

Chapter 1. Introduction	1
Chapter 2. C^∞ -rings	5
2.1. Two definitions of C^∞ -ring	5
2.2. C^∞ -rings as commutative \mathbb{R} -algebras, and ideals	7
2.3. Local C^∞ -rings, and localization	8
2.4. Fair C^∞ -rings	10
2.5. Pushouts of C^∞ -rings	13
2.6. Flat ideals	15
Chapter 3. The C^∞ -ring $C^\infty(X)$ of a manifold X	17
Chapter 4. C^∞ -ringed spaces and C^∞ -schemes	21
4.1. Some basic topology	21
4.2. Sheaves on topological spaces	22
4.3. C^∞ -ringed spaces and local C^∞ -ringed spaces	24
4.4. The spectrum functor	26
4.5. Affine C^∞ -schemes and C^∞ -schemes	31
4.6. Complete C^∞ -rings	33
4.7. Partitions of unity	36
4.8. A criterion for affine C^∞ -schemes	38
4.9. Quotients of C^∞ -schemes by finite groups	41
Chapter 5. Modules over C^∞ -rings and C^∞ -schemes	45
5.1. Modules over C^∞ -rings	45
5.2. Cotangent modules of C^∞ -rings	46
5.3. Sheaves of \mathcal{O}_X -modules on a C^∞ -ringed space (X, \mathcal{O}_X)	50
5.4. Sheaves on affine C^∞ -schemes, MSpec and Γ	51
5.5. Complete modules over C^∞ -rings	56
5.6. Cotangent sheaves of C^∞ -schemes	58
Chapter 6. C^∞ -stacks	61
6.1. C^∞ -stacks	61
6.2. Properties of 1-morphisms of C^∞ -stacks	63
6.3. Open C^∞ -substacks and open covers	65
6.4. The underlying topological space of a C^∞ -stack	66
6.5. Gluing C^∞ -stacks by equivalences	68
Chapter 7. Deligne–Mumford C^∞ -stacks	71
7.1. Quotient C^∞ -stacks, 1-morphisms, and 2-morphisms	71
7.2. Deligne–Mumford C^∞ -stacks	73

7.3.	Characterizing Deligne–Mumford C^∞ -stacks	76
7.4.	Quotient C^∞ -stacks, 1- and 2-morphisms as local models for objects, 1- and 2-morphisms in DMC$^\infty$Sta	79
7.5.	Effective Deligne–Mumford C^∞ -stacks	84
7.6.	Orbifolds as Deligne–Mumford C^∞ -stacks	86
Chapter 8.	Sheaves on Deligne–Mumford C^∞ -stacks	89
8.1.	Quasicoherent sheaves	89
8.2.	Writing sheaves in terms of a groupoid presentation	91
8.3.	Pullback of sheaves as a weak 2-functor	93
8.4.	Cotangent sheaves of Deligne–Mumford C^∞ -stacks	95
Chapter 9.	Orbifold strata of C^∞ -stacks	99
9.1.	The definition of orbifold strata $\mathcal{X}^\Gamma, \dots, \hat{\mathcal{X}}_\circ^\Gamma$	100
9.2.	Lifting 1- and 2-morphisms to orbifold strata	107
9.3.	Orbifold strata of quotient C^∞ -stacks $[\underline{X}/G]$	108
9.4.	Sheaves on orbifold strata	109
9.5.	Sheaves on orbifold strata of quotients $[\underline{X}/G]$	113
9.6.	Cotangent sheaves of orbifold strata	114
Appendix A.	Background material on stacks	117
A.1.	Introduction to 2-categories	117
A.2.	Grothendieck topologies, sites, prestacks, and stacks	121
A.3.	Descent theory on a site	123
A.4.	Properties of 1-morphisms	124
A.5.	Geometric stacks, and stacks associated to groupoids	126
