## **Chapter 1: History of Exotic Pets, 1**

---

*Mark A. Mitchell*

- What Is an Exotic Pet?, 1
- Why are Exotic Pets Becoming Mainstream?, 3

---

## **Chapter 2: Preparing Your Hospital for Exotic Pets, 4**

---

*Mark A. Mitchell*

- Advantages and Disadvantages of Incorporating Exotic Pets into a Veterinary Practice, 4
- Developing a Knowledge Base, 6
- Preparing the Staff, 7
- Preparing the Waiting Room, 7
- Necessary Equipment, 8
- Surgery, 9
- Therapeutics, 9

---

## **Chapter 3: Invertebrates, 11**

---

*Trevor Zachariah and Mark A. Mitchell*

- Common Species Kept in Captivity, 11
- Anatomy and Physiology, 13
- Husbandry, 19
- Preventive Medicine, 25
- Restraint, 25
- History and Physical Examination, 27
- Diagnostic Testing, 27
- Common Disease Presentations, 29
- Therapeutics, 32
- Surgery, 34
- Human Health Hazards, 36

---

## **Chapter 4: Ornamental Fish, 39**

---

*Stephen M. Miller and Mark A. Mitchell*

- Common Species Kept in Captivity, 39
- Freshwater, 39
- Saltwater, 41
- Unique Anatomy and Physiology, 43
- Husbandry, 45
- Nutrition, 51
- Preventive Medicine, 52
- Restraint, 53
- History and Physical Examination, 54
- Diagnostic Testing, 56
- Common Disease Presentations, 61

- Therapeutics, 66
- Surgery, 69
- Zoonoses, 71

---

## **Chapter 5: Amphibians, 73**

---

*Natalie Mylniczeko*

- Common Species Kept in Captivity, 73
- Biology, 73
- Husbandry, 78
- Nutrition, 81
- Preventive Medicine, 82
- Restraint, 82
- Performing a Physical Examination, 86
- Diagnostic Testing, 87
- Common Disease Presentations, 93
- Therapeutics, 103
- Nutrition, 109
- Euthanasia, 109
- Surgery, 109
- Zoonoses, 110

---

## **Chapter 6: Crocodilians, 112**

---

*Javier Nevarez*

- Common Species Kept in Captivity, 112
- Biology: Anatomy and Physiology, 114
- Husbandry, 116
- Nutrition, 117
- Preventive Medicine, 117
- Restraint, 118
- History and Physical Examination, 118
- Diagnostic Testing, 119
- Common Disease Presentations, 121
- Therapeutics, 131
- Surgery, 132

---

## **Chapter 7: Snakes, 136**

---

*Mark A. Mitchell*

- Common Species Kept in Captivity, 136
- Biology: Anatomy and Physiology, 137
- Husbandry, 139
- Nutrition, 142
- Preventive Medicine, 142
- Restraint, 143
- Performing a Physical Examination, 144

Diagnostic Testing, 145  
 Common Disease Presentations, 151  
 Therapeutics, 156  
 Surgery, 160  
 Zoonoses, 162

## Chapter 8: Lizards, 164

*Javier Nevarez*

Common Species Kept in Captivity, 164  
 Anatomy, 165  
 Husbandry, 170  
 Nutrition, 174  
 Preventive Medicine, 176  
 Restraint, 177  
 Performing a Physical Examination, 177  
 Diagnostic Testing, 178  
 Common Disease Presentations, 186  
 Therapeutics, 193  
 Surgery, 197  
 Zoonoses, 203

## Chapter 9: Chelonians, 207

*Megan Kirchgessner and Mark A. Mitchell*

Common Species Kept in Captivity, 207  
 Biology, 207  
 Husbandry, 214  
 Nutrition, 217  
 Restraint, 218  
 Performing a Physical Examination, 219  
 Diagnostic Testing, 220  
 Common Disease Presentations, 228  
 Therapeutics, 237  
 Surgery, 239  
 Zoonoses, 245

## Chapter 10: Birds, 250

*Thomas N. Tully, Jr.*

Common Species Kept in Captivity, 250  
 Biology, 257  
 Husbandry, 260  
 Nutrition, 264  
 Preventive Medicine, 267  
 Physical Examination and Restraint, 268  
 Diagnostic Testing, 276  
 Common Disease Presentations, 282  
 Reproductive Disorders, 287  
 Managing Avian Cases, 289  
 Therapeutics, 291  
 Bandaging Techniques, 293  
 Surgery, 296  
 Zoonoses, 297

