Everyone Makes Games	xvii
--------------------------------	------

What You'll Need	xviii
A Brief History of Games	xviii
Who Makes Video Games?	xix
Why Make a Video Game?	xxi
What Should My Game Be About?	xxi
About PuzzleScript	xxii
Do I Need to Know How to Program?	xxii
How Much Does It Cost?	xxii
Do I Have to Make Puzzle Games?	xxii
Alternative Tools	xxiii

1 PuzzleScript Basics.	1
--------------------------------	---

Getting Started with PuzzleScript.	3
Parts of PuzzleScript.	5
Adding Basic Information	5
Creating Objects	6
Defining Objects in the Legend.	8
Adding Sounds	9
Setting Collision Layers.	9
Writing Rules	10
Setting Win Conditions.	12
Making Levels.	13
What You Learned	15

2 Herding Cats: Your First PuzzleScript Game . . . 17

Opening a Blank Project	18
Creating Objects	21
Drawing the Background.	22
Drawing Walls	23
Adding the Background and Wall to the Legend	24
Creating the Collision Layers.	24
Creating a Sample Level	25
Drawing the Player	26
Drawing Cats	27
Using Your Objects	29
Adding More Collision Layers	30
Creating a Test Level	31
Creating Rules for Cats	32
Making Cats Follow the Player	34
Defining Properties of Objects	36
Allowing Cats to Wake Up Other Cats	36
Keeping Cats Together	37
Winning the Game	38
Adding Sounds	40
What You Learned	43

3 Herding Cats: Using Level Design to Tell Stories 45

Using the Level Editor.	46
Playing a Level	47
Editing a Level	47
Enlarging a Level	48
Saving and Printing Your Level.	49
Adding Your New Level to Your Game	50
Testing Your Levels	50
Levels Tell a Story	51
Levels Teach the Player the Rules.	53
Troubleshooting.	54
Running Rules at the Start of a Level.	54

Levels Challenge Players to Use What They Know	55
Learning from Mistakes.	57
Design Your Own Levels!	57
Sharing Your Game	59
Bonus Challenges	60
Levels with Different Shapes	60
Four Types of Cats	61
What You Learned	62

4 Robot Heist: Creating Rules and Obstacles. . 63

How Robot Heist Works	64
Brainstorming Objects and Interactions	65
Getting Started	66
Creating Objects	67
Creating the Legend	69
Player Swapping	70
Updating the Legend	72
Updating the Collision Layers	73
Writing Rules to Switch Characters.	74
Building a Test Level	75
Adding Pushing Rules.	77
Making Groups of Pushable Objects	77
Allowing Characters to Push Multiple Objects	78
Creating Win Conditions	79
Adding Exit to a Collision Layer	81
Creating the Buddy Group for the Win Condition.	82

Creating the Gate Objects	85
Adding the Gates to the Legend and the Collision Layers	86
Writing Rules for Gates	87
Testing the Gates	89
Adding the Security Lasers	91
Creating the Laser Objects	91
Adding Lasers to the Legend	92
Adding Lasers to the Collision Layers	93
Writing Laser Rules	93

Testing the Lasers	94
Fixing the Laser Bug	96
Bonus Challenges	100
What You Learned	100

5 Robot Heist: Creating Consequences for Losing. 101

Getting Caught	103
Adding Sound Effects	105
Adding Caught Robots to the Collision Layers	105
Writing the Rules for Getting Caught	106
Updating the Win Conditions	108
Adding Robot Guards	109
Creating Guard Objects.	111
Adding Guards to the Legend and the Collision Layers	112
Writing Rules to Move Guards Forward	113
Writing Rules for Turning Right	115
Catching the Intruders	117
Testing the Guards	118
Realtime Mode	120
Making Objects Move in Realtime	120
Checking for a Stationary Player.	122
Extra Challenges: Make It Look Good	123
What You Learned	124

6 Robot Heist: Refining Your Level Design. 125

Brainstorming the Story	126
Exploring the Palette	127
Creating Your First Level	128
Introducing New Objects.	129
Adding a Second Concept.	130
Creating Bumpy Floors	130
Refining Your First Level	132
Giving Structure to a Level	133
Creating Sections Within a Level.	134

Designing Levels for Both Robots	135
Basic Teamwork	136
Using a Crate	136
Splitting Up the Robots	137
Putting It All Together	138
What You Learned	139

7 Where to Go from Here 141

Asking Questions	142
More PuzzleScript Games to Try	142
Cake Monsters	143
Flying Kick	143
Cute Train	143
Game Challenges	144
Make an Animated GIF of Your Game	144
Post Your Game on itch.io	145
Make a Two-Player Game	145
Tell a Story with No Words	146
Collaborate with Friends	147
Make Games with Bitsy	148
Keep Exploring and Creating!	148

Index 151

Everyone Likes Games

Video games can be playful, weird, exciting, curious, thought-provoking, downright scary. We enjoy playing games because they are like windows into other worlds that move and change as we play with them, worlds whose rules are different from our own. Sometimes these rules even to make more sense than ours. Games can be places we visit for a short time or places we get lost in for long stretches of a time. Through games, we can try to offer ourselves and explore different perspectives.
