List of Participants	xv
Allocation	xxvii
ORIGIN AND EVOLUTION OF THE AMPHIBIA AND REPTILIA	
1. The Origin of the Amphibia	1
By Erik Jarvik	
2. The Current State of the Problem of Amphibian Origin	25
By Emilia I. Vorobyeva	
3. Electric Tetrapods?	29
By Hans C. Bjerring	
4. On the Origin of Nasolacrimal Duct in Tetrapoda	37
By Irene M. Medvedeva	
5. On the Morphological Evolution of Plagiosaurs /Amphibia: Labyrinthodontia/	41
By Mikhail A. Shishkin	
6. Developmental Processes and the Origin of Lepospondyls	45
By Robert L. Carroll	
7. An 'Intracranial Joint' in Frogs	49
By Zbyněk Roček	
8. The Evolution of the Urodele Sound-Conducting Apparatus	55
By Sergey Smirnov	
9. Plate Tectonic, Phylogenetic Systematics, and Vicariance Biogeography of Anurans: Methodology for Unresolved Problems	59
By William E. Duellman	
10. Pleistocene Glaciations and Western-Eastern Palearctic Disjunctions in Amphibian Distribution	63
By Leo J. Borkin	
11. Comments on the Phylogeny of Chelonians	67
By Zofia Sikorska-Piowska	
12. Evolution of Limbless Squamates: Functional Aspects	71
By Carl Gans	

13. Evolution Toward Limblessness in Squamata: Morphological Intermediates or Evolutionary Stages	75
By Jean-Pierre Gasc and Sabine Renous	
14. Role of Highly Repetitive DNA and Heterochromatin in the Evolution of Lizards	79
By E. Olmo, A. Morescalchi, O. Cobror and G. Odierna	
15. On Karyotype Evolution in Lizards	85
By Larissa A. Kupriyanova	
16. Phylogeny and Zoogeography of the Genus <i>Agkistrodon</i> in North America	89
By Roger Conant	
17. Postglacial Ages and the Herpetofauna of Romania	93
By Bogdan Stugren	
18. The Process of Extinction Among Continental Vertebrates During the Transition From the Cretaceous to the Palaeogene	97
By L. P. Tatarinov	

SYSTEMATICS OF THE AMPHIBIA

19. First Results of the Survey of the Lower Cretaceous Anura from Uña, East Spain	103
By Brigitte Fey	
20. Contribution to the Phylogeny of <i>Xenopus</i> /Anura: Pipidae/	107
By Jelle W. F. Reumer and Jean-Daniel Graf	
21. A Reconstruction of the Anuran Locomotor Synthetotype	111
By Borja Sanchíz	
22. Hybridization of Fire-Bellied Toads / <i>Bombina bombina</i> , <i>B. variegata</i> , <i>B. orientalis</i> / in Experimental Conditions	117
By V. C. Uteshev and B. D. Vassiliev	
23. Genetic Analysis of <i>Bombina</i> Hybrids from Eastern Slovakia ...	121
By Günter Gollmann	
24. An Overview of the Systematics of the <i>Bufo viridis</i> Group in Middle and Central Asia	127
By Petr Roth	
25. Karyotype Analysis of the <i>Bufo viridis</i> Group: Systematics Implications	131
By Petr Roth and Petr Ráb	

133. Dissorophoid Amphibians From the Upper Carboniferous of Nýřany By Andrew R. Milner	671
134. Distribution and Structure of the Green Frog Complex in the USSR By L. J. Borkin, I. A. Caune, M. M. Pikulik and T. M. Sokolova	675
135. Competition, Coexistence and Climatic Conditions: Influence on the Distribution of the Warty Newt, Triturus cristatus, in Western Europe By A. Zuiderwijk	679
136. Amphibians and Squamates From the Palaeogene of England ... By Angela C. Milner	685
137. Neogene Varanids of the USSR By G. A. Zerova and V. M. Chkhikvadze	689
138. Neogene and Quaternary snakes of Eastern Europe: Fossil Record By Zbigniew Szyndlar	695
139. A List with Notes of Lizards of the Calabar Area of Southeastern Nigeria By Jon C. Reid	699
140. Review of Gekkonidae in Fauna of the USSR and Neighbouring Countries By N. N. Szczerbak	705
141. Distribution of the Central Asian Tortoise /Agrionemys hors- fieldi Gray, 1844/ in the South of the Turkmen SSR By V. M. Makeev, A. T. Bozhaneki and V. F. Frolov	711

