

Contents

Section 1: Basics of Infection

Jonathan R Danoff

- 1. Definition of Periprosthetic Joint Infections** 3
Jonathan R Danoff
- 2. Incidence and Burden of Periprosthetic Joint Infection** 9
Jonathan R Danoff
- 3. Economic Burden of Periprosthetic Joint Infection** 17
Jonathan R Danoff
- 4. Common Antibiotics and Mechanism of Action** 25
Nana O Sarpong
- 5. Biofilm** 37
Alexander L Neuwirth
- 6. Multidisciplinary Approach to Management of Periprosthetic Joint Infections** 45
Matthew J Grosso
- 7. Future Trends and Challenges** 52
Joseph A Karam, Peter F Sharkey

Section 2: Preoperative Medical Optimization

Jonathan R Danoff, Christopher P Bechtel

- 8. Predisposing Factors for Periprosthetic Joint Infection** 61
Jonathan R Danoff
- 9. Perioperative Management of Diabetes Mellitus and Hyperglycemia** 69
Jonathan R Danoff

- 10. Malnutrition and Obesity** 75
Matthew J Grosso
- 11. Cigarette and Tobacco Risks** 80
Rahul Goel
- 12. Prior Intra-articular Joint Injection and Risk of Infection** 85
Nana O Sarpong
- 13. Perioperative Management of Home Medications and Supplements** 90
Nana O Sarpong
- 14. Inflammatory Arthropathy** 96
Matthew J Grosso
- 15. Total Joint Arthroplasty in Patients with Prior Septic Arthritis** 102
Joseph A Karam
- 16. Perioperative Management of Concomitant Infections** 110
Alexander L Neuwirth
- 17. Conversion Arthroplasty with Hardware in Situ** 115
William V Arnold
- 18. Liver and Kidney Disease** 123
Christopher P Bechtel, Antonia F Chen
- 19. Anemia** 131
Christopher P Bechtel, Javad Parvizi
- 20. Peripheral Vascular Disease** 136
John Kozy, Christopher P Bechtel
- 21. Alcohol and Drug Use** 140
Christopher P Bechtel
- 22. Depression and Other Psychiatric Illnesses** 144
Christopher P Bechtel

- 23. Anticoagulation and Prosthetic Joint Infection** 147
Blake A Eyberg
- 24. Infection Prevention Guidelines** 156
Noam Shohat, Christopher P Bechtel
- Section 3: Intraoperative and Postoperative Optimization**
- Asim M Makhdom*
- 25. Preoperative Skin Preparation: Decolonization and Antisepsis** 165
Vinay Aggarwal, Anthony Tokarski
- 26. Operating Room Environment** 177
Matthew Silijander
- 27. Incise Drapes** 194
Alvin Ong, Asim M Makhdom
- 28. Antibiotic Prophylaxis** 199
Nora Almadani, Asim M Makhdom
- 29. Workup of Patients with Suspected Urinary Tract Infection** 205
Nora Almadani, Asim M Makhdom
- 30. Irrigation Solutions in Total Joint Arthroplasty** 211
Matthew Silijander
- 31. Cement and Antibiotics** 218
Claudio Diaz-Ledezma
- 32. Blood Conservation** 230
Christopher P Bechtel, Daniel Baquet
- 33. Wound Closure and Drain Use** 240
Asim M Makhdom
- 34. Postarthroplasty Antibiotic Prophylaxis** 249
Fabio Orozco, Asim M Makhdom

Section 4: Diagnosis of Infection

Christopher P Bechtel

- | | |
|---|------------|
| 35. Available Diagnostic Laboratory Tests and Molecular Biomarkers | 257 |
| <i>Majd Tarabichi</i> | |
| 36. Joint Aspiration | 269 |
| <i>Jonathan R Danoff</i> | |
| 37. Imaging for Diagnosis of Periprosthetic Joint Infection | 275 |
| <i>Nachum B Stollman, Ronald A Pitt</i> | |
| 38. Culture Principles | 284 |
| <i>Christopher P Bechtel, Gregory K Deirmengian</i> | |
| 39. Culture-negative Periprosthetic Joint Infections | 293 |
| <i>Christopher P Bechtel, Carlos A Higuera</i> | |
| 40. Diagnosis of Periprosthetic Joint Infection in Inflammatory Conditions | 300 |
| <i>James F Fraser</i> | |
| 41. Diagnosis of Periprosthetic Joint Infection in Adverse Metal Reaction | 305 |
| <i>James F Fraser</i> | |
| 42. Diagnosing Periprosthetic Joint Infection: The Rothman Institute Algorithm | 309 |
| <i>James F Fraser</i> | |

Section 5: Treatment of Periprosthetic Joint Infection

James F Fraser, R Andrew Henderson

- | | |
|---|------------|
| 43. Management of Wound Drainage | 319 |
| <i>James J Purtill</i> | |
| 44. Management of Fungal Periprosthetic Joint Infections | 325 |
| <i>Khalid Azzam</i> | |

45. **Management of Mycobacterial Infection** 334
Hooman Bakhshi
46. **Management of Periprosthetic Joint Infection Caused by *Enterococcus*** 343
Michael M Kheir
47. **Periprosthetic Joint Infection Caused by Rare Organisms** 354
Pierce Johnson
48. **Irrigation and Debridement for Periprosthetic Joint Infection** 363
James F Fraser
49. **One-stage Exchange Arthroplasty for Periprosthetic Joint Infection** 370
R Andrew Henderson, Erik N Hansen
50. **Resection Arthroplasty** 383
Daniel S Mangiapani, Pouya Alijanipour
51. **Removal of Well-fixed Hip and Knee Arthroplasty Components in the Setting of Periprosthetic Joint Infection** 398
R Andrew Henderson, Gregory K Deirmengian
52. **Two-stage Exchange Arthroplasty: Antibiotic Spacers** 416
Vinay Aggarwal, Gregory K Deirmengian
53. **Reimplantation Following Two-stage Exchange Arthroplasty for Prosthetic Joint Infection** 438
R Andrew Henderson, Camilo Restrepo
54. **Suppressive Antimicrobial Therapy and Prosthetic Joint Infection** 446
Mitchell R Klement, Meaghan Cotter, Jai Hyung Park
55. **Prognostic Classification for Periprosthetic Joint Infection** 454
Ronald Huang

56. Periprosthetic Joint Infection and Mortality	462
<i>R Andrew Henderson</i>	
57. Current Limitations, Evolving Technologies and Future Directions in the Management of Periprosthetic Joint Infection	467
<i>Asim M Makhdom</i>	
Index	477
