Preface	9
1 Objectives and methodology of the monograph	11
1.1 Main and partial goals of the research survey	11
1.2 Main research tasks	11
1.3 Research methods	12
1.4 Main research questions	13
1.5 Research hypotheses	14
1.5.1 Descriptive statistics	16
1.5.2 Methods of statistical induction	16
1.6 Research sample	17
1.7 Conceptual research scheme	21
2 The importance of the issue of shopping behavior	23
2.1 Definition of shopping behavior	23
2.2 Decision-making process of consumer	30
2.3 Consumer satisfaction and loyalty	33
3 Online shopping behavior in the data	35
3.1 The importance of online shopping behavior	35
3.2 Statistics of online shopping and segment of purchased goods	37
3.3 Online shopping via mobile devices	40
3.4 Motivations for online shopping and sales promotion	42
3.5 Online shopping across generational cohorts	43
3.6 Frequency of online purchases and spending of generational cohorts in the Czech Republic	50
3.7 Online shopping with an impulsive tendency	51
3.8 Determinants influencing consumers when shopping online	51
3.8.1 Identified determinants of online shopping behavior	54
3.9 Models of online shopping behavior	56
4 Online shopping behavior in times of COVID-19 crisis	63
4.1 Situation overview: the COVID-19 crisis	64
4.2 The impact of the COVID-19 crisis on shopping behavior	67
5 Research survey	77
5.1 Basic characteristics of the research sample	78
5.2 Hypotheses verification	89
5.2.1 Changes in online shopping behavior before and during the COVID-19 crisis	91
5.2.2 Consequences of COVID-19 crisis on online shopping	95
5.2.3 Frequency of online purchases before and during the COVID-19 crisis	99
5.2.4 Percentage volume of online purchases before and during the COVID-19 crisis	103
5.2.5 Volume of spending on online purchases before and during the COVID-19 crisis	107
5.2.6 Frequency of purchased assortments of online goods and services before and during the COVID-19 crisis	111

5.2.7	Importance of factors affecting the online assortment selection before and during the COVID-19 crisis	116
5.2.8	The order of preference to shop online before buying in a stone store before and during the COVID-19 crisis	119
5.2.9	Importance of determinants of online shopping behavior before and during the COVID-19 crisis	124
5.3	Summary of the research results	129
5.3.1	Main findings from the research	129
5.3.2	Conclusions from the hypothesis verification	131
6	Discussion	137
	Summary	143
	References	149
	List of Tables	161
	List of Figures	163
	List of Appendix	165
