## PART I THE BASICS 1

A Brief Word About Our Approach	2
---------------------------------	---

## 1 WHAT IS ENVIRONMENTAL LAW? 4

---

1.1 Viewing the Environmental Law Landscape	5
1.2 Different Definitions of Environmental Law	7
1.2.1 A Descriptive Definition	7
1.2.2 A Purposive Definition	10
1.2.3 A Jurisprudential Definition	12
1.2.4 Why Do Definitions Matter?	14
1.3 The Challenges of Practising and Studying Environmental Law	17
1.4 How to Structure Environmental Law Inquiry	19
1.5 Conclusion	20

## 2 UNDERSTANDING ENVIRONMENTAL PROBLEMS 22

---

2.1 Why an Understanding of Environmental Problems is Important for Understanding Environmental Law	22
2.2 The Complexity of Environmental Problems	24
2.2.1 Collective Nature of Environmental Problems	25
2.2.2 Crossing Boundaries	29
2.2.3 Systemic Complexity	31
2.3 Environmental Knowledge: Nature and Limits	34
2.3.1 Defining Environmental Knowledge	34

2.3.2 Science and Regulatory Science	36
2.3.3 Economics and Cost–Benefit Analysis	39
2.3.4 The Limits of Knowledge	41
2.3.5 Environmental Knowledge and Environmental Law	44
2.4 Environmental Values and the Socio-Political Dimension of Environmental Problems	45
2.4.1 Values and Environmental Philosophy	45
2.4.2 Environmentalism and Environmental Discourse	47
2.4.3 Environmental Values and Environmental Law	49
2.5 The Role of the State	50
2.5.1 Why Does the State Have a Role in Addressing Environmental Problems?	51
2.5.2 The Controversial Role of the State	53
2.5.3 The Role of the State and Environmental Law	56
2.6 Conclusion	57

## PART II LEGAL THEMES AND CONCEPTS 58

### **3** PRIVATE LAW 59

3.1 Environmental Law as Applied Law	59
3.2 Private Law and Environmental Law: Some General Points	60
3.3 Property Law	61
3.3.1 Concepts of Property	62
3.3.2 Private Property	63
3.3.3 Commons	69
3.4 Tort Law	73
3.4.1 Private Nuisance	74
3.4.2 Public Nuisance	77
3.4.3 The Rule in <i>Rylands v Fletcher</i>	78
3.4.4 Negligence	81
3.5 Contract Law	82
3.6 Company Law	83
3.7 Private Law and Its Complex Relationship with Environmental Problems and Environmental Law	85
3.7.1 Private Law as the Status Quo	85
3.7.2 The Limits of Private Law	86
3.7.3 Private Law Litigation and Environmental Protection	88
3.7.4 The Interrelationship Between Private Law and (Public Law) Regulation	89
3.7.5 The Impact of Environmental Law on Private Law and Private Ordering	91
3.8 Conclusion	92

## 4 PUBLIC LAW 94

---

4.1 Public Law: A Brief Overview	95
4.1.1 Constitutional Law	95
4.1.2 Administrative Law	96
4.1.3 EU and International Dimensions	97
4.1.4 The Complexities of UK Public Law	97
4.2 The Challenges of Environmental Law for Public Law	98
4.2.1 The Nature of Interests in Environmental Problems	99
4.2.2 Information and Expertise	100
4.3 The Aarhus Convention	102
4.3.1 First Pillar: Access to Environmental Information	104
4.3.2 Second Pillar: Public Participation	105
4.4 Accountability in the Environmental Law Context	106
4.4.1 Different Forms of General Accountability Processes	107
4.4.2 Specific Environmental Law Accountability Mechanisms	110
4.5 Judicial Review	111
4.5.1 Judicial Review: A General Overview	111
4.5.2 Judicial Review: Conceptual and Theoretical Aspects	113
4.5.3 Grounds of Review in Environmental Law Cases	116
4.6 The Human Rights Act 1998 and the European Convention on Human Rights	121
4.7 Conclusion	127

