Series Foreword xi

Acknowledgments xiii

Introduction xv

## **I The Science and Background of Human Embryonic Stem Cells 1**

### **1 Human Embryonic Stem Cells: A Primer on the Technology and Its Medical Applications 3**

Thomas B. Okarma

### **2 Human Embryonic Stem Cells 15**

James A. Thomson

### **3 The Stem Cell Debate in Historical Context 27**

John C. Fletcher

## **II Raising the Ethical Issues 35**

### **4 On the Ethics and Politics of Embryonic Stem Cell Research 37**

Erik Parens

### **5 Human Embryonic Stem Cell Research: Comments on the NBAC Report 51**

Françoise Baylis

### **6 NBAC's Arguments on Embryo Research: Strengths and Weaknesses 61**

John C. Fletcher

- 7    **Beyond the Embryo: A Feminist Appraisal of the Embryonic Stem Cell Debate**    73  
Suzanne Holland
- III   **Angles of Vision**    87
- 8    **Stem Cell Research—A Jewish Perspective**    89  
Elliot N. Dorff
- 9    **The Ethics of the Eighth Day: Jewish Bioethics and Research on Human Embryonic Stem Cells**    95  
Laurie Zoloth
- 10   **Roman Catholic Views on Research Involving Human Embryonic Stem Cells**    113  
Margaret A. Farley
- 11   **Human Embryonic Stem Cells: Possible Approaches from a Catholic Perspective**    119  
Michael M. Mendiola
- 12   **Embryonic Stem Cells and the Theology of Dignity**    127  
Ted Peters
- 13   **Some Protestant Reflections**    141  
Gilbert Meilaender
- 14   **On the Elusive Nature of Respect**    149  
Karen Lebacqz
- 15   **Ethical Issues: A Secular Perspective**    163  
Ernlé W. D. Young
