<i>Emerging Library Technologies: It Is Not Just for Geeks</i>	<i>xiii</i>
1. Artificial Intelligence: AI is Nearby	1
Introduction	1
What is Intelligence?	1
What is Artificial Intelligence (AI)?	2
A Brief History of Artificial Intelligence (AI)	3
Market for Artificial Intelligence (AI)	4
Areas Within Artificial Intelligence (AI)	5
Deep Learning	5
Machine Learning	6
Machine Translation Technology (MTT)	8
Artificial Emotional Intelligence or Emotion AI	8
Speech Recognition Technology	8
Industries Impacted by Artificial Intelligence (AI)	9
Challenges and Opportunities for Artificial Intelligence (AI)	10
Challenges for Artificial Intelligence (AI)	10
Opportunities for Artificial Intelligence (AI)	11
Applications of Artificial Intelligence (AI)	13
AI in Medicine	13
AI in Music	13
AI in Libraries	14
The Role of Libraries	14
Internships/Mentorships	15
Job Retraining	15
Conclusion	16
Questions for Further Discussion	17
Considerations for Implementation	17
Proposal	19
Glossary	20
Suggestions for Further Reading	20
Bibliography	21
2. Robotics: Robots to the Rescue	23
Introduction	23
What is a Robot?	24
What is Robotics?	25

A Brief History of Robotics	26
Market for Robotics	26
Challenges and Opportunities for Robotics	27
Challenges for Robotics	27
Opportunities for Robotics	29
Applications of Robots in Various Industries	30
Robots in Healthcare	30
Robots in Education	31
Robots in Libraries	34
Chicago Public Library	34
Westport Connecticut Library	35
Peters Township Public Library	35
Carnegie Library of Pittsburgh	35
Seattle Public Library	36
Wilson (CT) Public Library	36
University of Texas at Arlington Library	36
University of Texas at Arlington (UTA) FabLab	37
The University of Technology, Sydney (UTS) Library	37
Conclusion	37
Questions for Further Discussion	38
Considerations for Implementation	39
Proposal	40
Glossary	40
Suggestions for Further Reading	41
Bibliography	43

3 Is It a Bird, Is It a Plane: It's a Drone Flying Your Way 45

Introduction	45
What is a Drone?	46
A Brief History of Drones	47
Types of Drones	47
Single Rotor Drones	48
Multicopter Drones	48
Tricopters (Three Rotors or Propellers)	48
Quadcopters (Four Rotors or Propellers)	48
Hexacopter (Six Rotors or Propellers)	49
Octocopters (Eight Rotors or Propellers)	50
Fixed Wing Drones	51
Features in Common	51
Challenges and Opportunities for Drones	51
Challenges for Drones	51
Opportunities for Drones	52
Applications of Drones	53
Drones in Entertainment	54
Drones in Agriculture	54

Drones in Law Enforcement	55
Drones in Real Estate	55
Drones in Photography	55
Drones in Deliveries	55
Drones in Engineering	56
Drones in Monitoring and Protection	56
Drones in Education	56
Drones in Libraries	58
Mandel Public Library in West Palm Beach Florida	59
Arapahoe Colorado Libraries	59
Joint Library of Broward College & Florida Atlantic University	59
Georgia Highlands College Library	60
University of South Florida Library	60
Colgate University Library	61
Ohio Wesleyan University	61
Idaho Schools and Libraries	61
Conclusion	62
Questions for Further Discussion	63
Considerations for Implementation	64
Proposal	66
Glossary	66
Suggestions for Further Reading	67
Bibliography	67
4. Driverless Vehicles: Pick Me Up at the...?	69
Introduction	69
What is a Driverless Car?	70
A Brief History of Driverless Vehicles	72
Self-Driving Car Market	73
The Self-Driving Car Major Players	74
Waymo (Self-Driving Unit of Google Parent Alphabet)	75
Uber	75
Tesla	75
Daimler-Mercedes Benz	76
Porsche/Huawei	76
Volkswagon	76
Fiat Chrysler Automobiles (FCA)	76
Volvo	77
Audi	77
BMW	77
Ford	77
General Motors (GM)	78
Apple	78
Nvidia	78
Baidu	78

