Preface ix

SECTION I: ADVANCES IN CRIMINAL JUSTICE INFORMATION TECHNOLOGY 1

1. **Information Technology and the Criminal Justice System: An Historical Overview** 3
   TERENCE DUNWORTH
   - Historical Background 5
   - Promises and Advances in IT 8
   - Impact of IT Advances on the Criminal Justice System 19
   - Conclusion 23

2. **Acquiring, Implementing, and Evaluating Information Technology** 29
   LOIS M. DAVIS AND BRIAN A. JACKSON
   - Recent Trends in Acquiring and Applying IT 32
   - IT Acquisition and Implementation 36
   - Evaluating IT Projects 45
   - IT and Policy Change: Future Challenges 52

SECTION II. THE CRIMINAL JUSTICE SYSTEM AND THE INTERNET 57

3. **How Criminal Justice Agencies Use The Internet** 59
   ROBERTA E. GRIFFITH
   - Law Enforcement 60
   - Information Seeking 61
   - Information Dissemination 61
   - Information Management 63
   - Cybercrime and Investigative Methods 63
   - Future Uses 65
   - Implementation Issues 70
   - Conclusion 71

4. **The Internet as a Conduit for Criminal Activity** 77
   DAVID S. WALL
   - Transformative Impacts of Cyberspace on Social and Criminal Activity 78
   - Impacts of the Internet on Criminal Opportunities and Behavior 81

Criminological Theory and Cybercrimes 87
Conclusion 94

SECTION III. INFORMATION TECHNOLOGY AND CRIME REPORTING AND ANALYSIS 99

5. **The Impact of Information Technology on Crime Reporting: The NIBRS Process** 101
DONALD FAGGIANI AND DAVID HIRSCHEL
The Uniform Crime Reporting System 101
The National Incident-Based Reporting System 103
Policy Implications 112
Case Study: Using the NIBRS for Domestic Violence Research 113
Conclusion 120

6. **Information Technology and Crime Analysis** 125
PHYLLIS PARSHALL MCDONALD
The Relationship Between the Development of IT and Crime Analysis 126
The Developmental Stages of Crime Analysis 128
Police Strategies and Their Relationship to Crime Analysis and IT 131
Policy Implications and Issues 136
Case Studies 140

7. **Geographic Information Systems and Crime Mapping in Criminal Justice Agencies** 147
APRIL PATTAVINA
Theoretical and Philosophical Support for GIS Development in Criminal Justice 148
Mapping the Geographic Context of Crime 151
Organizational Issues 159
Conclusion 162

SECTION IV. INFORMATION TECHNOLOGY ISSUES IN CRIMINAL JUSTICE AGENCIES 167

8. **Comprehensive Planning of Criminal Justice Information and Intelligence Systems: ATF's Experience in Implementing Firearms Tracing in the United States** 169
GLENN PIERCE AND ROBERTA E. GRIFFITH
A Framework for Comprehensive Information and Intelligence System Planning 170
Firearms Tracing and ATF 172
Conclusion 189

9. **Offender-Based Information Sharing: Using a Consent-Driven System to Promote Integrated Service Delivery** 195
KATHLEEN R. SNAVELY, FAYE S. TAXMAN, AND STUART GORDON
Offender-Based Information Systems 196

Phase 1: Planning 205
Phase 2: Implementation 208
Phase 3: Maintenance 208
Conclusions and Lessons Learned From the Field 216

10. **Environment, Technology and Organizational Change: Notes From the Police World** 221

PETER K. MANNING

Conceptions of the Police Organization and Its Technologies 222
Organizations and Change 226
Rules, Processes, and Routines in Police Work 227
Defining Technology: An Overview of the Meaning of Technologies in Policing 229
A Case Study of Police Use of IT 232
Concluding Remarks 235

SECTION V. THE FUTURE OF INFORMATION TECHNOLOGY IN THE CRIMINAL JUSTICE SYSTEM 241

11. **Information, Technology, and Criminal Justice Education** 243

JAMES M. BYRNE AND EVE BUZAWA

Information, Technology, and the Criminal Justice System 243
Conclusions: Redesigning the Core 254

12. **The Future of Information Technology in Criminal Justice: Prospects and Challenges** 261

APRIL PATTAVINA

Prospects 261
Technology and Research: The First Challenge 262
Technology and Privacy: The Second Challenge 264
Technology and Society: The Third Challenge 267
Concluding Comments 270

Index 273
