<i>Symbols and special notation</i>	xi
<i>Introduction</i>	xiii
1. The canonical simplicial fiber bundle	1
1.1. Tangent and cotangent bundles	2
1.2. 1-Frame bundles and tensor bundles	9
1.3. Higher-order jet bundles and frame bundles	22
1.4. Tangent sectors and sector bundles	35
1.5. Appendix: Some natural isomorphisms	56
2. Brackets of tangent sectors	62
2.1. K -sector bundles	62
2.2. Local fields and variations	79
3. Sectorforms	101
3.1. Covariant tensor fields and sectorforms	101
3.2. Differentials of sectorform fields	116
3.3. Differential forms	126
4. Riemannian geometry	147
4.1. Metric structure and Gaussian curvature	147
4.2. The geodesic flow and critical energy curves	187
4.3. Riemannian curvature	199