Industries Impacted by Driverless Cars	79
Challenges and Opportunities for Driverless Vehicles	82
Challenges for Driverless Vehicles	82
Opportunities for Driverless Vehicles	83
Role of Libraries	84
Internships/Mentorships	85
Job Retraining	85
Conclusion	86
Questions for Further Discussion	87
Considerations for Implementation	88
Proposal	90
Glossary	90
Suggestions for Further Reading	91
Bibliography	92
5. Information Seeking With Big Data: Not Just the Facts	95
Introduction	95
What is Big Data?	95
How Big is Big Data?	96
History of Big Data	97
Applications of Big Data	97
Challenges and Opportunities for Big Data	98
Challenges for Big Data	98
Opportunities for Big Data	100
Industries Impacted by Big Data	101
Big Data Implications for Libraries	101
Big Data Library Examples	102
University of California Berkeley Libraries	102
New York University Elmer Holmes Bobst Library	103
Harvard University Library Analytics Toolkit	103
Massachusetts Institute of Technology (MIT) Libraries	104
University of Michigan Library	104
Conclusion	105
Questions for Further Discussion	105
Considerations for Implementation	106
Proposal	107
Glossary	107
Suggestions for Further Reading	108
Bibliography	109
6. Virtual Reality and Augmented Reality: What Is Your Reality?	111
Introduction	111
What are Virtual Reality and Augmented Reality?	111

What is Augmented Reality (AR)?	112
Brief History of Virtual Reality and Augmented Reality	113
Brief History of Augmented Reality	114
Market for Virtual Reality (VR)/Augmented Reality (AR)	115
Major Players for Virtual Reality and Augmented Reality	115
Challenges and Opportunities for Virtual Reality and Augmented Reality	116
Challenges for Virtual Reality and Augmented Reality	116
Opportunities for Virtual Reality and Augmented Reality	117
Applications of Virtual and Augmented Reality	118
Applications of Virtual Reality in Libraries	120
Conclusion	122
Questions for Further Discussion	123
Considerations for Implementation	124
Proposal	125
Glossary	125
Suggestions for Further Reading	126
Bibliography	127
7. If You Print It, They Will Come: 3D Printing in Your Library	129
Introduction	129
What is 3D Printing?	130
How Does 3D Printing Work?	130
A Brief History of 3D Printing	131
3D Printing Market	132
Types of 3D Printers	132
The Most Popular Type of 3D Consumer Printer	133
Challenges and Opportunities for 3D Printing	134
Challenges for 3D Printing	134
Opportunities for 3D Printing	136
Applications of 3D Printing	137
Medicine/Healthcare	137
Retail	138
Aerospace	139
Architecture	140
Education	140
Manufacturing	141
3D Printing in Libraries	142
Touro College School of Health Sciences	142
Cline Library MakerLab, Northern Arizona University	145
Photos	146
Stephen F. Austin State University, Ralph W. Steen Library	147
Conclusion	148
Questions for Further Discussion	149
Considerations for Implementation	149

Proposal	150
Glossary	151
Suggestions for Further Reading	151
Bibliography	153
8. Wearable Technologies From A to Z	155
Introduction	155
What is Wearable Technology?	155
Brief History of Wearable Technologies	156
Market for Wearable Technologies	156
Types of Wearable Technologies	157
Challenges and Opportunities for Wearable Technologies	158
Challenges for Wearable Technologies	158
Opportunities for Wearable Technologies	159
Implications for Wearable Technologies in Libraries	160
Applications of Wearable Technologies	161
Universal Orlando Resort Water Park	161
University of Pittsburgh Innovation Challenge Wearable Health Devices—Clinical and Translational Science Institute	161
University of California San Diego Healthcare Wearable Technology	161
Ryerson University Library & Archives Digital Media Experience Lab	162
Conclusion	162
Questions for Further Discussion	163
Considerations for Implementation	163
Proposal	165
Glossary	165
Suggestions for Further Reading	166
Bibliography	166
9. How to Get Stakeholder Buy In for Implementing Emerging Technologies in Your Library	169
Emerging Technology Stakeholder Buy in Check List	175
10. Keeping Abreast of Emerging Technologies	177
Blogs and Publications	178
Podcasts	179
Books	179
Trend Reports	179
Attend Conferences	180
Consortiums and Groups	180
Conclusion	180
<i>Index</i>	<i>181</i>