CONSERVATION OF THE AMPHIBIA AND REPTILIA

142. Complex of Destabilizing Factors in Habitats of Amphibians ... By Milan Kminiak	715
143. On the Noxious Effects of Household Detergents on Anuran Eggs and Tadpoles By Rainer Günther and Jörg Plötner	717
144. The Status of Amphibian Spawning Sites in G.D.R. By Klaus Kabisch	723
145. Biogenetic Reserves for Threatened Species of Herpetofauna in Western Europe By K. F. Corbett	727

146. Breeding of Rare and Endangered Amphibian Species in Captivity By V. K. Uteshev, O. I. Shubravyi and I. A. Serbinova	731
147. Status and Conservation of the Fire-Bellied Toad, <i>Bombina bombina</i> , in Western Europe By Claes Andrén, Göran Nilson and Richard Podlousky	735
148. Recent Developments in the Conservation of <i>Testudo hermanni</i> in France By David Stubbs and Ian R. Swingland	739
149. Norwegian Amphibians and Reptiles; Current Situation 1985 ... By Dag Dolmen	743
150. Conservation of Reptiles in Britain and Their Role in Monitoring Changes in Biological Systems By Ian F. Spellerberg	747
Index of Authors	753

26. Karyotypes and Genome Size in the <i>Bufo viridis</i> Group	137
By L. J. Borkin, I. A. Caune, E. M. Pisanetz and Y. M. Rozanov	
27. The Tetraploid Toad of the <i>Bufo viridis</i> Group From Dzungurian Gobi, Mongolia	143
By Valentina F. Orlova and Viktor K. Uteshev	
28. Biosystematic Studies of the <i>Bufo</i> "typhonius" group. A Preliminary Progress Report	147
By Marinus S. Hoogmoed	
29. Cytogenetic and Morphological studies on <i>Triturus alpestris cyreni</i>	151
By Pilar Herrero and Begonia Arano	
30. Aspects of Introgressive Hybridization in Crested and Marbled Newts /Amphibia: Caudata/. Preliminary Results	155
By J. W. Arntzen	
31. Evolution and Subspeciation of Iberian <i>Triturus marmoratus</i> ...	159
By Jesús Dorda and Marisa Esteban	
32. On the Polyploidy in the Family Sirenidae /Amphibia: Caudata/	165
By A. Morescalchi, E. Olmo, G. Odierna and C. Rosati	
33. Proposal for a New Phylogenetic Classification of the <i>Gymnophiona</i> /Amphibia/	171
By J. Lescure, S. Renous and J.-P. Gasc	
34. Population Genetics of the <i>Rana esculenta</i> Complex; A Model ...	175
By Jean-Daniel Graf	

SYSTEMATICS OF THE REPTILIA

35. Revision of the Species <i>Trionyx croaticus</i> Koch 1915	183
By Maja Paunović	
36. Phylogenetic Analysis of <i>Uromastix</i> Lizards, Based on Albumin Immunological Distances	187
By Ulrich Joger	
37. The Karyotype of <i>Lacerta princeps kurdistanica</i> and Its Meaning in Phylogeny	193
By Silke Rykena and Hans Konrad Nettmann	
38. Biplot Graphic Display of Iberian and North African Populations of <i>Podarcis</i> /Sauria: Lacertidae/	197
By V. Perez-Mellado and P. Galindo Villardón	

39. Electrophoretic Analysis of the Pityusic Islands Lizards	201
By A. M. Círer and C.-P. Guillaume	
40. New Evidence of Hybrid Males of Parthenogenetic Lizards	207
By Ilya S. Darevsky, Larissa A. Kupriyanova and Felix D. Danielyan	
41. On the Diagnosis of the Xenosauridae /Anguimorpha/	213
By Magdalena Borsuk-Bialynicka	
42. Phyletic Relationships Among Viperine Snakes	219
By Brian Groombridge	
43. A Review of the Vipera xanthina Complex /Reptilia:Viperidae/ ...	223
By Göran Nilson and Claes Andrén	
44. Molecular Systematics of Some Old World Natricine snakes	227
By Robin Lawson	
45. Morphological Evidence for a Partition of the Genus Coluber /Rep- tilia: Serpentes/	235
By Beat Schätti	
46. Taxonomic Evaluation of Coluber rubriceps /Venzmer, 1919/ From Bulgaria	239
By Ivan Rehák	
47. Genetic Variation in Insular Populations of the Balearic Lizard Po- darcis lilfordi	243
By M. Ramon, B. Terassa, M. J. Arranz and E. Petitpierre	

