

Contents

Introduction	1	Linderniaceae	163
General introduction	1	Lythraceae	164
Why an atlas about aquatic and wetland plants?	1	Menyanthaceae	169
The purpose of the book	1	Montiaceae	171
Hydrobotanical terminology of aquatic and wetland vascular plants and wetlands: definitions, synonyms, specifications, classifications	2	Nymphaeaceae	172
Criteria for selection of plant species included, countries, and the collection sites	3	Onagraceae	176
Aquatic and wetland vegetation – basic types and description	5	Orobanchaceae	184
Ecophysiological characteristics of aquatic and wetland vascular plants	10	Phrymaceae	186
Preparation methods	19	Plantaginaceae	187
Definition of anatomical features	21	Polygonaceae	199
Anatomical descriptions of Pteridophytes	33	Primulaceae	208
Dryopteridaceae	34	Ranunculaceae	213
Equisetaceae	35	Rhamnaceae	231
Isoëtaceae	39	Rosaceae	232
Lycopodiaceae	40	Rubiaceae	241
Marsileaceae	41	Salicaceae	242
Salviniaceae	43	Saxifragaceae	245
Thelypteridaceae	44	Scrophulariaceae	247
Anatomical descriptions of Dicotyledons	45	Tamaricaceae	249
Amaranthaceae	46	Valerianaceae	250
Apiaceae	49	Violaceae	252
Asteraceae	60	Anatomical descriptions of Monocotyledons	257
Balsaminaceae	90	Acoraceae	258
Betulaceae	92	Alismataceae	259
Boraginaceae	96	Amaryllidaceae	263
Brassicaceae	99	Araceae	264
Caryophyllaceae	105	Butomaceae	270
Celastraceae	116	Cyperaceae	271
Ceratophyllaceae	117	Hydrocharitaceae	344
Crassulaceae	119	Iridaceae	351
Dipsacaceae	122	Juncaceae	354
Droseraceae	123	Juncaginaceae	376
Elatinaceae	126	Orchidaceae	378
Ericaceae	129	Poaceae	381
Euphorbiaceae	133	Pontederiaceae	403
Fabaceae	134	Potamogetonaceae	404
Gentianaceae	136	Scheuchzeriaceae	422
Geraniaceae	138	Tofieldiaceae	423
Haloragaceae	139	Typhaceae	425
Hypericaceae	143	Zosteraceae	433
Lamiaceae	144	Synthesis of anatomical, ecological and phylogenetical data	435
Lentibulariaceae	153	Dicotyledonous aquatic and wetland plants	435
Linaceae	162	Stem anatomy in monocotyledonous aquatic and wetland plants	466
		Acknowledgements	479
		References	481
		Species index	485
