A Note to the Student

Introduction: How to Read an Atlas x

Part I Global Physical Patterns 1

Map 1	World Countries	2
Map 2	World Physical Map	4
Map 3a	Average Annual Precipitation	6
Map 3b	Seasonal Average Precipitation—November Through April	7
Map 3c	Seasonal Average Precipitation—May Through October	7
Map 3d	Variation in Annual Precipitation	8
Map 4a	Temperature Regions and Ocean Currents	9
Map 4b	Average July Temperature	10
Map 4c	Average January Temperature	10
Map 5a	Atmospheric Pressure and Predominant Surface Winds—January	11
Map 5b	Atmospheric Pressure and Predominant Surface Winds—July	12
Map 6	World Climate Regions	13
Map 7	Vegetation Types	14
Map 8	World Soil Orders	15
Map 9	World Ecological Regions	16
Map 10	Plate Tectonics	18
Map 11	World Topography	19
Map 12a	World Resources: Mineral Fuels	20
Map 12b	World Resources: Critical Metals	21
Map 13	World Natural Hazards	22

Part II The Human Environment: Global Patterns 23

Map 14	World Population Density	24
Map 15	World Economic Activity	25
Map 16	World Urbanization	26
Map 17	World Transportation Patterns	27
Map 18	World Religions	28
Map 19	World Languages	29
Map 20	World External Migrations in Modern Times	30

Part III Global Demographic Patterns 31

Map 21	Population Growth Rates	32
Map 22	Total Fertility Rates	33
Map 23	Infant Mortality Rates	34
Map 24	Child Mortality Rates	35
Map 25	Average Life Expectancy at Birth	36
Map 26	Population by Age Group	37
Map 27	World Daily Per Capita Food Supply	38
Map 28	Illiteracy Rate	39
Map 29	Female/Male Inequality in Education and Employment	40
Map 30	Global Scourges: Major Infectious Diseases	41
Map 31	The Quality of Life: Human Development Index	42

Part IV Global Economic Patterns 43

Map 32	Rich and Poor Countries: Gross National Income	44
--------	--	----

Map 33	Gross National Income Per Capita	45
Map 34	Economic Growth: GDP Change Per Capita	46
Map 35	Total Labor Force	47
Map 36	Employment by Sector	48
Map 37	Agricultural Production Per Capita	49
Map 38	Exports of Primary Products	50
Map 39	Dependence on Trade	51
Map 40	Global Flow of Investment Capital	52
Map 41	Central Government Expenditures Per Capita	53
Map 42	Purchasing Power Parity	54
Map 43	Energy Production	55
Map 44	Energy Consumption Per Capita	56

Part V Global Patterns of Environmental Disturbance 57

Map 45	Global Air Pollution: Sources and Wind Currents	58
Map 46	The Acid Deposition Problems: Air, Water, Soil	59
Map 47	Major Polluters and Common Pollutants	60
Map 48	Global Carbon Dioxide Emissions	61
Map 49	Potential Global Temperature Change	62
Map 50	World Water Resources: Availability of Renewable Water Per Capita	63
Map 51	World Water Resources: Annual Withdrawal Per Capita	64
Map 52	Pollution of the Oceans	65
Map 53	Food Supply from the World's Marine and Freshwater Systems	66
Map 54	Changes in Cropland Per Capita, 1987-1997	67
Map 55	Annual Change in Forest Cover, 1990-1995	68
Map 56	The Loss of Biodiversity: Globally Threatened Animal Species	69
Map 57	The Loss of Biodiversity: Globally Threatened Plant Species	70
Map 58	Global Hotspots of Biodiversity	71
Map 59	The Risks of Desertification	72
Map 60	Global Soil Degradation	73
Map 61	Degree of Human Disturbance	74

Part VI Global Political Patterns 75

Map 62	Political Systems	76
Map 63	Sovereign States: Duration of Independence	77
Map 64	Post-Cold War International Alliances	78
Map 65	International Conflicts in the Post-World War II World	79
Map 66	International Terrorist Incidents, 2000	80
Map 67	The Political Geography of a Global Religion: The Islamic World	82
Map 68	Global Distribution of Minority Groups	83
Map 69	World Refugee Population	84

Part VII World Regions 85

Map 70	North America: Political	86
Map 71	North America: Physical	87
Map 72	North America: Thematic	88
Map 72a	Environment and Economy	88
Map 72b	Population Density	89
Map 72c	Population Distribution: Clustering	89

Map 73	Canada	90
Map 74	United States	91
Map 75	Middle America	92
Map 76	Caribbean	93
Map 77	South America: Political	94
Map 78	South America: Physical	95
Map 79	South America: Thematic	96
Map 79a	Environment and Economy	96
Map 79b	Population Density	97
Map 79c	Environmental Problems	97
Map 80	Northern South America	98
Map 81	Southern South America	99
Map 82	Europe: Political	100
Map 83	Europe: Physical	101
Map 84	Europe: Thematic	102
Map 84a	Environment and Economy	102
Map 84b	Population Density	103
Map 84c	Political Change in the 1990s	104
Map 85	Western Europe	105
Map 86	Eastern Europe	106
Map 87	Northern Europe	107
Map 88	Africa: Political	108
Map 89	Africa: Physical	109
Map 90	Africa: Thematic	110
Map 90a	Environment and Economy	110
Map 90b	Population Density	110
Map 90c	Colonial Patterns	111
Map 91	Northern Africa	112
Map 92	Southern Africa	113
Map 93	Asia: Political	114
Map 94	Asia: Physical	115
Map 95	Asia: Thematic	116
Map 95a	Environment and Economy	116
Map 95b	Population Density	117
Map 95c	Asia: Industrialization and Resources	117
Map 96	Northern Asia	118
Map 97	Southwestern Asia	119
Map 98	Southern Asia	120
Map 99	East Asia	121
Map 100	Southeast Asia	122
Map 101	Australasia: Political	123
Map 102	Australasia: Physical	124
Map 103	Australasia: Thematic	125
Map 103a	Environment and Economy	125
Map 103b	Population Density	126
Map 103c	Climatic Patterns	126
Map 104	The Pacific Rim	127
Map 105	The Atlantic Ocean	128
Map 106	The Indian Ocean	129
Map 107	The Arctic	130

Part VIII Tables

Table A	World Countries: Area, Population, Population Density, 2000	132
Table B	World Countries: Form of Government, Capital City, Major Languages	137
Table C	World Countries: Basic Economic Indicators, 1999	142
Table D	World Countries: Population Growth, 1950–2025	146
Table E	World Countries: Basic Demographic Data, 1975–2000	150
Table F	World Countries: Mortality, Health, and Nutrition, 1980–1999	154
Table G	World Countries: Education and Literacy, 1990–1999	158
Table H	World Countries: Agricultural Operations, 1996–2000	162
Table I	World Countries: Land Use and Deforestation, 1980–2000	166
Table J	World Countries: Energy Production and Consumption, 1980–1998	170
Table K	World Countries: Energy Efficiency and Emissions, 1980–1998	174
Table L	World Countries: Power and Transportation	178
Table M	World Countries: Communications, Information, and Science and Technology	182
Table N	World Countries: Water Resources	186
Table O	World Countries: Globally Threatened Plant and Animal Species	191

Part IX Geographic Index 195