MORPHOLOGY AND ONTOGENY OF THE AMPHIBIA

48. On the Nasal Muscles in Anura and Urodela	251
By Vladimir E. Nikitin	
49. Triadobatrachus Revisited	255
By Jean-Claude Rage and Zbyněk Roček	
50. Scanning Electron Micrography of the Digital Tip of Pipa pipa /Anura: Pipidae/	259
By Andreas Ehrl, Felix Schütte and Astrid Herbig	
51. Some Results of the Studies of Growth in Anura	263
By Ella M. Smirina	
52. Comments on Coloration and Colour Changes in Rana temporaria L. By Ivan Herán	267

53. Key Characters of the Central European Brown Frogs	271
By H.-J. Herrmann	
54. Myologic Patterns Within the Pelvic Limb of Urodela	277
By Natalia Salomatina	
55. Some Data on the Larvae of <i>Mertensiella caucasica</i>	281
By Alexey V. Koroljov	
56. Anatomical Variation in <i>Triturus</i> /Salamandridae/	285
By J. E. Gonzalez, B. Arano and B. Sanchíz	
57. The Ontogenetic Development in <i>Paramesotriton deloustali</i> /Caudata; Salamandridae/	289
By Ivan Reháč	
58. The Anatomy of the Skull of <i>Grandisonia sechellensis</i> /Caeciliidae, Gymnophiona/	293
By J. O. Straub	
59. Dermal Rings and Vertebral Segments in the Gymnophiona	297
By Sabine Renous, Jean Lescure and Jean-Pierre Gasc	
60. The Homologies of Temporal Bones in Amphibia and Reptilia	303
By Natalia S. Lebedkina	

MORPHOLOGY AND ONTOGENY OF THE REPTILIA

61. On Growth of Captive-Bred Mediterranean <i>Testudo</i> in N Europe ..	309
By Michael R. K. Lambert	
62. The Dental System in Lizards, An Integrated Approach	315
By Emilia I. Vorobyeva and Tatiana J. Chugunova	
63. The Anlage and Development of Egg Teeth in Squamata	319
By N. B. Ananjeva and N. Orlov	
64. Application of Colorimetric Techniques to the Taxonomy of <i>Podarcis pityusensis</i>	323
By A. M. Cirer and J. P. Martínez Rica	
65. Multivariate Analysis of Morphologic and Sexual Features in the Reproductive Cycle of <i>Algyroides marchi</i>	327
By J. L. Rubio and J. P. Ruiz	
66. Growth, Age and Longevity of <i>Lacerta lepida</i> assessed by Skeletochronology	331
By M. A. Castilla and J. Castanet	

67. Some Morpho-Physiological Data on Skeletons of <i>Lacerta agilis</i> and <i>Lacerta viridis</i>	337
By Jan Porkert and Maria Grosseová	
68. The Structure of the Osteoderms in Two Lizards: <i>Tarentola mauritanica</i> and <i>Anguis fragilis</i>	341
By V. Levrat-Calviac, J. Castanet and L. Zylberberg	
69. The Morphology of the Adrenal Gland of <i>Chalcides ocellatus tili-gugu</i> Gmelin During the Annual Cycle	345
By L. Varano, V. Laforgia, A. Cavagnuolo, R. Putti and S. Casu	
70. Venom Discharge Mechanism in <i>Malpolon monspessulanus</i> and <i>Vipera ammodytes</i>	349
By Zoltán Takács	
71. The Head Epidermal Gland-Like Bodies of Typhlopidae /Reptilia: Serpentes/	353
By Gianfranco Borgioli and Benedetto Lanza	
72. Studies of Reptile Surface by Light Microscope	359
By Zdeněk Žižka and Radek Pelc	
73. Scaling of Sclerochorial Surface Area in the Genus <i>Gekko</i>	363
By Aaron M. Bauer and David A. Good	
74. A General Review of the Dorsal Scales' Microornamentation in <i>Vipera</i> Species /Reptilia: Viperidae/	367
By A. Bea	
75. The Study of the Sloughing Cycle in Snakes by Means of Scanning Electron Microscopy	373
By A. Bea and R. Fontarnau	