## 5 CRIMINAL LIABILITY 128

---

5.1 Why Criminalize Behaviour that Harms the Environment?	129
5.1.1 The Moral Ambiguity of Environmental Crime	129
5.1.2 Reasons for Criminalizing Environmentally Damaging Behaviour	132
5.2 How to Criminalize Environmentally Damaging Behaviour	133
5.2.1 Regulatory vs Criminal Offences	133
5.2.2 Strict Liability Offences and Corporate Liability	137
5.3 Criminal Prosecution as a Last Resort	143
5.3.1 Limiting Discretion to Prosecute and Sentence Through Principles and Procedures	145
5.3.2 Civil Rather than Criminal Sanctions	154
5.4 Conclusion	161

## 6 STATUTORY LIABILITIES AND REMEDIES 163

---

6.1	Legislating for Liability and Other Remedies	163
6.2	Statutory Nuisance	164
6.2.1	Statutory Nuisance: The Concept	164
6.2.2	Enforcement	166
6.3	Contaminated Land	167
6.3.1	The Part IIA Framework	168
6.3.2	The Part IIA Definition of 'Contaminated Land'	169
6.3.3	Identification and Remediation of Contaminated Land	170
6.3.4	Determining Who Is an 'Appropriate Person'	171
6.4	The Environmental Liability Directive	175
6.4.1	The Directive	175
6.4.2	The CJEU's Interpretation of the ELD	177
6.4.3	The Environmental Damage (Prevention and Remediation) Regulations 2009	179
6.5	Conclusion	180

## 7 COURTS 181

---

7.1	Courts and Environmental Law: The Basics	181
7.1.1	What Is a Court?	183
7.1.2	Courts in Environmental Law	184
7.1.3	Courts in UK Environmental Law	185
7.2	Access to Justice and Environmental Law	188
7.2.1	Background	189
7.2.2	England and Wales	190
7.2.3	The EU	193
7.3	The Aarhus Convention: Article 9	194
7.3.1	The Aarhus Convention and Substantive EU Environmental Law	195
7.3.2	England and Wales	200
7.3.3	Article 9 and EU Institutions	205
7.4	Specialist Environmental Courts	207
7.5	Conclusion	213

## 8 PRINCIPLE AND POLICY 214

---

8.1 Environmental Principles	214
8.1.1 What Are Environmental Principles?	218
8.1.2 Why Are Environmental Principles so Popular in Environmental Law?	224
8.1.3 Legal Roles of Environmental Principles in EU Law	226
8.1.4 Legal Roles of Environmental Principles in UK Law	237
8.2 Environmental Policy	244
8.2.1 High-Level Governmental Environmental Policy	244
8.2.2 Policy Relevant to Environmental Regimes: Legal Construction and Effects	248
8.2.3 Conclusions	251

## 9 REGULATORY STRATEGY 253

---

9.1 Regulatory Strategies	254
9.1.1 Types of Regulatory Strategies	254
9.1.2 Obstacles to Regulating Environmental Issues Strategically	263
9.2 The Overall Goal of Environmental Regulatory Strategies: 'Sustainable Development'	267
9.2.1 The UN and EU Contexts for Sustainable Development	267
9.2.2 Regulating Sustainable Development in the UK	270
9.3 Who Is Who in Environmental Regulatory Strategies?	273
9.3.1 The impact of the EU in the UK withers ... but Transnationalism Continues	273
9.3.2 The Shift from Government to Governance	276
9.3.3 Enrolling Private Actors into Environmental Regulation in the UK	277
9.3.4 Accountability for and Legitimacy of Environmental Regulatory Strategies	282
9.3.5 Concluding Remarks	284
9.4 Can Industrial and Post-Industrial Modernity Be Strategically Regulated?	285
9.4.1 From Industrial to Reflexive Modernity	286
9.4.2 Concluding Comments	289
9.5 Conclusion	290

