

Contents:

1. Welcome address	5
2. Scientific Committee, Organizing Committee, About the Organizers	7
3. Brno and South Moravia	9
4. Abstracts:	
Section 1: Structure and function of PS II and thylakoid membrane components	11
Section 2: Light and temperature effects on photosynthesis	33
Section 3: Nutrient availability and photosynthesis	75
Section 4: Salinity, osmotic and water stress	83
Section 5: Toxic compounds and herbicides	91
Section 6: Organism interactions and photosynthesis	105
Section 7: Photosynthesis in populations, ecosystems and extreme environments	109
Section 8: Emerging techniques, novel approaches	117
5. List of Authors of the Abstracts	125
6. List of Participants	129
7. Sponsors	135
