

REJSTŘÍK

Hesla jsou uspořádána abecedně podle označení výrobce nebo všeobecně užívaného označení (případně spojeneckého kódu), dále pak chronologicky podle data prvního vzletu, pokud existuje pro jednoho výrobce více hesel. Odkazy na aktuální heslo jsou uvedeny v záhlaví každé stránky pro usnadnění orientace při vyhledávání jména výrobce nebo označení letounu. Rejstřík uvádí křížové odkazy na jména nebo označení letounů v případě, že není známo jméno výrobce nebo konstruktéra. Kurzívou jsou vyznačena kódová spojenecká jména pro japonské stíhací letouny II. světové války a jména sovětských (a některých čínských) letounů podle systému koordinací komise NATO.