## PART III LEGAL CULTURES 291

### 10 ENVIRONMENTAL LAW IN THE LEGAL CULTURE OF THE UNITED KINGDOM 292

---

10.1 Legal Culture	292
10.2 The Historical and Theoretical Roots of UK Environmental Law	294

10.2.1 Pre-Twentieth Century	295
10.2.2 Twentieth Century	299
10.2.3 Twenty-First Century	302
10.3 The Nature of UK Environmental Law	305
10.3.1 Legislation and Delegated Legislation	305
10.3.2 Private Law, Statutory Remedies, and Offences	307
10.3.3 Policy Style	307
10.3.4 Enforcement Style	309
10.4 The Institutional Landscape of UK Environmental Law	311
10.4.1 DEFRA and Other Central Government Departments	311
10.4.2 Local Government	313
10.4.3 The Environment Agency and Other Specialist Institutions	315
10.5 Devolution	317
10.5.1 Scotland	318
10.5.2 Wales	320
10.5.3 Northern Ireland	320
10.6 The EU and Brexit	322
10.6.1 The EU's Impact on UK Environmental Law	322
10.6.2 The Dynamics of Brexit	323
10.6.3 Brexit and Devolution	327
10.7 Conclusion	328

## **11** EUROPEAN UNION ENVIRONMENTAL LAW 329

---

11.1 Some Comments on European Union Legal Culture	330
11.2 EU Environmental Law: A Range of Definitions	334
11.2.1 A Descriptive Definition	334
11.2.2 A Purposive Definition	335
11.2.3 A Jurisprudential Definition	339
11.2.4 Moving Forward	340
11.3 European Union Competence in Relation to Environmental Protection	340
11.3.1 Articles 191–193 and Article 114 TFEU	342
11.3.2 The Case Law on Competence in Relation to Environmental Problems	345
11.3.3 Subsidiarity	349
11.4 Implementation and Enforcement	351
11.4.1 Implementing EU Environmental Law	351
11.4.2 So What Is Harmonization?	354
11.4.3 The Non-Implementation Problem	355
11.4.4 Enforcing EU Environmental Law	357

11.5	Ability of Member States to Take Unilateral Environmental Protection Measures	358
11.5.1	Unilateral Member State Environmental Action: Where the EU Has Acted	359
11.5.2	Unilateral Member State Environmental Action: Where the EU Has Not Acted	362
11.6	Legitimacy and the Development of EU Administrative Law	370
11.6.1	Legitimacy	370
11.6.2	EU Administrative Law?	371
11.7	Conclusion	374

## **12** INTERNATIONAL ENVIRONMENTAL LAW 375

---

12.1	International Environmental Law: An Overview	375
12.1.1	Definitions of International Environmental Law	376
12.1.2	History of International Environmental Law	379
12.1.3	Emerging Hybrid Concepts in International Environmental Law	383
12.2	Public International Law	386
12.2.1	Public International Law and Its Sources	386
12.2.2	State Sovereignty	388
12.2.3	Fragmentation	389
12.2.4	International Law Theory	393
12.3	The Institutional Arrangements of International Environmental Law	395
12.3.1	International Institutions	395
12.3.2	Autonomous Institutional Arrangements	395
12.3.3	Dispute Settlement	397
12.4	The Legal Nature of International Environmental Law	400
12.4.1	Treaties	401
12.4.2	Soft Law	404
12.4.3	Customary International Law and General Principles	406
12.5	Interrelationship between IEL and Other Legal Systems	409
12.5.1	Legal Relationships between IEL and the EU and UK Legal Systems	410
12.5.2	Inspirational Relationship	414
12.5.3	Multi-Level Regimes	415
12.6	Conclusion	417

<b>PART IV POLLUTION CONTROL</b>	<b>418</b>
<b>13 POLLUTION CONTROL PERMITTING</b>	<b>419</b>
13.1 What Is Pollution?	419
13.2 The Development of Pollution Control Law	420
13.3 Environmental Permitting in England and Wales: Administrative Integration of Pollution Control Regimes	422
13.3.1 Obtaining an Environmental Permit	424
13.3.2 Enforcing Environmental Permits	426
13.3.3 Appeals and Permit Surrender	428
13.4 Conclusion	428
<b>14 INTEGRATED POLLUTION CONTROL</b>	<b>430</b>
14.1 The History of IPC as an Environmental Policy Idea	431
14.2 EU and UK Integrated Pollution Control	433
14.2.1 EU Integrated Pollution Control: The Directive on Industrial Emissions (2010/75/EU)	433
14.2.2 Implementing Integrated Pollution Prevention and Control in England and Wales	447
14.2.3 A Web of Regulation: The Link Between the EU IED and Other Pollution Control Regimes	454
14.3 The Nature of Environmental Legal Obligations Under IPC	458
14.4 Conclusion	462
<b>15 WATER POLLUTION</b>	<b>464</b>
15.1 An Integrated Approach to Water Quality?	465
15.1.1 Regulating Water Quality as a Dynamic Issue	465
15.1.2 Bioregionalism: Foregrounding Space in Water Regulation	467
15.2 Governing Through River Basins: The EU Water Framework Directive (2000/60/EC)	471
15.2.1 An Overview of the WFD	471
15.2.2 Links Between the WFD and Other EU Directives	479
15.2.3 The WFD and Space: Governing Through the River Basin	481
15.2.4 The Common Implementation Strategy (CIS) for the EU WFD	486
15.3 Environmental Permitting and Abstraction Licensing	488
15.3.1 Key Elements of Environmental Permitting of Water Discharge and Groundwater Activities	489
15.3.2 Abstraction Licensing	493
15.3.3 Water Pollution Offences	496