ECOLOGY OF THE AMPHIBIA

76. Paleoclimatic Inferences Based on Fossil Ranids	379
By Marisa Esteban and Borja Sanchíz	
77. Fire, Vegetation Structure and Herpetofaunal Communities ...	383
By Henry R. Mushinsky	
78. Observations on a Relic Population of <i>Salamandra salamandra</i> on Mt. Carmel During Eleven Years	389
By Michael R. Warburg	

79. Population Ecology of <i>Salamandra salamandra terrestris</i> in an Isolated Habitat	395
By Reiner Klewen	
80. Niche Partitioning and Competition in Tadpoles	399
By Andrea Löschenkohl	
81. Reproductive Biology of a Northern Population of the Western Spadefoot, <i>Pelobates cultripes</i> /Anura: Pelobatidae/	403
By Alfredo Salvador, Jerónimo Alvarez and Camino Garcia	
82. Habitat and Ecology of <i>Hyla arborea</i> in The Netherlands	409
By Anton H. P. Stumpel and Gijbert Hanekamp	
83. Food of <i>Rana catesbeiana</i> in Two Different Areas of Cuba	413
By A. Sampedro Marín, L. Montanez Huguez and O. Suarez	
84. Annual Breeding Cycle and Development of <i>Rhacophorus leucomystax</i> /Kuhl/	417
By Kiyasetuo and M. K. Khare	
85. Notes on Ecology of Amphibians and Reptiles on Range Borders	423
By M. V. Vives-Balmaña	
86. Reproductive Period of Amphibians in the Biological Reserve of Doñana /SW Spain/	429
By Carmen Diaz-Paniagua	

ECOLOGY OF THE REPTILIA

87. Biology of <i>Kinixys belliana</i> at Nosy Faly, Madagascar	435
By Gerald Kuchling	
88. Ecology of Eggs and Laying Sites of <i>Ptyodactylus</i> Geckos	441
By Yehudah L. Werner	
89. On the Factors Determining Desert Lizards' Diet	445
By N. B. Ananjeva and A. J. Tsellarius	
90. Niche Segregation in sympatric <i>Lacerta agilis</i> and <i>L. vivipara</i> ..	449
By Henk Strijbosch	
91. Ecological Comparison of <i>Lacerta viridis</i> and <i>L. agilis</i>	455
By Zoltán Korsós	
92. Reproductive Tactics of Three <i>Lacerta vivipara</i> Populations ...	459
By Thierry Pilorge	

93. Seasonal Responses to Heating and Cooling in <i>Lacerta viridis</i> By Peggy D. Rismiller and Gerhard Heldmeier	467
94. Reproductive Cycle of <i>Algyroides marchi</i> /Reptilia: Lacertidae/ By J. L. Rubio and F. Palacios	473
95. <i>Eremias arguta deserti</i> /Reptilia: Sauria/ in the Ukraine By T. Kotenko	479
96. Habitat Preferences of Snakes in the Southern Cross River State, Nigeria By Joseph A. Butler and Jon Reid	483
97. Effects of Temperature on 'Gestation' in <i>Vipera aspis</i> and <i>V. berus</i> /Reptilia: Serpentes/ By Guy Naulleau	489
98. Ecological Observation on the Rare Vipers of the Caucasus ... By A. T. Bozhanskii and S. V. Kudryavcev	495
99. Notes on the Ecology of the Dice Snake, <i>Natrix tessellata</i> Laur. in West Germany By Michael Gruschwitz	499
100. Dynamics of Age structure in a Population of the Moor Frog, <i>Rana arvalis</i> Nilss. By V. G. Ishchenko and A. V. Ledentsov	503
101. Population Size and Structure in the Fijian Crested Iguana ... By H. G. Cogger and R. A. Sadlier	507
102. A Population Analysis of the Common Wall Lizard <i>Podarcis</i> <i>muralis</i> in Southwestern France By R. Barbault and Y. P. Mou	513

