6 Strategy 65

Swarm Intelligence **65**

The Role of Strategy **66**

Anchor Strategy on Your Customer, Not Your Competition **67**

Determine “Where to Play” by Looking at Your Market Differently (the D-3 Model) **68**

“How to Win”: View Your Transformation as a Portfolio of Moves **71**

Build “Your” Capabilities: The Partner Ecosystem **73**

Bringing Products to Market: The Elusive Product-Market Fit **75**

7 Product 77

Operating in Constant Beta **77**

The Relentless Hunt for Value **79**

The Inconvenient Truths of Product **79**

The Forces of Change in Product **81**

Agile, Lean, and DevOps **82**

Banking Case Study: Transforming Product **85**

8 Experience 89

Everything in Your Business Contributes to Your Customer

Experience **89**

What Is Experience, Anyway? **90**

Orienting to the Customer **93**

Brand Is the Experience and Experience Is the Brand **95**

Data and Computation **100**

What Makes a Great Experience? LEAD (Light, Ethical, Accessible, Dataful) **104**

9 Engineering 107

Technology as a Cost Center to Technology as a Value-driver **108**

Spaghetti Tech: The Layers of Enterprise IT **110**

Moore’s Law **110**

Legacy Technology **111**

The Impact of Product and Rise of Engineering **112**

Technology and Engineering **114**

Architecture: Cloud **115**

Microservices **116**

Ways of Working: Agile, Lean, DevOps **118**

Engineers **119**

Automation **120**

It’s All About the Talent **120**

10 Data 123Data as an Asset **125**Getting Started with Data **126**Utility: How Do You Get Useful Data on the Right Audience? **128**Data Architecture: Is the Data in a Format and Structure That Are Accessible? **130**Data Science and Artificial Intelligence **131**Designing for Data: How Do You Design Your Products, Services, and Experiences to Collect Data? **133**Ethics: How Does Becoming Data-led Impact Your Ethical Responsibility? **133****11 Leading a Gryphon Organization 137**Learning to Think Differently **138**Characteristics of a Gryphon Organization **140****Section 3 HOW 147****12 Components of Successful Digital Business Transformations 149**1. Always Remember the Ultimate Goals of Digital Business Transformations (the DBT BHAGs) **149**2. Align the Team Around a Shared Vision **150**3. Get C-level Buy-In **151**4. Anchor in Outcomes **151**5. Seize Your Quick Wins and Communicate **152**6. Move Fast **153**7. Be Thoughtful About Your Governance Choices **154**8. Choose Partners Who Will Co-create and Are a Fit for Your Team **155**9. Keep Your Teams Small and Cross-functional **156**10. Consider New Approaches to Funding That Match the Way Projects Work **157****13 What Transformation Journeys Actually Look Like 159**They Are Never a Straight Line **159**They Require Treating Digital as More than a Channel **161**They Are Almost Always Driven by Uncertainty **163**Without a Clear Vision, Functions Get Disconnected Fast **165**The Many Paths to Transformation **166**

14 The Beginning 169

 Why There Is No “End” **169**

 Where Do We Go from Here? **170**

 What’s in Your Digital Moat? **173**

 What Are You Building? **173**

 Everyday Superheroes **174**
