6	Organic Farming	131
	The Organic Farming Sector	131
	Regulating Organic Production: The Role of Regulation 834/2007	132
	Labelling and Advertising Organic Produce	140
	Financial Assistance for Organic Farmers and Farmers Converting to Organic Production	142
	Evaluating the Organic Farming Scheme	144
7	Agriculture and Nature Conservation	147
	Addressing Agriculture's Role in Protecting Biodiversity	147
	Protecting Important Species and their Habitats: The Wild Birds and Habitats Directives	149
	Progress Towards Natura 2000	157
	CAP's Role in Supporting the Natura 2000 Network	159
	CAP's Support for Nature Conservation in the Wider Countryside	163
8	Regulating Agricultural Pollution	171
	Preventing Environmental Pollution	171
	Nitrate Pollution in European Waters	171
	The Water Framework Directive	183
	Protecting Groundwaters	185
	Using Sewage Sludge as Fertiliser	187
	Agricultural Waste	189
	Environmental Liability	193
	Environmental Impact Assessment	198
	Integrated Pollution Prevention and Control	202

9	Agriculture and Food Safety	205
	Consumer Confidence and Food Production	205
	Food Safety and the EC Treaty	208
	The Institutional Structure of EC Food Safety Law	211
	Responding to Food Safety Emergencies: The RAPID Alert System	215
	Risk and Regulation: A Precautionary Approach	218
	Genetically Modified Organisms	222
	Food Safety and the Common Agricultural Policy	234
10	Agriculture, the Environment and International Trade	237
	Regulating International Trade	237
	International Trade Reform and the Common Agricultural Policy	238
	World Trade and Environmental Protection	248
	Augmenting World Trade's Environmental Standards	250
	Importing Agricultural Produce into the European Community	258
	<i>Index</i>	263
