
Contents

Contributors	xi
1 Community epidemiology	1
<i>Sharon K. Collinge and Chris Ray</i>	
2 Extending the principles of community ecology to address the epidemiology of host-pathogen systems	6
<i>Robert D. Holt and Andrew P. Dobson</i>	
3 Community ecology meets epidemiology: the case of Lyme disease	28
<i>Richard S. Ostfeld, Felicia Keesing, and Kathleen LoGiudice</i>	
4 Microbial community ecology of tick-borne human pathogens	41
<i>Keith Clay, Clay Fuqua, Curt Lively, and Michael J. Wade</i>	
5 Disease dynamics in plant communities	58
<i>Charles E. Mitchell and Alison G. Power</i>	
6 Host selection and its role in transmission of arboviral encephalitides	73
<i>Robert S. Unnasch, Eddie W. Cupp, and Thomas R. Unnasch</i>	
7 Freshwater community interactions and malaria	90
<i>Eliška Rejmánková, John Grieco, Nicole Achee, Penny Masuoka, Kevin Pope, Donald Roberts, and Richard M. Higashi</i>	
8 The community ecology of <i>Vibrio cholerae</i>	105
<i>Kathryn L. Cottingham and Julia M. Butzler</i>	
9 Food webs and parasites in a salt marsh ecosystem	119
<i>Kevin D. Lafferty, Ryan F. Hechinger, Jenny C. Shaw, Kathleen Whitney, and Armand M. Kuris</i>	
10 Shifting roles of abiotic and biotic regulation of a multi-host parasite following disturbance	135
<i>Mary F. Poteet</i>	
11 Urbanization and disease in amphibians	153
<i>David K. Skelly, Susan R. Bolden, Manja P. Holland, L. Kealoha Freidenburg, Nicole A. Freidenfelds, and Trent R. Malcolm</i>	

12 Spatial-temporal dynamics of rabies in ecological communities	168
<i>Leslie A. Real and James E. Childs</i>	
13 The emergence of Nipah and Hendra virus: pathogen dynamics across a wildlife-livestock-human continuum	186
<i>Peter Daszak, R. K. Plowright, J. H. Epstein, J. Pulliam, S. Abdul Rahman, H. E. Field, A. Jamaluddin, S. H. Sharifah, C. S. Smith, K. J. Olival, S. Luby, K. Halpin, A. D. Hyatt, A. A. Cunningham, and the Henipavirus Ecology Research Group (HERG)</i>	
14 Potential effects of a keystone species on the dynamics of sylvatic plague	202
<i>Chris Ray and Sharon K. Collinge</i>	
Index	217
