<b>1 What in the World Is Going On?</b>	<b>1</b>
The end of the world as we knew it?	1
Conflicting perspectives on 'globalization'	4
Grounding 'globalization': geography really does matter	6
<b>PART ONE THE CHANGING CONTOURS OF THE GLOBAL ECONOMY</b>	<b>11</b>
<b>2 The Centre of Gravity Shifts: Transforming the Geographies of the Global Economy</b>	<b>13</b>
The importance of taking a long view: the imprint of past geographies	14
Roller-coasters and interconnections	16
Global shifts: the changing contours of the global economic map	24
The centre of gravity <i>has</i> shifted	35
<b>PART TWO PROCESSES OF GLOBAL SHIFT</b>	<b>47</b>
<b>3 Tangled Webs: Unravelling Complexity in the Global Economy</b>	<b>49</b>
Connections, connections	50
Institutional macro-structures of the global economy	52
Global production networks	54
Even in a globalizing world, economic activities are geographically localized	67
Networks of networks	71
<b>4 Technological Change: 'Gales of Creative Destruction'</b>	<b>74</b>
Technology and economic transformation	75
Processes of technological change: an evolutionary perspective	75

Time-space shrinking technologies	83
Technological innovations in products, production systems and organizational forms	99
Geographies of innovation	106
<b>5 Transnational Corporations: The Primary 'Movers and Shapers' of the Global Economy</b>	<b>114</b>
The myth of the 'global' corporation	115
Why firms transnationalize	118
How firms transnationalize	123
TNCs as 'networks within networks'	130
Configuring the TNCs' internal networks	136
TNCs within networks of externalized relationships	153
Perpetual change: reshaping TNCs' internal and external networks	165
<b>6 The State Really Does Matter</b>	<b>173</b>
'The state is dead' – oh no it isn't!	174
States as containers	178
States as regulators	183
States as collaborators	207
<b>PART THREE WINNING AND LOSING IN THE GLOBAL ECONOMY</b>	<b>227</b>
<b>7 The Uneasy Relationship Between Transnational Corporations and States: Dynamics of Conflict and Collaboration</b>	<b>229</b>
The ties that bind	230
Bargaining processes between TNCs and states	233
<b>8 'Capturing Value' within Global Production Networks</b>	<b>251</b>
Placing places in GPNs	251
Creating, enhancing and capturing value in GPNs	253
Upgrading (or downgrading) of local economies within GPNs	258
<b>9 Destroying Value? Environmental Impacts of Global Production Networks</b>	<b>279</b>
Production–distribution–consumption as a system of materials flows and balances	280
Disturbing the delicate balance of life on earth: damaging the earth's atmosphere	282
Fouling the nest: creating, disposing and recycling waste	292
<b>10 Winning and Losing: Where You Live Really Matters</b>	<b>304</b>
Location matters	305
Incomes and poverty	308
Where will the jobs come from?	322
Populations on the move	340

<b>11</b>	<b>Making the World a Better Place</b>	<b>354</b>
	‘The best of all possible worlds’?	355
	TNCs and corporate social responsibility	357
	States and issues of global governance	363
	A better world?	380

## **PART FOUR THE PICTURE IN DIFFERENT SECTORS 393**

<b>12</b>	<b>‘Making Holes in the Ground’: The Extractive Industries</b>	<b>395</b>
	Beginning at the beginning	396
	Production circuits in the extractive industries	397
	Global shifts in the extractive industries	400
	Volatile demand	402
	Technologies of exploring, extracting, refining, distributing	404
	The centrality of state involvement in the extractive industries	408
	Corporate strategies in the extractive industries	413
	Resources, reserves and futures	419
<b>13</b>	<b>‘We Are What We Eat’: The Agro-food Industries</b>	<b>423</b>
	Transformation of the food economy: the ‘local’ becomes ‘global’	424
	Agro-food production circuits	425
	Global shifts in the high-value agro-food industries	427
	Consumer choices – and consumer resistances	430
	Transforming technologies in agro-food production	433
	The role of the state	437
	Corporate strategies in the agro-food industries	440
<b>14</b>	<b>‘Fabric-ating Fashion’: The Clothing Industries</b>	<b>451</b>
	A highly controversial industry	452
	The clothing production circuit	452
	Global shifts in the clothing industries	453
	Changing patterns of consumption	454
	Technology and production costs	456
	The role of the state	460
	Corporate strategies in the clothing industries	462
	Regionalizing production networks in the clothing industries	469
<b>15</b>	<b>‘Wheels of Change’: The Automobile Industry</b>	<b>477</b>
	All change?	478
	The automobile production circuit	478
	Global shifts in automobile production and trade	480
	Changing patterns of consumption	482
	Technological change in the automobile industry	484
	The role of the state	487
	Corporate strategies in the automobile industry	489
	Regionalizing production networks in the automobile industry	499

<b>16 'Making the World Go Round': Advanced Business Services</b>	<b>510</b>
The centrality of advanced business services	511
The structure of advanced business services	512
Dynamics of the markets for advanced business services	514
Technological innovation and advanced business services	516
The role of the state: regulation, deregulation, reregulation	519
Corporate strategies in advanced business services	521
Geographies of advanced business services	530
<b>17 'Making the Connections, Moving the Goods': Logistics and Distribution Services</b>	<b>539</b>
Taking logistics and distribution for granted	540
The structure of logistics and distribution services	541
The dynamics of the market for logistics services	544
Technological innovation and logistics and distribution services	545
The role of the state: regulation and deregulation of logistics and distribution services	550
Corporate strategies in logistics and distribution services	553
Logistics 'places': key geographical nodes on the global logistics map	562
Bibliography	566
Index	597
