PREFACE	xv
ACKNOWLEDGEMENTS	xix
<b>CHAPTER 1. AN INTRODUCTION TO SURVEY METHODOLOGY</b>	
1.1 Introduction	2
1.2 A Brief History of Survey Research	3
1.2.1 The Purposes of Surveys, 3	
1.2.2 The Development of Standardized Questioning, 5	
1.2.3 The Development of Sampling Methods, 6	
1.2.4 The Development of Data Collection Methods, 7	
1.3 Some Examples of Ongoing Surveys	7
1.3.1 The National Crime Victimization Survey, 8	
1.3.2 The National Survey on Drug Use and Health, 13	
1.3.3 The Survey of Consumers, 17	
1.3.4 The National Assessment of Educational Progress, 20	
1.3.5 The Behavioral Risk Factor Surveillance System, 24	
1.3.6 The Current Employment Statistics Program, 27	
1.3.7 What Can We Learn From the Six Example Surveys?, 29	
1.4 What is Survey Methodology?	30
1.5 The Challenge of Survey Methodology	32
1.6 About this Book	34
Keywords	35
For More In-Depth Reading	35
Exercises	36

## CHAPTER 2. INFERENCE AND ERROR IN SURVEYS

2.1 Introduction	39
2.2 The Lifecycle of a Survey From a Design Perspective	41
2.2.1 Constructs, 41	
2.2.2 Measurement, 43	
2.2.3 Response, 43	
2.2.4 Edited Response, 44	

2.2.5	The Target Population, 44	
2.2.6	The Frame Population, 45	
2.2.7	The Sample, 45	
2.2.8	The Respondents, 45	
2.2.9	Postsurvey Adjustments, 46	
2.2.10	How Design Becomes Process, 47	
2.3	The Lifecycle of a Survey from A Quality Perspective	49
2.3.1	The Observational Gap between Constructs and Measures, 50	
2.3.2	Measurement Error: the Observational Gap between the Ideal Measurement and the Response Obtained, 51	
2.3.3	Processing Error: the Observational Gap between the Variable Used in Estimation and that Provided by the Respondent, 53	
2.3.4	Coverage Error: the Nonobservational Gap between the Target Population and the Sampling Frame, 54	
2.3.5	Sampling Error: The Nonobservational Gap between the Sample and the Sampling Frame, 57	
2.3.6	Nonresponse Error: The Nonobservational Gap between the Sampling and the Respondent Pool, 58	
2.3.7	Adjustment Error, 59	
2.4	Putting It All Together	60
2.5	Error Notions in Different Kinds of Statistics	61
2.6	Summary	62
	Keywords	63
	For More In-Depth Reading	63
	Exercises	63

### **CHAPTER 3. TARGET POPULATIONS, SAMPLING FRAMES, AND COVERAGE ERROR**

3.1	Introduction	67
3.2	Populations and Frames	67
3.3	Coverage Properties of Sampling Frames	70
3.3.1	Undercoverage, 70	
3.3.2	Ineligible Units, 74	
3.3.3	Clustering of Target Population Elements Within Frame Elements, 75	
3.3.4	Duplication of Target Population Elements in Sampling Frames, 77	
3.3.5	Complicated Mappings between Frame and Target Population Elements, 78	

3.4	Common Target Populations and Their Frame Issues	79
3.4.1	Households and Persons, 79	
3.4.2	Customers, Employees, or Members of an Organization , 80	
3.4.3	Organizations, 81	
3.4.4	Events, 82	
3.4.5	Rare Populations, 83	
3.5	Coverage Error	83
3.6	Reducing Undercoverage	84
3.6.1	The Half-Open Interval, 84	
3.6.2	Multiplicity Sampling, 86	
3.6.3	Multiple Frame Designs, 87	
3.6.4	Increasing Coverage While Including More Ineligible Elements, 90	
3.7	Summary	90
	Keywords	91
	For More In-Depth Reading	91
	Exercises	91

CHAPTER 4. SAMPLE DESIGN AND SAMPLING ERROR

4.1	Introduction	93
4.2	Samples and Estimates	95
4.3	Simple Random Sampling	99
4.4	Cluster Sampling	102
4.4.1	The Design Effect and Within-Cluster Homogeneity, 105	
4.4.2	Subsampling within Selected Clusters, 108	
4.5	Stratification and Stratified Sampling	109
4.5.1	Proportionate Allocation to Strata, 111	
4.5.2	Disproportionate Allocation to Strata, 117	
4.6	Systematic Selection	118
4.7	Complications in Practice	121
4.7.1	Two-Stage Cluster Designs with Probabilities Proportionate to Size (PPS), 122	
4.7.2	Multistage and Other Complex Designs, 124	
4.7.3	How Complex Sample Designs are Described: The Sample Design for the NCVS, 125	
4.8	Sampling Persons in US Telephone Households	128
4.9	Summary	130
	Keywords	131
	For More In-Depth Reading	131
	Exercises	132

