

These highly personal essays reflect experiences and insights of key geographers of the past half-century. Contributors not only document the growing concern for research on social conditions and social justice, but also prove that scholarly commitment is still vibrant and healthy in the discipline. A unique contribution in North American geographical publishing, this book is a valuable addition to the expanding documentation of the history, philosophy, and recent developments in geographic thought.

Contents

- "Clara Voce Cognito," Brian J. L. Berry
"A Journey to Discovery," John R. Borchert
"Center, Periphery, and Back," Karl W. Butzer