15.4 Flood and Drought Law for Achieving Water Quality	506
15.4.1 The EU Floods Directive (2007/60/EC)	507
15.4.2 The Flood and Water Management Act (FWMA) 2010	508
15.4.3 Drought Law	512
15.5 Conclusion	516

## **16 WASTE REGULATION** 517

---

16.1 The Waste Problem: Defining Waste	518
16.1.1 The Problem of Waste	518
16.1.2 Defining Waste: EU Law	521
16.1.3 Defining Waste: UK Law	535
16.2 EU Waste Policy and Regulation	541
16.2.1 The Waste Framework Directive: Functions and Fundamental Obligations	541
16.2.2 Waste Policy Obligations	543
16.2.3 EU Waste Treatment and Management Obligations	546
16.2.4 'Daughter' Waste Directives	549
16.2.5 Waste Shipments Regulation	551
16.3 Waste Regulation in UK/English Law	552
16.3.1 UK Waste Regulation Historically and Today	552
16.3.2 Transposing EU Waste Law	554
16.3.3 UK Waste Offences and Civil Sanctions	555
16.4 Conclusion	559

## **17 AIR QUALITY LAW** 561

---

17.1 The Air Pollution Problem	562
17.1.1 Sulfur Dioxide and NO <sub>x</sub> : Acidifying, Eutrophying, and Reactive Pollutants	564
17.1.2 Heavy Metal Particulates	564
17.1.3 Particulate Matter	565
17.1.4 Benzene, Polycyclic Aromatic Hydrocarbons, Dioxins, and Furans	565
17.1.5 Persistent Organic Pollutants (POPs)	565
17.1.6 Volatile Organic Compounds (VOCs)	565
17.2 Air Quality Law: UK History and International Developments	566
17.2.1 History of UK Air Quality Regulation	566
17.2.2 Air Quality Regulation in International Law	567
17.3 EU Air Quality Law	569
17.3.1 EU Air Quality Policy	570
17.3.2 Ambient Air Quality Directive	572
17.3.3 National Emission Ceilings (NEC) Directive	582
17.3.4 Regulating Emissions at Source	583

17.4	UK and English Air Quality Law	587
17.4.1	Transposing and Implementing EU Air Quality Law	588
17.4.2	Managing Local Air Quality: A Complex Governance Challenge	594
17.5	Conclusion	598
<b>18</b>	<b>CLIMATE CHANGE LAW</b>	<b>599</b>
18.1	Climate Change and the Law	599
18.1.1	The Climate Change Problem	600
18.1.2	What Is Climate Change Law?	601
18.2	International Climate Change Policy and Law	604
18.2.1	UN Framework Convention on Climate Change (UNFCCC)	605
18.2.2	Kyoto Protocol	606
18.2.3	Paris Agreement	607
18.3	EU Climate Change Policy and Regulation	614
18.3.1	Overview	614
18.3.2	Energy Union	615
18.3.3	EU Emissions Trading Scheme (ETS)	616
18.4	UK Climate Change Policy and Regulation	623
18.4.1	Implementing EU Climate Law	624
18.4.2	Climate Change Act 2008	625
18.4.3	UK Climate Change Initiatives	632
18.5	Climate Litigation	634
18.6	Conclusion	638
	<b>PART V ENVIRONMENTAL LAW AND ENVIRONMENTAL PROTECTION</b>	<b>640</b>
<b>19</b>	<b>PLANNING LAW</b>	<b>641</b>
19.1	Planning: A Conceptual Overview and History	642
19.1.1	Defining Planning	642
19.1.2	Planning Law Prior to 1947	642
19.1.3	The Town and Country Planning Act 1947 and Beyond	645
19.2	The Legal Framework for Planning: A Very Brief Sketch	648
19.2.1	The Basic Framework	648
19.2.2	Conceptual Themes	651
19.3	Local Development Frameworks and Central Government Policy	654

