninfringement Warranties; Indemnification	396
Term, Termination, and Disengagement.....	397
Jurisdiction for Disputes	398
Foreign Distributors and Resellers	398
Some Legal Issues in Distribution.....	398
State and Federal Antitrust Laws.....	398
Resale Price Maintenance.....	400
Federal and State Franchise Laws.....	400
Common Errors	403
Form Agreements in this Book	404
CHAPTER 15 Commercial Distribution—Part II.....	405
Embedded, Component, and Other Distribution	
Deal Variations	405
In this Chapter	405
Forms Agreements	406
About “OEMs” and “OEM Deals”	406

Rebranding or White Label Deals.....	407
Bundling Deals	410
Embedded Software and Software Components.....	411
Retail Distribution.....	414
Sales Representatives.....	416
Form Agreements	417
CHAPTER 16 Clickwraps and Browsewraps	419
In this Chapter	420
Uses of Electronic Contracting	420
Categories of Mass-Market Forms Contracts	421
Shrinkwrap Agreements	421
Clickwrap Agreements.....	422
Browsewrap Contracts	423
Are Electronic Form Contracts Legally Enforceable?.....	423
Are Clickwraps Binding?	424
Software in the Box	424
Electronic Signatures, E-SIGN and Clickwraps.....	425
Who is Authorized to (Digitally) Sign What?	426
Are Browsewraps Enforceable?.....	426
Product Clickwrap Agreements	428
Acceptance of the EULA	429
Limitations on Installation and Use of the Product	429
Additional Restrictions.....	430
Specification of Program Ownership	430
Restriction of Copying, Transfer and Use.....	430
Limited Warranties and Support	430
Disclaimers and Liability Limitation.....	431
No-Warranty EULAs	432
Export Control Clause	433
Licensing to the Federal Government	434
Choice of Law, Jurisdiction	434
Arbitration.....	434
Termination	435
Boilerplate Provisions.....	435
The Magnuson-Moss Act and	
Consumer Product Warranties	438
Foreign Customs, Language, and Law	440

CHAPTER 17 Terms of Use for Web Sites and Online Applications.....	441
In this Chapter	441
About Web Terms of Use	442
When Should Your Terms Be a Clickwrap, a Browsewrap, or Both?	443
Web Site Proprietary Notice.....	450
Other Applications.....	451
More Web Site Forms.....	451
CHAPTER 18 Privacy and Use of Personal Data	453
In this Chapter	454
Personal Data and IT	454
Use of the Internet to Obtain Personal Data.....	455
Web Profiling and Cookies.....	456
Other Identifiers	456
Overview of US Law on Personal Data.....	457
The FTC Act and Little FTC Acts	458
Your Written Privacy Policy	461
Goals of the Process	461
Using Privacy Policy Forms.....	461
A Team Approach.....	462
What's Covered and What's Not	462
The Substance of Your Privacy Policy	462
Follow Up	466
Making the Technology Fit the Policy	466
Use Seal-of-Approval Programs	466
California Online Privacy Protection Act	467
California's "Shine the Light Law" and "Your California Privacy Rights"	468
Data Security Breach Notification Laws	471
California Law on Security Breach Notification	472
The Law in Other States	473
More Potential Liability for Financial Loss	474
Data Security and Planning	475
Possible Congressional Action on Data Breach Notification.....	475
Credit Report Security Freeze Laws	475

Anti-Spyware Laws.....	476
Children's Online Privacy Protection Act.....	476
Anti-Spam Provisions of US Federal Law	483
The Commercial Rules.....	484
Rules for Hardcore Spammers	485
Other Regulation of Personal Data Regulation.....	485
Financial Services	485
Health Care	486
Privacy and the International Data Economy	487
EU Directive on Data Protection	488
Transferring Personal Data from the	
EU to the United States	489
Taking Advantage of the EU-US	
"Safe Harbor Agreement"	489
Conclusion.....	492

CHAPTER 19 Digital Technology Standards—Opportunities, Risks,	
and Strategies	493
In this Chapter	493
Who Is this Chapter for?.....	494
Digital Technology Standards and the Modern World	494
How Do New Digital Technology Standards Matter	
to Your Business?	494
Sources of Standards	495
Single Company	496
De Facto Standards	496
Establishment Standard Setting Organizations	496
Other Broadly Based Organizations	497
Consortia and Alliances.....	498
Consortia Characteristics	499
Participating in a Consortium—Business Issues	500
Consortium Documents	501
Process and Organization	501
Tension between Patents and Standards.....	502
Key Concepts in Standards-Related Patent Licenses	503
"Contributions" and Patent Licenses	506
Proposed and Final Standards.....	507
Identifying Your Necessary Claims	507

Standards Bodies and Mergers and Acquisitions	508
Do You Really Need a License to All So-Called Necessary Claims?	508
Copyright	509
Termination	509
Patent Rules and SDOs	509
Staying Out of Trouble with Standards	510
Antitrust Concerns	511
Unfair Competition and Standards	511
Patent Pools	512
What Is an "Open" Standard?	513
Open Adoption Process	513
Royalty-Free	513
Forming Your Own Consortium	514
Conclusion	515
CHAPTER 20 Content for Digital Media	517
In This Chapter	517
Forms for Content	518
Some Background: Content and Intellectual Property	519
Copyright and Content	519
Topic One: Practical Guidance in Clearing Content	523
Getting Started in Clearance	523
What Content Items Need Clearance	523
Copyrights Clearance for Prose and Graphic Works	524
A Note about Fonts	525
Locations	526
Copyright and Clearing Music	526
Finding Music Copyright Holders	528
Other Music-Related Clearance for Groups	528
"Promotion Use" of Thumbnails and Clips	528
Sampling	529
Public Performance and Webcasting	530
Special Rules for Webcasting	530
A Note on Dealing with Employees and Contractors	537
Agreements that License Content for Digital Products and Services	537
Topic Two: User-Supplied Content	541

Rights Clearance in User-Supplied Content.....	541
Carefully Crafted Terms of Use.....	542
Content Guidelines	543
Blogging Terms of Use.....	543
Issues and Opportunities from User-Supplied Video Content.....	544
Topic Three: “Just Taking” Content	546
About Spidering	546
Copying Without Permission and Fair Use.....	547
Search Engines and Fair Use.....	547
About Mashups	550
Conclusion.....	553
CHAPTER 21 Deals in the Web and Mobile Value Chains.....	555
In this Chapter	555
Relationship with Other Chapters	556
Forms.....	556
The Web and Mobile Communications Environment.....	557
The Players	558
Internet and Mobile.....	559
Topic I: Communications Technology License Agreements.....	562
Defining the Basic Deal	562
Duration of the Deal	562
Technology Distribution through Multiple Levels.....	563
Control of Sub-Distribution	564
Source Code Integration and Transformation.....	564
Indemnification for Digital Communications Products	564
Technology On or Over the Copyright Edge	565
Standards and Patents	566
Other Technology Licensing Issues	567
Topic II: Digital Content Deals	567
The Flow of Content	568
Digital Content Agreements	570
Specifying the Offering.....	570
The License Grant.....	571
Hosting and Data Management.....	572
Digital Rights Management.....	572
Licensors’ Branding and Attribution	574

Restrictions	574
Exclusivity	575
Links to Content Rather Than the Content Itself	575
No Warranty of Accuracy	576
Who Do You Trust to Supply Clearance?	576
Indemnities	577
Payment Terms	578
The DMCA Safe Harbor	579
