

TABLE OF CONTENTS

Contents	Atlas Pages	Handbook Page	Contents	Atlas Pages	Handbook Page
ESA School Atlas – Objectives, Principles		5	Eastern Central Europe	72-73	40
Objectives in Educating and Teaching		5	South Russian Plain	74-75	40
Principles in Didactics		5	Northern Iberian Peninsula, Pyrenees	76-77	40
The Concept of the ESA School Atlas – Geography from Space		5	The Alps, Umbria	78-79	41
Topics of the ESA School Atlas – Geography from Space		5	The Balkans	80-81	41
			Black Sea	82-83	41
			Strait of Gibraltar	84-85	41
			Tyrrhenian Sea	86-87	41
Satellite Remote Sensing – An Overview		7	South Eastern Europe	88-89	42
Instruments of Earth Observation		7	Asia Minor	90-91	42
Remote Sensing Principles		7	Central North African Mediterranean		42
Weather Satellites		9	Coast	92-93	
Resource Satellites		9	Gulf of Sidra	94-95	42
Satellite Data and Mapping		10	Eastern Mediterranean Sea	96-97	42
			Africa		
Introduction		12	Surface Structure, Land Cover	98-99	43
ESA – The European Space Agency	12-19	12	Seasonal Changes, Niger Inland Delta	100-101	45
Eduspace – The ESA-Website for Education	20-21	12	The Nile River Valley	102-103	47
Earth Observation from Space			Asia		
Satellite Technology, Orbits, Systems	22-23	13	Surface Structure, Land Cover	104-105	48
Satellite Image Processing, Map Updates, Digital Elevation Models	24-25	15	Seasonal Changes, Water Utilisation – Aral Sea	106-107	50
GIS and Remote Sensing, On-ground Data Acquisition	26-27	17	From the Tarim Basin to the Bay of Bengal	108-109	52
Remote Sensing Applications	28-29	19	Australia, Oceania, South-East Asia		
			Surface Structure, Land Cover	110-111	53
Global Issues		20	Seasonal Changes, Energy and Agriculture – South-Eastern Australia	112-113	55
Topography, Plate Tectonics	30-31	20	From Lake Eyre to the Sunshine Coast	114-115	57
Global Satellite Image Mosaic, Landscapes, Map Projections	32-33	21	New Zealand, Hawaii, Bora Bora	116-117	58
Precipitation, Cloud Cover	34-35	23	North America		
Temperature, Albedo	36-37	24	Surface Structure, Land Cover	118-119	60
Climate Zones, Ocean Currents	38-39	25	Seasonal Changes, Urbanisation – East Coast	120-121	61
Land Cover and Land Use	40-41	26	From the Pacific Ocean to the Great Plains	122-123	63
Population Distribution	42-43	28	South America		
Man and Atmosphere, NO ₂ -Distribution	44-45	30	Surface Structure, Land Cover	124-125	65
Traffic and Information Networks, Satellite Navigation Systems	46-47	31	Seasonal Changes, Surface Changes – Itaipu	126-127	66
Natural Hazards	48-49	33	From the Pacific Ocean to the Mato Grosso	128-129	68
			Arctic – Surface Structure, Land Cover, Sea Ice		
The Continents		35	Antarctica – Surface Structure, Land Cover, Sea Ice	132-133	71
Europe			The Natural Sphere		73
Surface Structure, Land Cover	50-51	35	Tectonics, Geology, Geomorphology		
Seasonal Changes, Landscape Zones	52-53	36	Orogenesis	134-135	73
Surface Relief, Map Index of Europe in Scale 1 : 2 500 000	54-55	37	Orogenesis, Erosion	136-137	75
Maps of Europe		38	Basins	138-139	76
Lapland, Iceland	56-57	38	Rift Valleys, Tectonic Shifts	140-141	78
Kola Peninsula, White Sea	58-59	38	Deserts	142-143	80
Central Scandinavia, Gulf of Bothnia	60-61	38	Valley Types	144-145	81
Karelia	62-63	39	Mountain Foreland	146-147	83
Ireland, Scotland, Northern England	64-65	39			
Southern Scandinavia, Baltic Sea	66-67	39			
Eastern Europe	68-69	40			
Western Europe	70-71	40			

Contents	Atlas Pages	Handbook Page
Volcanism	148-149	84
Impact Craters	150-151	86
Atmosphere, Climate, Weather		
Seasonal and Diurnal Changes – Europe/Africa	152-153	88
Seasonal and Diurnal Changes – Indian Ocean	154-155	90
Seasons	156-157	91
Water Vapour, Atmospheric Currents, Wind Distribution	158-159	93
Ozone, Trace Gases, Atmospheric Pollution	160-161	95
Precipitation	162-163	97
Hydrology		
Oceans	164-165	99
Coastal Forms	166-167	101
Coastal Forms	168-169	103
Glaciers	170-171	105
River Systems	172-173	107
Danube River Catchment Basin	174-175	109
River Deltas	176-177	110
River Estuaries	178-179	112
Natural Lakes	180-181	114
Reservoirs	182-183	117
Reservoirs	184-185	119
Natural Hazards		
Submarine Earthquakes, Tsunami	186-187	120
Volcanism, Earthquakes, Landslides	188-189	122
Storms, Wildfires, Avalanches	190-191	124
Floods	192-193	126
The Cultural Sphere		128
Interactions between Nature and Culture		
Iran	194-195	128
Upper Austria	196-197	129
Forests		
Land Use, Forestry Patterns	198-199	130
Forest Management, Forest Damages, Afforestation	200-201	132
Land Use Conflicts	202-203	
Agriculture		
Agricultural Patterns	204-205	136
Agricultural Patterns	206-207	138
Urban Areas		
Rural Settlements	208-209	141
Urban History and Urban Structure	210-211	142
Urbanisation Models	212-213	144
Urban Planning and Urban Development	214-215	145
Urban Development and Urban Structures	216-217	146
Urban Planning and Urban Regeneration	218-219	148
European Capitals	220-221	150
Megacities – São Paulo, Cairo	222-223	152
Megacities – Tokyo	224-225	154
Mining, Energy, Industry		
Bingham Copper Mine	226-227	155
Great Dyke, Orapa, Kiruna, Escondida	228-229	156

Contents	Atlas Pages	Handbook Page
Energy Production	230-231	158
Energy Production and Consumption	232-233	160
Fossil Fuels	234-235	163
Industrial Sites	236-237	165
Industrial Sites	238-239	167
Surface Changes		
Land Reclamation	240-241	169
Land Loss	242-243	171
Submergence and Uplift of Ground	244-245	173
Traffic		
Roads, Railways, Ferries	246-247	175
Canals	248-249	176
Waterways and Harbours	250-251	179
Waterways and Harbours	252-253	180
Airports	254-255	2
Space Ports	256-257	3
Tourism		
Summer Tourism	258-259	5
Winter Tourism	260-261	6
World Natural Heritage		
Nature Conservation in Europe	262-263	
National Park Hohe Tauern	264-265	0
Nature Reserves	266-267	1
World Cultural Heritage		
Archaeological Sites	268-269	3
Cultural Centres	270-271	5
