

# A-LEVEL GEOGRAPHY TOPIC MASTER

## GLOBAL GOVERNANCE

**Master the in-depth knowledge and higher-level skills that A-level Geography students need to succeed.**

Blending detailed content and case studies with questions, exemplars and guidance, this focused topic book:

- Significantly improves your knowledge and understanding of A-level content and concepts, extending learning far beyond your course textbooks
- Strengthens your analytical and interpretative skills through questions that involve a range of geographical data sources, with guidance on how to approach each task
- Demonstrates how to evaluate issues, with a section in every chapter that shows how to think geographically, consider relevant evidence and structure a balanced essay
- Provides everything you need to excel, from case studies and definitions of key terms, to suggestions for further research and fieldwork ideas for the Independent Investigation
- Helps you to check, apply and consolidate your learning, using end-of-chapter refresher questions and discussion points
