

Department of Air Defence - About us	3
List of Partners	4
Air Defence Conference 2021 Proceedings Content.....	8
Back to the Future	11
IAMD COE Comprehensive Approach and Smart Solutions on Emerging Air Threats.....	12
Status of DEU SBMAD	13
NATO IAMD Common Education and Training Program.....	14
Advanced principles in Air Defense	15
NASAMS – The path to excellence	16
REGUARD radar and its capabilities in detection, classification aerial object with small cross section.....	17
Fully automatic cUAV detection and identification system	18
NATO Approach to C-UAS	19
New trends in synthetic training of GBAD operators	21
Detecting drones and traditional air targets in a clutter rich environment	22
Solution for Simulation Air Forces and Air Defence.....	23
PET contribution to GBAD cycle	24
The emerging threat of small UAVs and future aspects	25
Lasers for C-UAV and Defence Applications.....	27
Skykeeper	28
MBDA new GBAD solutions quick revue.....	30