## Chapter 11: Marsupials, 299

*Deborah Carboni and Thomas N. Tully, Jr.*

Introduction, 299  
 Husbandry, 299  
 Performing a Physical Examination, 300  
 Anesthesia and Restraint, 302  
 Common Presentations by System, 305

## Chapter 12: Mice and Rats, 326

*Thomas N. Tully, Jr.*

Mice, 326  
 Biology, 326  
 Husbandry, 327  
 Preventive Medicine, 328  
 Diagnostic Testing, 330  
 Common Disease Presentations, 332  
 Therapeutics, 333  
 Surgical and Anesthetic Assistance, 334  
 Zoonoses, 335  
 Rats, 335  
 Biology, 335  
 Husbandry, 336  
 Preventive Medicine, 338  
 Diagnostic Testing, 340  
 Common Disease Presentations, 342  
 Therapeutics, 343  
 Surgical and Anesthetic Assistance, 343  
 Zoonoses, 343

## Chapter 13: Ferrets, 345

*Tiffany M. Wolf*

Biology, 345  
 Husbandry, 347  
 Preventive Medicine, 347  
 Restraint, 349  
 Performing a Physical Examination, 351  
 Clinical Techniques and Diagnostic Testing, 352  
 Common Disease Presentations, 356  
 Therapeutics, 370  
 Surgery, 372  
 Zoonoses, 373

## Chapter 14: Rabbits, 375

*Kristine M. Vennen and Mark A. Mitchell*

Common Breeds Kept in Captivity, 375  
 Biology and Physiology, 375  
 Husbandry, 377  
 Preventive Medicine, 378  
 Restraint, 379  
 Performing a Physical Examination, 380  
 Diagnostic Testing, 381

Common Disease Presentations, 385  
 Therapeutics, 397  
 Surgery, 400  
 Zoonoses, 404

---

### **Chapter 15: Hamsters and Gerbils, 406**

---

*J. Jill Heatley and M. Camille Harris*

Common Species Kept in Captivity, 406  
 Biology, 407  
 Husbandry, 409  
 Nutrition, 411  
 Preventive Medicine, 411  
 Restraint, 411  
 Performing a Physical Examination, 412  
 Diagnostic Testing, 413  
 Common Disease Presentations, 416  
 Therapeutics, 422  
 Anesthesia, 426  
 Surgery, 428  
 Zoonoses, 430

---

### **Chapter 16: Hedgehogs, 433**

---

*J. Jill Heatley*

Common Species Kept in Captivity, 433  
 Biology and Behavior, 433  
 Unique Anatomy and Physiology, 434  
 Husbandry, 437  
 Nutrition, 438  
 Preventative Medicine, 439  
 Restraint, 440  
 Anesthesia, 440  
 Performing a Physical Examination, 441  
 Diagnostic Testing, 442  
 Miscellaneous Diagnostics, 443  
 Common Disease Presentations, 444  
 Therapeutics, 449  
 Surgery, 450  
 Zoonoses, 453

---

### **Chapter 17: Guinea Pigs, 456**

---

*Shannon M. Riggs*

Common Species Kept in Captivity, 456  
 Biology, 456  
 Husbandry, 456  
 Preventive Medicine, 457  
 Restraint, 458  
 Performing a Physical Examination, 458  
 Diagnostic Testing, 459  
 Common Disease Presentations, 463  
 Therapeutics, 469  
 Surgery, 470

---

### **Chapter 18: Chinchillas, 474**

---

*Shannon M. Riggs and Mark A. Mitchell*

Common Species Kept in Captivity, 474  
 Biology, 474  
 Husbandry, 474  
 Nutrition, 475  
 Preventive Medicine, 475  
 Restraint, 476  
 Performing a Physical Examination, 476  
 Diagnostic Testing, 477  
 Common Disease Presentations, 480  
 Therapeutics, 486  
 Surgery, 489  
 Zoonoses, 491

---

### **Chapter 19: Wildlife, 493**

---

*Maya Bewig and Mark A. Mitchell*

Importance of Veterinarian Participation in Wildlife Care, 493  
 Deciding Whether or Not to Treat Wildlife, 493  
 Knowing the Regulations, 494  
 Becoming More Involved, 494  
 Common Species Presentations, 494  
 Preparing for Wildlife in Veterinary Hospitals, 494  
 Housing, 496  
 Quarantine, 497  
 Zoonoses, 498  
 Emergency Care, 498  
 Therapeutics, 501  
 Capture and Transport, 501  
 Restraint and Handling, 505  
 Physical Examination and Common Abnormalities, 508  
 Reasons for Euthanasia, 516  
 Orphan Care, 516  
 Diagnostic Testing, 522  
 Diseases, 525  
 Releasing Wildlife, 525

Index, 531
