

Contents

Preface	xxi
Introduction	xxiii
1. 50,000 Years Before Present: The Dawn of Human Evolution	1
The Concept	1
The Explanation	1
Impact: 10	3
See Also	3
References and Suggested Reading	3
2. 12,000 Years Before Present: Domestication	5
The Concept	5
The Explanation	5
Impact: 8	7
See Also	7
References and Suggested Reading	7
3. 1623 Social Behavior	9
The Concept	9
The Explanation	9
Impact: 3	10
See Also	10
References and Suggested Reading	10
4. 1700s Classifying Life	11
The Concept	11
The Explanation	11
Impact: 7	13
References and Suggested Reading	13
5. 1729 Biological Clocks	15
The Concept	15
The Explanation	15
Impact: 3	16
See Also	16
References and Suggested Reading	16

6. 1800s Birds in Their Natural Setting	17
The Concept	17
The Explanation	17
Impact: 6	19
References and Suggested Reading	19
7. 1800s The Great Explorers	21
The Concept	21
The Explanation	21
Impact: 8	22
References and Suggested Reading	23
8. 1859 Darwin and Behavior	25
The Concept	25
The Explanation	25
Impact: 10	27
See Also	27
References and Suggested Reading	27
9. 1859 Darwin and Social Insects	29
The Concept	29
The Explanation	29
Impact: 4	31
See Also	31
References and Suggested Reading	31
10. 1882 George Romanes and the Birth of Comparative Psychology	33
The Concept	33
The Explanation	33
Impact: 8	34
See Also	34
References and Suggested Reading	34
11. 1894 Morgan's Canon	35
The Concept	35
The Explanation	35
Impact: 8	37
See Also	37
References and Suggested Reading	37

12. 1914 Sensory Physiology and Behavior	39
The Concept	39
The Explanation	39
Impact: 6	40
See Also	41
References and Suggested Reading	41
13. 1938 Skinner and Learning	43
The Concept	43
The Explanation	43
Impact: 9	44
See Also	45
References and Suggested Reading	45
14. 1940 Orientation	47
The Concept	47
The Explanation	47
Impact: 5	48
See Also	48
Further Reading	49
15. 1941 Bat Echolocation	51
The Concept	51
The Explanation	51
Impact: 5	52
See Also	52
References and Suggested Reading	52
16. 1947 The Evolution of Clutch Size	55
The Concept	55
The Explanation	55
Impact: 6	56
See Also	56
References and Suggested Reading	56
17. 1948 Cognitive Maps	57
The Concept	57
The Explanation	57
Impact: 7	58
See Also	58
References and Suggested Reading	58

18. 1948 Hormones and Behavior	59
The Concept	59
The Explanation	59
Impact: 8	60
See Also	60
References and Suggested Reading	60
19. 1948 Information Theory	61
The Concept	61
The Explanation	61
Impact: 4	62
References and Suggested Reading	62
20. 1953 The Chasm Between Ethology and Comparative Psychology	63
The Concept	63
The Explanation	63
Impact: 9	66
References and Suggested Reading	66
21. 1954 Life History Phenomena	67
The Concept	67
The Explanation	67
Impact: 5	68
References and Suggested Reading	69
22. 1954 Zeitgebers (Time-Givers) for Biological Clocks	71
The Concept	71
The Explanation	71
Impact: 3	72
See Also	72
References and Suggested Reading	73
23. 1956 The Coolidge Effect	75
The Concept	75
The Explanation	75
Impact: 2	76
See Also	76
References and Suggested Reading	76

24. 1957 Psychophysical Laws	77
The Concept	77
The Explanation	77
Impact: 4	79
See Also	79
References and Suggested Reading	79
25. 1960 Motivation and Drive	81
The Concept	81
The Explanation	81
Impact: 3	83
References and Suggested Reading	83
26. 1963 The Four Questions	85
The Concept	85
The Explanation	85
Impact: 10	87
References and Suggested Reading	87
27. 1964 Dopamine and Reward Reinforcement	89
The Concept	89
The Explanation	89
Impact: 7	90
See Also	90
References and Suggested Reading	90
28. 1964 Inclusive Fitness and the Evolution of Altruism	91
The Concept	91
The Explanation	91
Impact: 10	92
See Also	93
References and Suggested Reading	93
29. 1965 Harry Harlow and Social Isolation in Monkeys	95
The Concept	95
The Explanation	95
Impact: 3	96
See Also	97
References and Suggested Reading	97

