**SECTION 1 *Conceptual Understanding
and Adoption Challenges
of Circular Economy Practices***

Chapter 1 The Conceptual Model Framework for the Role of Human
Resources in the Adoption of the Circular Economy:
A Content Analysis Approach..... 3
*Priyanka Sihag, Aastha Dhoopar, Anil Kumar,
and Ashok Kumar Suhag*

Chapter 2 Closing Loops, Easing Strains: Industry 4.0’s Potential for
Overcoming Challenges of Circularity in Manufacturing
Environments 23
*Lucas López-Manuel, Fernando León-Mateos,
and Antonio Sartal*

Chapter 3 Reporting for New Business Models: The Challenge
to Support the Circular Economy..... 49
Elaine Conway

**SECTION 2 *Achieving Sustainability through
Circular Economy Practices***

Chapter 4 Sustainability Through Green Manufacturing Systems:
An Applied Approach 69
Mahender Singh Kaswan, Rajeev Rathi, and Ammar Vakharia

Chapter 5 Circular Economy: Assessing a Progress of Resources Efficient
Practices in Hotel Industry..... 89
Mudita Sinha and Leena N. Fukey

- Chapter 6** A Governance-Practice Framework for Remanufacturing
in the Indian Automobile Sector 119
Shikha Verma and Anukriti Dixit

SECTION 3 *Applications of Advanced Methods in the Adoption of Circular Economy Practices*

- Chapter 7** Fuzzy Global Criterion Method for Solving Multiobjective
Sustainable Supplier Selection Problem..... 139
Nurullah Umarusman
- Chapter 8** Sustainability and OEE Gains in Manufacturing Operations
Through TPM..... 173
*Mukesh Kumar, Vikas Kumar Choubey, Rahul S. Mor,
and Sarbjit Singh*
- Chapter 9** A Multi-Criteria Decision-Making Model for Agricultural
Machinery Selection..... 187
Ali Jahan, Alireza Panahandeh, and Hadi Lal Ghorbani

SECTION 4 *Circular Economy and Related Area Practices in Operations Management*

- Chapter 10** Challenges in Implementing Green Supply Chain
Management in SMEs: A Case Study of a South Korean
Company 209
Arvind Upadhyay and Jeagyung Seong
- Chapter 11** Drivers for Adoption of Green Logistics as a Means
to Achieve Circular Economy by Organized Retail Sector 221
R.A. Dakshina Murthy and Leena James
- Chapter 12** Framework for Sustainable Food Systems:
Holistic Mitigation and Adaptation 239
Sarika Yadav, Rahul S. Mor, and Simon Peter Nadeem

Chapter 13 Supply Chain Network Design Models for a Circular Economy: A Review and a Case Study Assessment 247

Sreejith Balasubramanian, Vinaya Shukla, Arvind Upadhyay, Mahshad Gharehdash, and Mahnoush Gharehdash

Index..... 267