BEHAVIOUR OF THE AMPHIBIA

103. Prey Capture and Intra-Oral Food Transport in Terrestrial Salamanders By P. Dockx and F. De Vree	521
104. Rival Combats in <i>Salamandra salamandra</i> By Werner K€stle	525
105. Courtship in Newts of the Genus <i>Triturus</i> and <i>Paramesotriton</i> By Max Sparreboom	529

106. Mating Decisions of Male Red-Spotted Newts	535
By Paul Verrell	
107. Is Triturus cristatus Territorial?	539
By Linda Satterberg	
108. The Breeding Migrations of Amphibians at Llysdymanog Pond, Wales: 1981-1985	543
By R. A. Griffiths, J. D. Harrison and S. P. Gittins	
109. Performance of Pleurodeles waltl Michahelles in a T-maze ...	547
By Xavier Fontanet	
110. Species Isolating Mechanisms in a Population of Sympatric Toads	553
By Jacob Höglund and Jeremy Robertson	
111. The Role of Vocalisation in Anuran Mating Behaviour	557
By Jeremy Robertson	
112. Bioacoustic Study of Water Frogs /Ranidae/ in Greece	561
By Hans Schneider and Theodora S. Sofianidou	
113. Foam Nest Construction in South American Leptodactylid Frogs	565
By Walter Hödl	

BEHAVIOUR OF THE REPTILIA

114. Movement Patterns in Testudo hermanni and Implications for Management	573
By Ian R. Swingland, David Stubbs, Malcolm Newdick and Bruce Worton	
115. Some Biological Peculiarities of Phrynocephalus /Agamidae/ ...	579
By G. I. Shenbrot and D. V. Semenov	
116. Orientation Mechanisms in a Desert Lizard, Uma notata	583
By Kraig Adler	
117. Reproduction of Testudo graeca graeca in Doñana, SW Spain ...	589
By Ana C. Andreu and M. del Carmen Villamor	
118. On Prey-shaking /"Death-shaking"/ in Lacertidae	593
By Johannes Dauth	
119. Spatial Distribution and Home Range Size in the Swedish Sand Lizard /Lacerta agilis/ During the Mating Season	597
By Mats Olsson	

120. Territoriality and Resource Defence in Wall Lizards / <i>Podarcis muralis</i> /	601
By Lennart Edsman	

PHYSIOLOGY OF THE AMPHIBIA AND REPTILIA

121. Vegetative Reactions in <i>Rana temporaria</i>	607
By Debjani Roy and Hanskurt Müller	
122. Cellular Cyclic Changes in the Pars distalis of <i>Rana limnocharis</i> By Debjani Roy and Mahendra Kumar Khare	613
123. Patterns of Thermoregulation in <i>Podarcis hispanica</i>	621
By Richard G. Bowker	
124. Seasonal Variation in <i>Sphaerodactylus</i> Water-loss Rates	627
By William P. MacLean	
125. European Vipers' Venoms: Toxicity and Immunology	631
By J. Detrait and H. Saint Girons	
126. Analysis of Gastric Juice of Some Venomous Snakes	637
By F. Kornalík and J. Šimák	
127. Duvernoy's Gland in Colubrid Snakes	641
By H. Rosenberg, A. Bdoeh and E. Kochva	
128. Sexual Cycle of the Subcommissural Organ of <i>Chalcides ocellatus tiligugu</i>	645
By A. Ciarletta, C. Tomasino and V. D'Uva	
129. The Spermatogenetic Cycle of <i>Chalcides ocellatus tiligugu</i> ...	649
By F. Angelini, G. Ciarcia, E. Limatola, M. Pala and G. Corso	
130. Leydig Cells and Sexual Steroids in <i>Chalcides ocellatus tiligugu</i> By F. Angelini, G. Ciarcia, V. D'Uva, E. Limatola, L. Varano, A. Polzonetti and M. Zerani	653
131. Preliminary Results of Microbial and Physiological Monitoring of the Bolson Tortoise, <i>Gopherus flavomarginatus</i>	657
W. J. Roskopf Jr., G. A. Adest and G. A. Aguirre	

DISTRIBUTION OF THE AMPHIBIA AND REPTILIA

132. Preliminary Report on the Distribution of Amphibians in Czechoslovakia	665
By J. Moravec