## CHAPTER 5. METHODS OF DATA COLLECTION

5.1	Alternative Methods of Data Collection	138
5.1.1	Degree of Interviewer Involvement, 141	
5.1.2	Degree of Interaction with the Respondent, 142	
5.1.3	Degree of Privacy, 142	
5.1.4	Channels of Communication, 143	
5.1.5	Technology Use, 145	
5.1.6	Implications of these Dimensions, 145	
5.2	Choosing the Appropriate Method	146
5.3	Effects of Different Data Collection Methods on Survey Errors	147
5.3.1	Measuring the Marginal Effect of Mode, 148	
5.3.2	Sampling Frame and Sample Design Implications of Mode Selection, 150	
5.3.3	Coverage Implications of Mode Selection, 150	
5.3.4	Nonresponse Implications of Mode Selection, 153	
5.3.5	Measurement Quality Implications of Mode Selection, 155	
5.3.6	Cost Implications, 160	
5.3.7	Summary on the Choice of Method, 162	
5.4	Using Multiple Modes of Data Collection	163
5.5	Summary	165
	Keywords	166
	For More In-Depth Reading	166
	Exercises	166

## CHAPTER 6. NONRESPONSE IN SAMPLE SURVEYS

6.1	Introduction	169
6.2	Three Major Types of Unit Nonresponse	169
6.2.1	Unit Nonresponse Due to Failure to Deliver the Survey Request, 170	
6.2.2	Unit Nonresponse Due to Refusals, 173	
6.2.3	Unit Nonresponse Due to the Inability to Provide the Requested Data, 178	
6.3	How Does Nonresponse Affect the Quality of Survey Statistics?	178
6.4	Computing Response and Nonresponse Rates	181
6.5	Trends in Response Rates over Time	184
6.6	Item Nonresponse	187
6.7	Design Features to Reduce Unit Nonresponse	189
6.8	Summary	195
	Keywords	196

For More In-Depth Reading	196
Exercises	197

**CHAPTER 7. QUESTIONS AND ANSWERS IN SURVEYS**

7.1	Alternatives Methods of Survey Measurement	201
7.2	Cognitive Processes in Answering Questions	202
7.2.1	Comprehension, 204	
7.2.2	Retrieval, 205	
7.2.3	Estimation and Judgment, 206	
7.2.4	Reporting, 207	
7.2.5	Other Models of the Response Process, 207	
7.3	Problems in Answering Survey Questions	209
7.3.1	Encoding Problems, 209	
7.3.2	Misinterpreting the Questions, 210	
7.3.3	Forgetting and Other Memory Problems, 213	
7.3.4	Estimation Processes for Behavioral Questions, 218	
7.3.5	Judgment Processes for Attitude Questions, 220	
7.3.6	Formatting the Answer, 221	
7.3.7	Motivated Misreporting, 224	
7.3.8	Navigational Errors, 225	
7.4	Guidelines for Writing Good Questions	226
7.4.1	Nonsensitive Questions About Behavior, 227	
7.4.2	Sensitive Questions About Behavior, 230	
7.4.3	Attitude Questions, 232	
7.4.4	Self-Administered Questions, 235	
7.5	Summary	236
	Keywords	238
	For More In-Depth Reading	238
	Exercises	238

**CHAPTER 8. EVALUATING SURVEY QUESTIONS**

8.1	Introduction	241
8.2	Expert Reviews	242
8.3	Focus Groups	243
8.4	Cognitive Interviews	245
8.5	Field Pretests and Behavior Coding	247
8.6	Randomized or Split-Ballot Experiments	249
8.7	Applying Question Standards	250
8.8	Summary of Question Evaluation Tools	251

8.9	Linking Concepts of Measurement Quality to Statistical Estimates	254
8.9.1	Validity, 254	
8.9.2	Response Bias, 258	
8.9.3	Reliability and Simple Response Variance, 261	
8.10	Summary	265
	Keywords	266
	For More In-Depth Reading	266
	Exercises	267

