

Content

1. Introduction	13
2. Methodology.....	16
3. World Agricultural Production and Consumption – Basic Development Trends.....	21
3.1 World Agricultural Production.....	21
3.2 Territorial structure of world agricultural production	23
3.3 World agricultural consumption development (demand for agricultural products).....	25
3.4 Basic trends in agricultural products consumption development.....	27
3.4.1 Feeds consumption.....	29
3.4.2 Seeds consumption.....	30
3.4.3 Waste.....	31
3.4.4 Non-food utilisation of agricultural production	32
3.4.5 Processed food consumption (finalised products consumption).....	32
3.4.6 Unprocessed food consumption (primary and semi finalised production)	33
3.4.7 Conclusions.....	34
3.5 Agricultural production and consumption development (selected groups of countries and commodity groups).....	36
3.5.1 Meat.....	38
3.5.2 Oil crops	38
3.5.3 Pulses.....	39
3.5.4 Roots and tubers	39
3.5.5 Fruits.....	39
3.5.6 Milk	40
3.5.7 Cereals.....	40
3.5.8 Vegetables	41
3.5.9 Sugar crops.....	41
3.6 Selected factors which have been influencing world production and consumption development	42
4. Brief Introduction into World Trade in Agricultural Products	44
4.1 Introduction	44
4.2 Development and position of agrarian trade in the world.....	45
5. European Union's Agriculture in World Context	51
5.1 European Union – the driver of world trade in agricultural products	53
5.2 European Union agricultural trade commodity structure.....	55
6. Influence of EU Enlargement on Agrarian Foreign Trade Development in Member States	60
6.1 Development of agricultural production and trade in the world and the EU	60
6.2 European Union - Agricultural trade (intra and extra trade).....	61
6.3 Impacts of EC/EU enlargement on development of agrarian trade value.....	65
6.4 Development of agrarian trade characteristics of particular EC/EU member states	67
6.5 The influence of EC/EU accession on the development trend of agrarian exports and imports.....	72
6.6 Conclusion.....	74
7. Global Sugar and Sugar Crops	76
7.1 World Sugar Production Development	76
7.1.1 Introduction	76
7.1.2 Global sugar production.....	76
7.1.3 Conclusion.....	78

7.2	World Sugar Crops Production Development.....	79
7.2.1	Introduction	79
7.2.2	Global sugar crops production	79
7.2.3	Conclusion.....	82
7.3	Sugar and sugar crops consumption.....	82
7.3.1	Introduction	82
7.3.2	Global sugar consumption.....	83
7.3.3	Global sugar crops consumption	84
7.3.4	Conclusion.....	85
7.4	World Sugar Trade	85
7.4.1	Introduction	85
7.4.2	Global world sugar trade	86
7.4.3	The analysis of revealed comparative advantage	86
7.4.4	Conclusion.....	89
8.	Global Cereals Production Development	90
8.1	Introduction	90
8.2	Global cereals production.....	90
8.3	Conclusion.....	93
9.	Global Meat Production Development.....	94
9.1	Introduction	94
9.2	Global meat production	94
9.3	Conclusion.....	97
10.	Global Milk Production Development	99
10.1	Introduction	99
10.2	Development of world milk production	99
10.2.1	Conclusion.....	103
10.3	Development of world milk consumption.....	103
10.3.1	Conclusion.....	107
10.4	World milk trade	107
11.	Global Root Crops Production	110
11.1	World root crops production	110
11.2	Harvest area of root crops	111
11.3	Yield per hectare of root crops	111
11.4	Conclusion.....	112
12.	Global Legumes Production	114
12.1	Development of world legumes production.....	114
12.2	Development of world consumption of legumes	116
12.3	World trade with legumes	119
13.	Global Oil Crops Production	123
14.	The Role of Marketing in Agribusiness.....	126
14.1	The Agricultural business chain.....	126
14.2	Marketing and relationships within the chain	127
14.3	Adding value	129
14.4	14.4 Niche Markets	131
14.5	Technology in the market.....	131
14.6	Conclusion.....	132
15.	Marketing 3.0: The Changing Face of Marketing	133
15.1	Case study I - Make a difference with Fairtrade	137
15.2	Case study II- Cash-strapped consumers ignoring bulk-buy deals	138

16. Sustainability Marketing: Theoretical and Practical Approach Focused on Agribusiness	139
16.1 Sustainable marketing and responsible business from theoretical point of view...	139
16.2 Sustainable business and marketing from a business point of view.....	143
16.3 Sustainability labels.....	144
16.4 Case studies	145
16.4.1 The Zotter chocolate company	145
16.4.2 Unilever's tea brands.....	146
16.4.3 The MILSY JSC dairy in Slovakia	147
16.5 Conclusion.....	148
17. Conclusion	150
ANNEX	156
ANNEX 1 - FAO Report - World food and agriculture development under the world economy crisis.....	156
Vulnerability of global food security to shocks	158
Food production, consumption and trade during the crises - Recent trends in global food production, consumption and trade	160
Food consumption per capita by region	161
Food production by region	161
Food exports by region.....	162
Food imports by region	163
Recent trends in agricultural prices: a higher price plateau, and greater price volatility	164
Summary of the current situation and future prospects for agricultural markets.....	166
ANNEX 2 - The development of agrarian foreign trade in rabbit meat	168
Introduction	168
The analysis of rabbit meat production in the World.....	170
Rabbit meat consumption in the World.....	171
World trade in rabbit meat development.....	172
The value of world trade in rabbit meat	173
The analysis of individual selected countries competitiveness in world rabbit meat export market.....	176
Conclusion.....	178
ANNEX 3 - Case study: Dairy farm development plans in the EU.....	179
Introduction	179
Data and methodology	179
Results and discussion.....	181
Conclusions	184
ANNEX 4 - Case study: Comparison of milk production costs among EU members	185
Introduction	185
Material a methods	185
Results and discussion.....	186
Results and conclusions	193
REFERENCES	194
LIST OF ABBREVIATIONS	203
LIST OF TABLES	205
LIST OF GRAPHS AND FIGURES	208
INDEX.....	210