19.3.1 Local Development Frameworks	654
19.3.2 Central Government Policy	656
19.3.3 The Interpretative Approach to Planning Policy	661
19.4 Development and Applying for Planning Permission	666
19.4.1 'Development' and the Scope of Planning Law	666
19.4.2 The Process of Applying for Planning Permission	668
19.5 The Planning Application Determination Process	670
19.5.1 The Concept of 'Material Considerations'	670
19.5.2 The Grant of Planning Permission and the Use of Conditions and Obligations	671
19.5.3 Reason-Giving in Planning Decision-Making	673
19.6 Environmental Issues in Planning Decision-Making	676
19.6.1 The Environmental Objectives of the Planning	676
19.6.2 Planning and Pollution Regulation	679
19.6.3 Air Quality	682
19.6.4 Contaminated Land	683
19.7 Enforcement, Appeals, and Judicial Review	686
19.7.1 Planning Enforcement	686
19.7.2 Appeals and the Planning Inspectorate	688
19.7.3 The Role of Courts	690
19.8 Conclusion	692

20

## ENVIRONMENTAL ASSESSMENT

693

---

20.1 Environmental Assessment: An Overview	694
20.1.1 EIA as a Process	694
20.1.2 The Historical Development of EIA	695
20.1.3 The Nature and Purpose of EIA	698
20.1.4 The Limits of EIA	700
20.1.5 The Emergence of Strategic Environmental Assessment	702
20.2 The Environmental Assessment Directive in the EU	704
20.2.1 The Basic Obligation	705
20.2.2 Screening and Scoping	705
20.2.3 Information, Participation, and Consultation	707
20.2.4 Decision-Making, Challenges to Decisions, and Post-Decision Monitoring	708
20.2.5 Implementation and Enforcement	709
20.2.6 EIA in England	710
20.3 The CJEU and the Directive	712
20.3.1 Wide Scope and Broad Purpose	713
20.3.2 Screening and Thresholds	715
20.3.3 The Direct Effect of the Directive	718

20.4	The EIA Directive in the UK Courts	722
20.4.1	The General Approach	722
20.4.2	Screening	726
20.4.3	The Adequacy of the Environmental Statement	730
20.4.4	Remedies	735
20.5	The Strategic Environmental Assessment Directive	737
20.5.1	The Directive and Its Interpretation by the CJEU	737
20.5.2	Strategic Environmental Assessment in the UK	740
20.6	Conclusion	742

## **21** NATURE CONSERVATION 743

---

21.1	Nature Conservation as an Environmental Problem	744
21.1.1	Environmental Values and Protecting The Natural Environment	744
21.1.2	Scientific Assessment and Nature Conservation	747
21.1.3	Polycentricity, Conflict, and Nature Conservation	750
21.2	Protecting Nature: The Main Legal Techniques	751
21.2.1	Permitting and Criminal Offences	752
21.2.2	Protecting Enclaves	754
21.2.3	Integration	754
21.2.4	Governance	755
21.2.5	Natural Capital	757
21.3	The Legal Frameworks for Nature Conservation	757
21.3.1	International Law Frameworks	758
21.3.2	EU Law and Policy	759
21.3.3	Nature Conservation Law: UK Derived Frameworks	761
21.3.4	The Institutional Landscape	764
21.3.5	Planning Law	765
21.4	Sites of Special Scientific Interest	766
21.4.1	Basis of Notification	767
21.4.2	Protecting SSSIs	771
21.5	EU Law: SPAs and SACs	773
21.5.1	Birds Directive: Special Protection Areas	773
21.5.2	Habitats Directive	776
21.5.3	Level of Protection: Article 6 Habitats Directive	779
21.5.4	National Implementation	786
21.6	Conclusions	793