## CHAPTER 9. SURVEY INTERVIEWING

9.1	The Role of the Interviewer	269
9.2	Interviewer Bias	270
9.2.1	Systematic Interviewer Effects on Reporting of Socially Undesirable Attributes, 270	
9.2.2	Systematic Interviewer Effects on Topics Related to Observable Interviewer Traits, 270	
9.2.3	Systematic Interviewer Effects Associated with Interviewer Experience, 272	
9.3	Interviewer Variance	274
9.3.1	Randomization Requirements for Estimating Interviewer Variance, 274	
9.3.2	Estimation of Interviewer Variance, 275	
9.4	Strategies for Reducing Interviewer Bias	278
9.4.1	The Role of the Interviewer in Motivating Respondent Behavior, 278	
9.4.2	Changing Interviewer Behavior, 279	
9.5	Strategies for Reducing Interviewer-Related Variance	280
9.5.1	Minimizing Questions that Require Nonstandard Interviewer Behavior, 281	
9.5.2	Professional, Task-Oriented Interviewer Behavior, 283	
9.5.3	Interviewers Reading Questions as They Are Worded, 284	
9.5.4	Interviewers Explaining the Survey Process to the Respondent, 284	
9.5.5	Interviewers Probing Nondirectively, 286	
9.5.6	Interviewers Recording Answers Exactly as Given, 289	
9.5.7	Summary on Strategies to Reduce Interviewer Variance, 290	
9.6	The Controversy About Standardized Interviewing	290

9.7 Interviewer Management	293
9.7.1 Interviewer Selection, 293	
9.7.2 Interviewer Training, 294	
9.7.3 Interviewer Supervision and Monitoring, 295	
9.7.4 The Size of Interviewer Workloads, 296	
9.7.5 Interviewers and Computer Use, 296	
9.8 Summary	297
Keywords	298
For More In-Depth Reading	298
Exercises	298

**CHAPTER 10. POSTCOLLECTION PROCESSING OF SURVEY DATA**

10.1 Introduction	303
10.2 Coding	305
10.2.1 Practical Issues of Coding, 306	
10.2.2 Theoretical Issues in Coding Activities, 308	
10.2.3 “Field Coding” – An Intermediate Design, 308	
10.2.4 Standard Classification Systems, 311	
10.2.5 Other Common Coding Systems, 315	
10.2.6 Quality Indicators in Coding, 316	
10.2.7 Summary of Coding, 318	
10.3 Entering Numeric Data into Files	318
10.4 Editing	319
10.5 Weighting	321
10.5.1 Weighting with a First-Stage Ratio Adjustment, 322	
10.5.2 Weighting for Differential Selection Probabilities, 323	
10.5.3 Weighting to Adjust for Unit Nonresponse, 324	
10.5.4 Poststratification Weighting, 326	
10.5.5 Putting All the Weights Together, 326	
10.6 Imputation for Item-missing data	329
10.7 Sampling Variance Estimation for Complex Samples	333
10.8 Survey Data Documentation and Metadata	337
10.9 Summary of Postsurvey Processing	340
Keywords	341
For More In-Depth Reading	341
Exercises	341

## **CHAPTER 11. PRINCIPLES AND PRACTICES RELATED TO SCIENTIFIC INTEGRITY**

11.1 Introduction	345
11.2 Standards for the Conduct of Research	345
11.3 Standards for Dealing with Clients	348
11.4 Standards for Dealing with the Public	349
11.5 Standards for Dealing with Respondents	350
11.5.1 Legal Obligations to Survey Respondents, 350	
11.5.2 Ethical Obligations to Respondents, 351	
11.5.3 Informed Consent: Respect for Persons, 353	
11.5.4 Beneficence: Protecting Respondents from Harm, 355	
11.5.5 Efforts at Persuasion, 357	
11.6 Emerging Ethical Issues	358
11.7 Practices in Research Administration Regarding Human Subject Issues	358
11.8 Research About Informed Consent Protocols in Surveys	360
11.8.1 Research on Respondents' Reactions to the Content of Informed Consent Protocols, 360	
11.8.2 Research on Informed Consent Complications in Survey Methodological Studies, 364	
11.8.3 Research on Written versus Oral Informed Consent, 365	
11.8.4 Summary of Research on Informed Consent in Surveys, 366	
11.9 Procedures to Detect and Repair Interviewer Falsification	366
11.10 Disclosure Limitation Procedures	368
11.10.1 Administrative Procedures to Limit Identifiability of Survey Materials, 368	
11.10.2 Restricting Access to the Data Only to Those Subscribing to a Pledge of Confidentiality, 368	
11.10.3 Restricting the Contents of the Survey Data That May Be Released, 370	
11.11 Summary and Conclusions	372
Keywords	374
For More In-Depth Reading	374
Exercises	374

## **CHAPTER 12. FAQs ABOUT SURVEY METHODOLOGY**

12.1 Introduction	377
12.2 The Questions and Their Answers	377
