|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Preface to the English-language edition.....                                                                                                                                              | 7   |
| Introduction.....                                                                                                                                                                         | 11  |
| Chapter 1                                                                                                                                                                                 |     |
| The idea of the crown, the idea of unity: Polish historiography in the early Middle Ages as the foundation of the idea of the rebirth and unification of the <i>regnum Poloniae</i> ..... | 27  |
| 1.1. The <i>Annales regni Polonorum deperditi</i> .....                                                                                                                                   | 28  |
| 1.2. The <i>Liber de passione martiris</i> and <i>The Deeds of the Princes of the Poles</i> ...                                                                                           | 53  |
| 1.3. The <i>Chronicle</i> by Master Wincenty .....                                                                                                                                        | 75  |
| Chapter 2                                                                                                                                                                                 |     |
| The development of the idea of the unification and its functioning in the period of feudal dismemberment .....                                                                            | 95  |
| 2.1. The <i>Legenda Hartviciana</i> and the <i>Hungarian-Polish Chronicle</i> .....                                                                                                       | 95  |
| 2.2. The <i>Vita minor sancti Stanislai</i> .....                                                                                                                                         | 113 |
| 2.3. The pilgrim badge of St Stanisław .....                                                                                                                                              | 129 |
| 2.4. The <i>Vita maior sancti Stanislai</i> .....                                                                                                                                         | 147 |
| 2.5. The <i>Polish Chronicle</i> .....                                                                                                                                                    | 191 |
| 2.6. The <i>Miracula sancti Adalberti</i> .....                                                                                                                                           | 230 |
| Chapter 3                                                                                                                                                                                 |     |
| The unification during the development of the restored Kingdom of Poland.....                                                                                                             | 255 |
| 3.1. The royal seal of Przemysław II.....                                                                                                                                                 | 255 |
| 3.2. The <i>Chronicle of Dzierzwa</i> .....                                                                                                                                               | 279 |
| 3.3. The <i>Vita Tradunt</i> .....                                                                                                                                                        | 298 |
| 3.4. The <i>Annales Polonorum deperditi</i> and the great compiled annals.....                                                                                                            | 309 |
| 3.5. The <i>Chronicle of Greater Poland</i> .....                                                                                                                                         | 338 |

## Chapter 4

|                                                                                                   |     |
|---------------------------------------------------------------------------------------------------|-----|
| The idea of the unification under the Jagiellons .....                                            | 365 |
| 4.1. The <i>Commentary</i> by Jan of Dąbrówka.....                                                | 365 |
| 4.2. The <i>Fifth Catalogue of the Bishops of Kraków</i> .....                                    | 374 |
