"Factory Physics for Managers is a proven path to flawless execution and results. Leading vs. following in our industry is predicated on the relentless pursuit of putting order to chaos. Factory Physics science and CSuite software have given our organization the ability to plan, predict, model, and execute based on explosive growth and rapid-fire, dynamic changes to our business model. In our case, history is not a good predictor of the future, so we need to deploy our resources wisely, and the Factory Physics approach has helped us do just that."

—Larry Doerr, COO, Stratasys

"Shows how the science behind Lean initiatives can greatly improve results in terms of productivity and resources."

—Bill Fierle, Vice President and General Manager, TopWorx, Emerson
