<b>Introduction .....</b>	<b>5</b>
<b>PART I Analysis .....</b>	<b>6</b>
<b>1. Conditions and development of natural woody plant regeneration in selected areas of the Czech Republic .....</b>	<b>6</b>
1.1 Monitoring methodology .....	6
1.2 National Nature Reserve Vrapač .....	6
1.3 National Nature Monument Třesín .....	8
1.4 Nature Reserve Litovelské Luhy .....	9
1.5 Nature Reserve Sidonie, PR Okrouhlá a okolí .....	11
1.6 National Nature Reserve Šerák–Keprník .....	12
1.7 National Nature Reserve Razula .....	14
1.8 Nature Reserve Jelení bučina .....	15
1.9 Nature Reserve Bučina pod Františkovou myslivnou .....	16
1.10 National Nature Reserve Žákova hora .....	17
1.11 National Nature Reserve Děvín-Kotel-Soutěska .....	18
1.12 National Nature Reserve Chejjava .....	21
1.13 National Nature Reserve Jizerskohorské bučiny .....	22
1.14 Nature Reserve Sedloňovský vrch .....	23
1.15 National Nature Reserve Trčkov .....	24
1.16 Nature Reserve Pod Vrchmezím .....	26
1.17 Nature Reserve Černý důl .....	27
1.18 Locality Zborovský les .....	27
1.19 Locality Deblín .....	28
1.20 National Nature Reserve Vývěry Punkvy .....	29
1.21 Nature Reserve Rakovec .....	31
1.22 National Nature Reserve Býčí skála .....	31
1.23 National Nature Reserve Habrůvecká bučina .....	33
1.24 Locality Hodonínská doubrava .....	33
1.25 Locality Radějovská obora .....	35
1.26 Locality Buchlovice .....	37
1.27 Locality Májová .....	39
1.28 Nature Reserve Dvorčák .....	39
1.29 Nature Reserve U Spálené .....	40
1.30 Locality Litoměřice .....	42
1.31 National Nature Monument Rendezvous .....	43
1.32 Locality Lednice Horní les .....	44
1.33 National Nature Reserve Ledové sluje .....	45

<b>PART II Synthesis .....</b>	<b>47</b>
<b>1. Relationships between browsing damage and woody plant species dominance, food attractiveness of woody plant species .....</b>	<b>47</b>
1.1 Introduction and methods .....	47
1.2 Results and discussion .....	50
<b>2. Effect of selective browsing on forest dynamics and presence of minority woody plants .....</b>	<b>61</b>
2.1 Two case studies – Reserves Vrapač and Vývěry Punkvy .....	61
2.2 Overview of possible effects .....	66
<b>3. Effect of forest weed clearing on the extent of browsing damage .....</b>	<b>70</b>
3.1 Introduction and methods .....	70
3.2 Results and discussion .....	71
<b>PART III Literature .....</b>	<b>75</b>
