Foreword

A piano student will perform music with more expression and feeling when he or she is able to see or imagine a mental image of what the music is about.

Just Imagine!, Book 2 contains seven solos in which the student can easily picture the image portrayed in the music. The gentle sounds of "The Black Swan" paint a picture of a graceful black swan gliding serenely across a beautiful and peaceful lake. Feel the excitement of "Hamster Chase" with its fast and spirited tempo, or imagine the humorous antics of a monkey scampering about a carousel in "Monkey on a Carousel."

Fly on the wings of your imagination, and enjoy the variety of moods, colors and styles found in *Just Imagine!*