30. 1967 Island Biogeography	99
The Concept	99
The Explanation	99
Impact: 6	100
See Also	100
References and Suggested Reading	100
31. 1968 Tool Use	101
The Concept	101
The Explanation	101
Impact: 4	102
See Also	102
References and Suggested Reading	102
32. 1969 Territoriality and Habitat Choice	103
The Concept	103
The Explanation	103
Impact: 3	104
See Also	104
References and Suggested Reading	104
33. 1970 Sperm Competition	105
The Concept	105
The Explanation	105
Impact: 5	106
See Also	106
References and Suggested Reading	106
34. 1971 Behavioral Genetics	107
The Concept	107
The Explanation	107
Impact: 9	108
See Also	108
References and Suggested Reading	108
35. 1971 Reciprocal Altruism	109
The Concept	109
The Explanation	109
Impact: 3	110
See Also	110
References and Suggested Reading	110

36. 1971 Selfish Herds	111
The Concept	111
The Explanation	111
Impact: 7	112
See Also	113
References and Suggested Reading	113
37. 1973 Episodic Memory	115
The Concept	115
The Explanation	115
Impact: 6	116
See Also	116
References and Suggested Reading	116
38. 1973 Game Theory	117
The Concept	117
The Explanation	117
Impact: 5	118
See Also	118
References and Suggested Reading	119
39. 1973 The Many Eyes Hypothesis	121
The Concept	121
The Explanation	121
Impact: 2	122
See Also	122
References and Suggested Reading	122
40. 1973 The Red Queen	123
The Concept	123
The Explanation	123
Impact: 7	124
See Also	125
References and Suggested Reading	125
41. 1973 Animal Conflict	127
The Concept	127
The Explanation	127
Impact: 3	129
See Also	129
References and Suggested Reading	129

42. 1974 <i>Caenorhabditis elegans</i> Behavioral Genetics	131
The Concept	131
The Explanation	131
Impact: 9	132
See Also	132
References and Suggested Reading	132
43. 1974 Standardizing Behavioral Observation Methods	133
The Concept	133
The Explanation	133
Impact: 9	135
See Also	135
References and Suggested Reading	135
44. 1974 Parent–Offspring Conflict	137
The Concept	137
The Explanation	137
Impact: 9	138
See Also	139
References and Suggested Reading	139
45. 1975 Group Selection	141
The Concept	141
The Explanation	141
Impact: 2	143
See Also	143
References and Suggested Reading	143
46. 1975 Sociobiology	145
The Concept	145
The Explanation	145
Impact: 3	146
See Also	147
References and Suggested Reading	147
47. 1975 The Handicap Principle	149
The Concept	149
The Explanation	149
Impact: 3	150
See Also	151
References and Suggested Reading	151

48. 1976 Marginal Value Theorem	153
The Concept	153
The Explanation	153
Impact: 5	155
See Also	155
References and Suggested Reading	155
49. 1977 Self-medication	157
The Concept	157
The Explanation	157
Impact: 4	159
References and Suggested Reading	159
50. 1977 The Evolution of Mating Systems	161
The Concept	161
The Explanation	161
Impact: 9	162
See Also	163
References and Suggested Reading	163
51. 1978 Animal Models for Depression	165
The Concept	165
The Explanation	165
Impact: 7	166
See Also	166
References and Suggested Reading	166
52. 1978 Theory of Mind	167
The Concept	167
The Explanation	167
Impact: 4	168
See Also	168
References and Suggested Reading	168
53. 1980 Dispersal	169
The Concept	169
The Explanation	169
Impact: 5	170
See Also	170
References and Suggested Reading	170

