1 INTRODUCTION.....	7
2 MULTILINEAR FLOW ROUTING	10
3 THE MULTILINEAR DISCRETE CASCADE MODEL.....	15
3.1 GENERAL CONCEPT OF THE MULTILINEAR CASCADE MODEL.....	15
3.2 MATHEMATICAL FORMULATION OF THE MULTILINEAR DISCRETE CASCADE	17
3.3 PARAMETERIZATION OF THE MULTILINEAR DISCRETE CASCADE MODEL.....	22
3.4 EMPIRICAL MODELS OF THE TRAVEL-TIME DISCHARGE RELATIONS	23
4 EMPIRICAL TRAVEL-TIME DISCHARGE RELATIONSHIPS ON SLOVAK RIVERS..	27
4.1 METHODOLOGY	27
4.2 DATA	28
4.3 EMPIRICAL TRAVEL-TIME DISCHARGE RELATIONSHIPS	33
4.4 DISCUSSION	40
5 CASE STUDIES ON MULTILINEAR ROUTING.....	43
5.1 PARAMETERIZATION OF THE MULTILINEAR DISCRETE CASCADE MODEL BY EMPIRICAL TRAVEL-TIME DISCHARGE RELATIONSHIPS.....	44
5.1.1 <i>The influence of the choice of the travel-time discharge relationship on the model performance</i>	44
5.1.2 <i>Multilinear routing with empirical travel-time discharge relations on Slovak rivers</i>	54
5.1.3 <i>Estimation of travel-time discharge relationships by optimizing the multilinear model's performance</i>	63
6 CONCLUSIONS	78
7 REFERENCES.....	84
