

# Contents

## KEYNOTE ADDRESS

P.C. Warner (UK)

The Plant Manufacturer in the Energy Market. 1

## SESSION PAPERS

(In alphabetical order by first named author).

A. Atkinson (UK)

Local Energy Planning in the UK: Past Experience and New Initiatives. 11

I.R. Bailey and J.W. Somerville-Smith (UK)

Energy Efficiency - The Barriers and Opportunities. 25

B. Boardman (UK)

Energy Efficiency Policy and Low Income Households. 35

I. Brown (UK)

The Development of a European Market for Contract Energy Management. 49

E. Carnevale and M. Tucci (Italy)

Updating Energy Policy in a Tanneries District. 59

K. Cornwell (UK)

The Promotion of Energy Efficient Clothing. 71

H. Despretz (France)

AFME Programme for Energy Savings in Trade Centers. 85

S-I. Gustafsson and B.G. Karlsson (Sweden)

Renovation of Multi-Family Houses with Minimised Life Cycle Costs. 95

C.J. Hancock and J. Littler (UK)

Solar Gains in Urban Renewal Through Roofspace Systems. 105

V. Hlavacka, L. Macek, F. Polasek, P. Stulc, J. Valchar and L.L. Vasiliev (Czechoslovakia and USSR)	
Heat Recovery by Heat Pipe Heat Exchangers to Improve Energy Efficiency in Farming and Industry.	117
H. Hubers and E. Israels (The Netherlands)	
Ecological Building Project of Delft University of Technology.	129
P.R. Hutt (UK)	
Intelligent Electricity Metering.	141
S. Hutton, T. Braend and L. Warren (UK and Norway)	
Fuel Poverty as an Outcome Measure: A Comparative Study of Energy Policies in Norway and the United Kingdom.	149
S.M.A. Ibrahim (Egypt)	
The Benefits of Using Thermal Insulation in Buildings for Energy Conservation.	161
R.J. Jones (UK)	
Energy Efficiency - A Leading Role for an Energy Supplier.	173
W.L. Lom (Luxembourg)	
The Economic Evaluation of Energy Saving Investments.	185
E.K. MacDonald and I.C. Kemp (UK)	
Process Integration - An Innovative Approach to Energy Strategy.	191
J.T. McMullan and D.J. Raymond (UK)	
Managing to Ensure that Industrial Energy Conservation Measures are Effective over the Longer Term.	199
Y. Palierakis (UK)	
Microcomputer Based Design Concepts to Improve Solar Water Heaters.	211
J. Persson and B. Karlsson (Sweden)	
Industrial Case Study of a Latent Heat Storage	219
D.A. Reay (UK)	
The Development of New Energy - Saving Technologies: The Role of the European Commission.	231

P. Ruyssevelt, J. Littler and P. Clegg (UK)	
Comfort and Low Energy in Medium Priced Housing.	243
N.H. Scurrah (UK)	
Heat Pipe Heat Exchangers for Boiler Flue Heat Recovery.	255
A.J.A. Sluce and D. Tong (UK)	
Energy Saving Measures in Pre 1919 Terrace Housing.	267
M.F. Soderstrom (Sweden)	
Combining Thermal Storage and Heat Pumps in Industrial Cooling Systems.	277
A. Warren (UK)	
Saving Megabucks by Saving Megawatts.	287
D.J. White (UK)	
Strategies for Improving Energy Efficiency and Energy Management in Smaller Businesses.	295
H.B. Willey (New Zealand)	
Energy - Efficient Participation by Building Occupants in Environmental Control: Research and Design Considerations.	305
ADDENDUM	
KEYNOTE ADDRESSES	
B.D. Emmett (UK)	
Energy Efficiency - The Role of Government	319
D. Fee (Belgium)	
C.E.C. Initiatives in the Development of Energy Efficient Plant and Processes	323
D. Green (UK)	
Energy Efficiency - Promoting Action in the North-East	333
SESSION PAPERS	
N.P. Daniels (UK)	
A Computer-Based Fault Diagnosis System for Refrigeration Plant (Abstract).	337

G.V. Fracastoro, V. Giaretto, M. Masoero and G. Pavoni (Italy)	
A Survey on The Energy Performance of The Turin Building Stock.	339
F. Hammer (Denmark)	
District Heating and Combined Heat and Power - A Major Contributor to Energy Conservation in Denmark.	351
R.D. Haywood and A. Smith (UK)	
The Potential for CHP/DH in Belfast, Edinburgh and Tyneside (Abstract)	365
T. Heppenstall and G. Halliday (UK)	
The Development of an Expert System for Heat Exchanger Selection.	367
S. Hutton, T. Braend and L. Warren (UK and Norway)	
Fuel Poverty as an Outcome Measure: A Comparative Study of Energy Policies in Norway and the United Kingdom (Abstract).	376
L. Josephson (Denmark)	
Energy Planning in Denmark: Objectives, Results and Some Perspectives (Abstract).	377
J.K. Maxwell-Snape and M.J. Rowley (UK)	
Refuse-fired CHP Plant (Abstract).	378
R.P. Ravenscroft (UK)	
Boiler Innovations for Energy Savings (Abstract).	379
C.G. Rienks (The Netherlands)	
Constant Observation - The Keyword to Efficient Use of Energy (Abstract)	380
R. Waggott (UK)	
Electricity for Industrial Process Heating (Abstract).	381
W.H. Weening, C.J.H. Midden and T. Schmidt (The Netherlands)	
A Social Network Approach to Promote Energy Conservation in Neighbourhoods	383
