LIST OF TABLES	6
INTRODUCTION.....	7
1. ANALYSIS OF THE THEORETICAL AND METHODOLOGICAL APPROACHES TO UNDERSTANDING THE QUALITY OF LIFE CATEGORY (CURRENT STATE OF THE ISSUE).....	8
1.1. The genesis of the formation of approaches to understanding the category “quality of life”	8
1.2. Basic approaches to understanding the content of the category “quality of life”	10
1.3. The main indicators for the assessment of quality of life, used in the framework of various approaches.....	11
2. GOALS, OBJECTIVES AND METHODS OF RESEARCH.....	13
2.1. Formulation of the dissertation main goal.....	13
2.2. Determination of the objectives and main tasks of the dissertation.....	13
2.3. Methods used for solving research problems and tasks.....	14
3. METHODOLOGY FOR DETERMINING THE CURRENT STATE OF LIVING OF POPULATION (AUTHOR'S APPROACH).....	15
3.1. Algorithm of formation of scientific and methodological approach to determination of current state of quality of life of population, allowing to carry out comparative assessment in terms of several countries.....	15
3.2. Justification of the procedure of selecting initial subaggregates for inclusion in the aggregate indicator	17
3.3. Determination of the method of baseline indicators transformation.....	18
3.4. Methodology of determining weight of indicators, on the basis of which the aggregate indicator is calculated.....	18
3.5. Determination of the type of aggregate indicator.....	19
4. APROBATION (TESTING) OF THE SCIENTIFIC AND METHODOLOGICAL APPROACH TO ASSESSING THE QUALITY OF LIFE OF THE POPULATION.....	20
4.1. Formation of a set of baseline indicators for assessing the quality of life.....	20
4.2. Weight determination of the baseline indicators of quality of life (based on the ratings of the Ukrainian expert).....	21
4.3. Weight determination of the baseline indicators of quality of life (based on the ratings of the Czech expert).....	23
4.4. Standardization and calculation of an aggregated indicator of quality of life, not determining the baseline indicator significance.....	25

4.5. Standardization and calculation of the aggregated indicator of quality of life, where significance of the baseline indicators takes place.....	25
5. POSSIBILITIES OF IMPROVING THE QUALITY OF LIFE IN UKRAINE USING THE EXPERIENCE OF OTHER COUNTRIES.....	28
CONCLUSION	32
