

Preface .....	5
<b>Hieronim Kubera</b> Development directions in packaging technology .....	7
<b>Gunter Grundke</b> The European Packaging Institute (EPI) – aims, tasks and results .....	16
<b>Karolina Assman, Hieronim Kubera, Krzysztof Melski</b> Influence of microwave emission on PVC film for shallow embossing.....	20
<b>Natalia Czaja-Jagielska, Krzysztof Melski</b> Changes in the properties of biodegradable packaging materials after microwave irradiation.....	27
<b>Hieronim Kubera, Krzysztof Melski, Joanna Szymczak</b> Behavior of poly (lactic acid) containers in microwave oven.....	33
<b>Andrzej Korzeniowski, Maria Stryjakowska-Sekulska, Natalia Czaja-Jagielska</b> The effect of mould <i>Penicillium glaucum</i> on the quality of bar codes on thermo-transferable logistic labels .....	39
<b>Magda Morawska, Izabela Steinka, Sławomir Lisiecki, Maria Rutkowska</b> The influence of cottage cheese components on barrier, mechanical and thermal properties of polylactide packaging films.....	48
<b>Izabela Steinka, Magda Morawska, Anita Kukulowicz</b> The influence of lactic acid cheese components on the selected properties of polyamide/polyethylene laminates .....	56
<b>Nina Domantsevykh, Olena Aksimentyeva , Bogdan Yatsyshyn</b> Structure and properties of the modified polyethylene films .....	67
<b>Marzena Ucherek</b> Possibilities of using modified atmosphere to packaging food product.....	76

<b>Wojciech Kozak, Tomasz Gołębieski, Ryszard Cierpiszewski</b> A new oxygen indicator for use in an oxygen free atmosphere .....	85
<b>Wojciech Kozak, Zenon Foltynowicz</b> Food protection by means of oxygen scavengers in form of silicone encased iron .....	91
<b>Piotr Janicki, Halina Podsiadło</b> Security printing – the additional value to the printing technology .....	105
<b>Marta Gajadhur, Halina Podsiadło</b> Influence of ink drying process of different sheet-fed offset printing inks on solid body of colours .....	109
<b>Joanna Izdebska, Halina Podsiadło</b> Plausibility of using water colours for printing of packages.....	116