54. 1980 Semantic Communication	171
The Concept	171
The Explanation	171
Impact: 2	172
See Also	172
References and Suggested Reading	172
55. 1980 The Risk Paradigm	173
The Concept	173
The Explanation	173
Impact: 2	174
See Also	174
References and Suggested Reading	174
56. 1981 Prisoner's Dilemma	175
The Concept	175
The Explanation	175
Impact: 5	176
See Also	176
References and Suggested Reading	176
57. 1981 Producers and Scroungers	177
The Concept	177
The Explanation	177
Impact: 2	178
See Also	178
References and Suggested Reading	178
58. 1982 The Hamilton–Zuk Hypothesis	179
The Concept	179
The Explanation	179
Impact: 8	181
See Also	181
References and Suggested Reading	181
59. 1982 The Hippocampus and Navigation	183
The Concept	183
The Explanation	183
Impact: 9	185
See Also	185
References and Suggested Reading	185

60. 1983 Reproductive Skew	187
The Concept	187
The Explanation	187
Impact: 3	188
See Also	188
References and Suggested Reading	188
61. 1985 An Animal Model for Anxiety	189
The Concept	189
The Explanation	189
Impact: 4	190
See Also	190
References and Suggested Reading	190
62. 1988 Brood Parasitism	191
The Concept	191
The Explanation	191
Impact: 3	192
See Also	192
References and Suggested Reading	192
63. 1990 Fear	193
The Concept	193
The Explanation	193
Impact: 5	194
See Also	194
References and Suggested Reading	194
64. 1990 The Challenge Hypothesis	195
The Concept	195
The Explanation	195
Impact: 2	196
See Also	196
References and Suggested Reading	196
65. 1991 Pain in Animals	197
The Concept	197
The Explanation	197
Impact: 8	198
See Also	198
References and Suggested Reading	198

66. 1991 Receiver Psychology	199
The Concept	199
The Explanation	199
Impact: 4	200
See Also	200
References and Suggested Reading	200
67. 1992 Working Memory	201
The Concept	201
The Explanation	201
Impact: 7	202
See Also	203
References and Suggested Reading	203
68. 1994 Ecosystem Engineers	205
The Concept	205
The Explanation	205
Impact 6	206
References and Suggested Reading	206
69. 1996 Conservation Behavior	209
The Concept	209
The Explanation	209
Impact: 9	210
See Also	211
References and Suggested Reading	211
70. 1996 The Molecular Basis of Learning	213
The Concept	213
The Explanation	213
Impact: 8	214
See Also	214
References and Suggested Reading	214
71. 1998 Self-Organization of Social Systems	215
The Concept	215
The Explanation	215
Impact: 6	216
See Also	216
References and Suggested Reading	217

72. 1998 Gaze Following	219
The Concept	219
The Explanation	219
Impact: 4	221
See Also	221
References and Suggested Reading	221
73. 1999 Multimodal Communication	223
The Concept	223
The Explanation	223
Impact: 4	224
See Also	224
References and Suggested Reading	224
74. 2000 Emotion and the Brain	225
The Concept	225
The Explanation	225
Impact: 8	226
See Also	226
References and Suggested Reading	226
75. 2000 Social Amoebas and Their Genomes	227
The Concept	227
The Explanation	227
Impact: 7	228
See Also	229
References and Suggested Reading	229
76. 2002 Social Networks	231
The Concept	231
The Explanation	231
Impact 6	232
See Also	232
References and Suggested Reading	232
77. 2004 Behavioral Syndromes—Personality in Animals	233
The Concept	233
The Explanation	233
Impact: 10	234
See Also	234
References and Suggested Reading	234

78. 2004 Maternal Epigenetics	237
The Concept	237
The Explanation	237
Impact: 9	238
See Also	238
References and Suggested Reading	238
79. 2004 Public and Private Information	239
The Concept	239
The Explanation	239
Impact: 7	240
See Also	241
References and Suggested Reading	241
80. 2014 Keystone Individuals	243
The Concept	243
The Explanation	243
Impact: 4	244
See Also	244
Reference	244
Index	245
